**'American-Asian Relations' Is Topic Of Gavel Club Discussion Tonight**

The Gavel Club is sponsoring an informal discussion series involving cross-cultural communication between international and domestic students to help students improve speaking abilities. Chairman Gary Rapp, senior from Galveston, said the discussion series will "deal generally with international relations and aspects of life" in the countries represented at the bi-weekly sessions. Each session will discuss a particular world region. The first will be Asia. Sayeed Hasan of Dacca, East Pakistan, vice chairman, pointed out discussion groups will be small enough so that each student will have an opportunity to participate and expand his knowledge and understanding of the many

**Sirhan Called Schizophrenic**

LOS ANGELES (AP)—Sirhan Bishara Sirhan tried to tailor his account of Sen. Robert F. Kennedy's assassination with an eye toward self-preservation, the state suggested Wednesday. The defense's star psychiatric witness, Dr. Bernard Diamond, replied "No." Diamond is a professor of law, psychiatry and criminology at the University of California. He has described Sirhan as a computerized killer who subconsciously programmed himself for the assassination because he considered

Kennedy pro-Israel. DEPUTY DIST. Atty. Fitts led up to his questioning by citing Sirhan's presence at the Ambassador Hotel assassination scene two days before Kennedy's June 5, 1968, shooting. Also, Fitts said, Sirhan practiced rapid firing at a target range a few hours before he put three bullets into Kennedy, who was campaigning for the Democratic presidential nomination. In each case, Fitts said, Sirhan tried to get around what might be construed as premeditation by initially denying the testimony of state witnesses. "SIRHAN has an enormous schizophrenic preoccupation with details," Diamond said. "Sirhan seizes on individual items in his behavior, not of others, and makes a great to-do about his being right and others wrong. I can't accept this as part of his legal strategy." Sirhan is on trial for his life and the chief element of the first degree murder charge against him is that he premeditated Kennedy's death. The defendant appeared deeply disturbed by suggestions that he had lied. His lips on occasions formed obscenities in Fitts's direction.

**A&M Exes Receive New Rank, Awards**

New rank and decorations have been pinned on three A&M graduates serving in the U. S. Army. Promoted to lieutenant colonel at Fort Leavenworth was Danny J. Burkard of Rowlett, 1955 graduate in animal husbandry. The Command and General Staff College student was a cadet major and 1st Battalion executive officer in the corps. First Lt. Phillip W. Coonrod of Laredo received the Bronze Star for service as an air observer with the Capital Military Assistance Command artillery section, located near Saigon. He studied physics and completed A&M work in 1963.

Pfc. Michael E. Keller of Mason, rifleman in the 8th Infantry near Pleiku, received the Combat Infantryman Badge, awarded front-line soldiers for sustained ground contact against the enemy. Keller majored in veterinary science and received his degree at A&M in 1966.

**Faculty Refuses To Aid SDS Bid For Austin Meet**

AUSTIN (AP)—Efforts of Students for a Democratic Society to overturn a University of Texas administration order banning an SDS meeting on campus this weekend failed to get faculty support Wednesday. Faculty members, by a 285-176 vote, refused to support SDS efforts and instead approved a resolution expressing gratitude to all parties involved in the dispute for taking their disagreements to the courts. University President Norman Hackerman ruled last week that a meeting of the National Council of SDS could not be held in the student union. Federal Dist. Judge Jack Roberts upheld his decision. The SDS appealed to the Fifth Court of Circuit Appeals in New Orleans and a decision was expected today. The city of Austin also refused the use of an auditorium to the SDS group.
