

# Reagan Gets New Life

Austin Reagan's chances to get a shot at its third consecutive Class AAA Texas schoolboy football title were given a big boost Thursday night when Austin McCallum, which ended Reagan's 35-game winning streak, was beaten.

Austin Johnston downed McCallum 10-3 in the Dist. 27-AAAA battle to set up tonight's struggle between Austin Reagan and Austin Austin. If Reagan should defeat Austin, it could advance to the state playoffs with a victory next week over Austin Anderson.

Abilene Cooper, the top-ranked AAAA club, is at Midland tonight in another important AAAA tussle. Second-ranked

Houston Kashmere meets Houston Reagan while third-ranked Amarillo Palo Duro doesn't play. It originally had been scheduled to meet Amarillo, but both clubs won their zones in Dist 3 and will meet in the playoffs. School officials decided that since the teams will meet again Nov. 14 there was no need to play the scheduled regular season game tonight.

In Class AAA, top-ranked Houston Elmore hosts Humble while second-ranked Lubbock Estacado knocked off San Angelo Lake View 69-12 Thursday night.

The No. 1 ranked Class AA club, Lufkin Dunbar, is at Rusk tonight while second-ranked Iowa

Park hosts Wuanah.

A top match in Class A features third-ranked Seagraves meeting fourth-ranked Coahoma. Top-ranked White Oak hosts Sabine while second-rated Poth is at Stockdale.

Bruce McLaren, John Surtees, Jack Brabham, Dan Gurney, and many others.

But that's just a drop in the bucket because the point fund for the leading 10 drivers in the Can-Am series is \$200,000 with \$50,000 for the winner and \$35,000 for the runnerup.

Manufacturers of racing products have sweetened the pot by approximately \$300,000 for the tour which has lured record crowds and produced record times at most of the 10 other stops.

In the sport of racing, the driver is only as good as his machine and these cars are out of sight. They're full-fendered, two seaters with no limit on the power plants under the hoods. Some of these exotic machines can turn 650 horsepower and most of them are equipped with aerofoil wings and fuel injection.

Racings fans will see Lolas, Ferraris, McLarens, McKees, Porsches—just about every type. Most can accelerate to 100 miles per hour in less than ten seconds and brake to a complete stop on a postage stamp.

Racing fans will be treated to some of the best seats anywhere for the race with 26,000 seats in the main grandstand, which stretches for about a half a mile in front of the start-finish line.

Those brave spectators who want to be right on top of the action can watch from the infield, where there is room for 75,000 spectators and their autos.

The main reason that the Bryan-College Station area was chosen as the site for the speedway was its central location and easy access by both competitors and spectators.

Located almost equally distant from the major cities of Houston, Dallas, San Antonio, Fort Worth and Austin, the site is ac-
