We are what we think all day long. Never underestimate the power of your thoughts. They are tremendously influential in molding character and action. They are, in truth, the parents of our behavior. Disposition and personality - even character - will very largely be determined by the thoughts we welcome

to our minds each day. Since it is true that a soul is dyed the color of its thoughts, it is imperative that everyone be given guidance in thinking

about truths and values that are noble and eternal. The Church stands in your community to help you and your children. Worship this week in your church, and find the

joy that comes when life is centered upon values that last. Scriptures selected by the American Bible Society
