

At Flight Mechanics Laboratory Renovation Nearing Completion

Work on subsonic flight aircraft dynamics projects will be carried on in renovated quarters at the University after early February.

The Flight Mechanics Laboratory at the A&M Research Annex is under renovation with completion due Feb. 1, according to A&M construction manager Harold Carter.

Offices, workshops and a conference room are being built and the annex aircraft hangar is being rewired and equipped for lighting and heating. Contractor is B-W Construction Co. of Bryan.

Directed by Howard L. Chevalier of the Aerospace Engineering Department, the laboratory provides facilities for research on a variety of subsonic flight research projects, currently operated through Project Themis.

A Piper PA-18, Beechcraft T-34B and Gruman Ag Cat, all single-engine aircraft, furnish flight capability. A fourth plane, a twin-engine Beechcraft C-45, is being restored to airworthy condition. They are flown off the annex's 7,000-foot and two 5,000-foot concrete runways.

Lab facilities also include air-

to-ground communication, a telemetering system, machine shop for fabrication of test equipment and aircraft parts and areas for static tests of aircraft power plants.

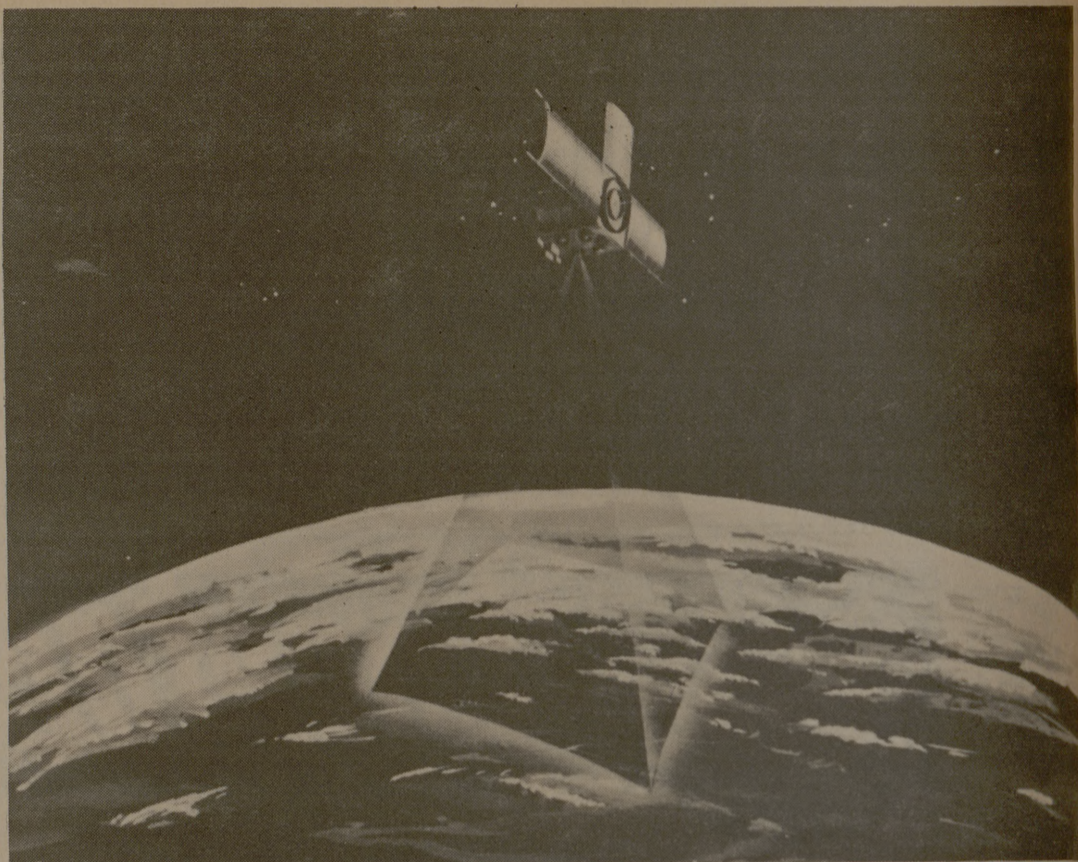

Current flight test programs include experimental study of aircraft response characteristics to atmospheric turbulence, lateral-directional stability response and a spoiler system for stall-spin prevention.

Work is conducted under Chevalier's supervision by six personnel. They include Jim Savage, a full-time graduate student and

four part-time employees who are students and a cooperative student.

Chevalier noted Doug Pearson, an undergraduate who will complete degree work in January, will stay on as a permanent employee and pilot.

