We all take pride in Texas A&M for the unique university that it is. Uniqueness, in that outsiders are impressed with the aggressive friendliness, and clean cut look of its students. I believe we have overlooked things around us and that stricter rules should be followed as to neatness of appearance and student activities. The rights of the whole student body, rather than the interest of a few will be sought after vigorously. A&M must keep its high standards and continue to raise them, rather than be caught in the violent demonstrations, sloppiness, and atheistic attitudes of our times.

It has been said that athletes do not participate and are not willing to enter into politics of the university. I say that I have been conditioned both mentally and physically and am willing to stand up for what I believe.

Candidate for Student Senate President
Jimmy Adams —Adv.

Make the Most of Your Summer . . . at SMU

If you want to lighten your load next year . . . or get your degree a semester sooner . . . or broaden your education with electives you haven't found time for . . . SMU offers you many opportunities this summer.

- TWO SIX-WEEK SUMMER TERMS** make it possible to earn a full year's credit in any two of many subjects offered. Dual terms provide the option of dividing the summer between study and vacation or taking twice as many courses.
- UNDERGRADUATES FROM OTHER SCHOOLS** may register for SMU's summer sessions by submitting a statement of good standing from their institution and filing an application for summer only. No application fee is required of these students.
- A WIDE VARIETY OF COURSES** will be offered at both undergraduate and graduate levels. Offerings in the humanities and sciences span the catalogue from anthropology to statistics; in business administration, they range from accounting to quantitative analysis; in the arts, the variety includes subjects from modern drama to speech pathology. Courses also are scheduled in engineering, law, and theology.
- REGISTRATION** is scheduled for May 31, and July 12. Classes begin June 2, and July 14.
- DALLAS IN THE SUMMER** offers a wide choice of cultural events, entertainment, and recreation to make your summer at SMU a productive and enjoyable study-vacation experience.
- FOR FURTHER INFORMATION**, write the Dean of Summer Sessions, SMU, Dallas, 75222.

Stallings Splits Squad

By RICHARD CAMPBELL
"We've divided them up, even in the dining room, so that a good rivalry will be assured Saturday on Kyle Field."
Coach Gene Stallings had this to say at his weekly press conference Monday in the Letterman's Lounge in G. Rollie White Coliseum.

He was referring, of course, to the division of the Aggie football team for the annual Maroon-White game scheduled for 2:30 p.m. Saturday. With the possibility of many sophomores manning starting posts for the Aggies in the fall, Stallings will view the scrimmage like a real game.

"I have a pretty good idea right now who will start in the fall," he said. "But I'll have a better idea after the game Saturday afternoon."

The question of spring progress came up and Stallings said that "we have gotten quite a bit done this spring. We have had 15 good practices and I think that we'll have a good game without a lot of injuries."

Stallings singled out several players for their individual performances in Saturday's scrimmage, which was marked by a good team effort. Both Rocky Self and Jimmy Sheffield played well at the quarterback slot while Leonard Forey, Andy Philley, Rusty Stallings, Jack Kovar, Mike Parker, and Mike Fields were all praised for their line blocking.

"I also thought that Buster Adami and Ross Brupbacher played well," the Aggie coach added.

Stallings also mentioned the possibility that Mike DeNiro, an all-SWC defensive end last year as a sophomore, could be moved to linebacker. He added that the good play of his sophomore-to-be James Dubcak, 6-6, 220-pounder from Giddings, prompted consideration of the move.

Here are the divisions of the teams for Saturday's game:

MAROON OFFENSE
WE—Phil Adams, WT—Randy Maddox, WG—Jim Parker, C—Mike Stinson, SG—Robin Davis, ST—Andy Philley, SE—Billy Bob Barnett, QB—Jimmy Sheffield, TB—Gary Armbrister, FB—Marc Black, and WB—Barney Harris.

MAROON DEFENSE
LE—Tom Evans, LG—Lynn Od-

om, RG—Barb Hinnant, RE—Wayne Wheat, LLB—Clifford Thomas, MLB—Mike Caswell, RLB—Andy Tewell, LHB—Edwin Ebrum, SS—David Hoot, FS—Mike Bunger, and RHB—Johnny Gardner.

WHITE OFFENSE
WE—Tom Sooy, WT—Allan Hansen, WG—Leonard Forey, C—Jack Kovar, SG—Mike Fields, ST—Joe Shaw, SE—Ross Brupbacher, QB—Rocky Self, TB—Steve Burks, FB—Doug Neill, and WB—Billy Joe Polasek.

WHITE DEFENSE
LE—Jim Piper, LG—Leonard Millsap, RG—Van Odom, RE—James Dubcak, LLB—Buster Adami, MLB—Mike Lord, RLB—Steve Luebbehusen, LHB—Pat Willis, SS—Lynn Fister, FS—Dave Elmendorf, and RHB—Corky Sheffield.

Depth Spells Doom For Ag Tracksters

Although expected to bid strongly for the Southwest Conference track title, the Texas Aggies found the going rough in sun-drenched Waco Friday and Saturday as they dropped to third place behind the Texas Longhorns and Rice Owls.

The Longhorns won only two events, but their depth paid off in dividends as they totaled 62 points to 49 for Rice and 47 for the Aggies.

Rockie Woods and Curtis Mills, the sophomore workhorses for the Ags, lived up to their pre-meet expectations but unfortunately their success was marked by quality instead of quantity. Coach Charlie Thomas' super sophs accounted for two individual and one team first place finish. Each was entered in four events and seemed to tire as the meet progressed.

Woods, the top point getter in the meet with 14½, started the show in grand style in the 440 relay by taking the baton four yards behind Rice's anchorman Dale Bernauer and catching him and nipping him at the tape for the Aggies' fastest time of the year, a 40.3. Mills then added the next Aggie points with a brilliant 45.9 in the 440-yard dash to beat Texas' Dave Morton for the fourth time this season. Morton was timed in 46.0.

A&M also picked up a first in the 100-yard dash with Woods winning easily over a fast field in 9.4. The Aggies seemed on their way at this point in the meet trailing Rice by one point.

But the Longhorns then began their long uphill trek with an outstanding performance in the

880-yard dash. Senior David Martina turned in a 1:45.1 for a first place while Mike Mosley crept into second with a 1:48.3 and John Robertson took fifth in 1:51.9.

The real turning point for the Aggies came later in the 220-yard dash when both Mills and Woods, now tired from their previous efforts, failed to give the Aggies the points they had counted on. Woods, started slowly but turned in his best time of the season, a 20.9, but had to settle for third behind Ronnie Allen (20.7) and Rice's Dale Bernauer (20.8). Mills failed to place.

In the shot put, Randy Nichols of Texas was the big surprise finishing second to SMU's Sam Walker with a toss of 58-3½, more than two feet farther than his previous best. A&M's Ronnie Lightfoot, hampered by an injured wrist, placed fourth with a throw of 56-9¼. He had won the discus title Friday.

Other point producers for the Aggies were John Taylor, a fifth in the high jump with a leap of 6-6; Larry McIntyre, a tie for second in the pole vault at 15-0; Jack Abbott, a fourth in the 120 hurdles; Deward Strong, a third in the 120 hurdles and a third in the 440-yard hurdles; Scott Hendricks, a fifth in the 100; and Woods, a second place in the 120 hurdles.

HOW IT FIGURES:

Interesting statistics, right? Look at them one way, and you get 96. Look at them another way . . . long enough . . . and what you're likely to get is married. From that point on, you multiply. So do your responsibilities.

It pays to plan for responsibilities. You can do this now by investing in a life insurance program that can provide the foundation for a sound financial structure. The earlier you start, the less it costs, and the more security you'll have a chance to build.

Stop by our office today. Or give us a call, and let's talk about subtracting something from your life: financial worry.

Graduate Aggie Civil Engineer Employer

Needs man with Civil Engineering background for work as Land Surveyor and Engineer.

Work is around Uranium Fields, Development & Mining. Oil Fields and all types of Land Surveying. Also, experimental work with methods of finding oil. Have a good broad field of activity in Southwest Texas.

Would be necessary for man to live in Three Rivers, a town of 2000. It is claimed that most millionaires are developed in towns of population under 3500. (see "Acres of Diamonds") Prefer to have married man, tho that not absolutely essential for right man.

Applicant needs strong aptitude for accurate action and knack for getting things done. With those qualifications one can be quickly trained. But a man who has had some experience which has proved what he can do, and knows what he wants will be preferred. This work involves Field and Office work, such as being able to put into a map that which has been done in the field. It is essential that a man be able to handle responsibility. Men generally work for me for 15 to 20 years and longer.

Salary & age open, both being related to experience and potential. Also, I could use an office man who has handled drafting details, etc., such as in surveying and engineering office.

Please send the usual requirements; college trans-script, past experience in employment, extra-curricular activities, and small photo, if available.

Write to: Earl A. Dillon, CE'28, P. O. Box 302, Three Rivers, Texas 78071