THEIR LEADER'S VOICE
BOMBAY, India (AP)—Citizens of Bombay can hear the voice of Mohandas K. Gandhi, the father of independent India, by dialing 172. The special telephone recording was set up to help mark the Gandhi Centenary year.

DAY-NIGHT WEATHER EYE
Artist's concept of NASA's new weather satellite, TIROS-M, shows how a weather eye will take nighttime (infrared) cloud cover pictures. The 683-pound satellite is scheduled for launching from Western Test Range in Lompoc, Calif., about Jan. 13. Previous weather satellites have been restricted to daytime photography. (AP Wirephoto)

Regalia for the January 1970 Commencement Exercise
All students who are candidates for the degree of Doctor of Philosophy or Doctor of Education are required to order hoods as well as the Doctor's caps and gowns. The hoods are to be left at the University Exchange Store for delivery by a representative of the Exchange Store to the Registrar's Office no later than 1:00 p. m. Tuesday, January 13. The Ph.D. or D.Ed. hoods will not be worn in the procession since all such candidates will be hooded on the stage part of the ceremony. Candidates for the Master's Degree will wear the cap and gown; all civilian students who are candidates for the Bachelor's Degree will wear the cap and gown; ROTC students who are candidates for the Bachelor's Degree will wear the appropriate uniform. All military personnel who are candidates for the degrees, graduate or undergraduate, will wear the uniform only. Rental of cap, gown, and hood for the Ph.D. candidate should be arranged with the Exchange Store by January 5, 1970, Monday, December 15, and 5:00 p. m., Friday, December 19. Only Doctor's caps, gowns, and hoods will be available on a rental basis. The Master's and Bachelor's caps and gowns may be purchased at The Exchange Store after January 5, 1970. Rental fees and sale prices are as follows:
Doctor's Cap and Gown (rental) \$7.54
Doctor's Hood (rental) \$7.54
Master's Cap and Gown (sale) 7.04
Bachelor's Cap and Gown (sale) 6.34
All prices include sales tax. Payment is required at the time of placing the order.
C. W. Landiss, Chairman
Convocation Committee 48112

Registration Procedures for the Department of Wildlife Science
All students who are candidates for the degree of Wildlife Science will report to their freshman advisor (exceptions are transfers from another school or from another department). Students with more than 60 hours or transfers from another school or another department will consult either Dr. Strawn (Final Exam Option) or Dr. Arnold (Wildlife Option). Graduate students will consult their appropriate advisor. ALL FINAL EXAM REQUESTS MUST BE SIGNED BY EITHER DR. STRAWN OR DR. ARNOLD. Appointments for Dr. Arnold may be made at the desk of the Departmental Secretary (Mrs. Karen Thorn).

Halt of Prosecution Sought In UT Chuckwagon Incident

AUSTIN (AP)—A suit has been filed to halt prosecution of 21 persons indicted in the Nov. 10 Chuckwagon incident at the University of Texas at Austin.

David Pratt, a graduate student, and other members of the faculty body filed the suit Tuesday against Dist. Atty. Bob Smith, asking a state district court to enjoin Smith from prosecuting the defendants.

Only 19 of the 21 persons charged in sealed indictments have been arrested.

The plaintiffs told a news conference they sued "on the grounds

that the statutes are unconstitutional, and the manner in which they were applied is unconstitutional.

"We consider these indictments to be a form of violent intimidation with the intent to silence, and they were being used 1, to make people afraid of being politically active, and 2, to divert our attention and energy from the community."

The grand jury returned indictments charging destruction of property values at more than \$50, a felony. The indictments were drawn up under a law making any

person participating in a riot subject to prosecution for any felony committed during the riot.

Police tires were slashed as officers cleared out the Chuckwagon cafeteria in the university's Union Building after protesters refused to leave.

The protestors were demonstrating against a new rule forbidding use of the Chuckwagon by anyone except students and faculty. Two juvenile officers were jostled by a crowd Nov. 4 after they arrested an 11-year-old runaway girl in the cafeteria.

Sophomore Ball Plans Told Stark Selected Adviser to Alley Theatre

Two dances and the choosing of the Sophomore Sweetheart will highlight the sophomore weekend Feb. 13 and 14.

The Sophomore Ball will be Saturday night, Valentine's Day, in the east wing of Duncan Dining Hall, said John Sharp, sophomore class president. It will be a formal dance with the Count Down Five from Houston playing, he said.

The dance Friday night will be informal and in the DeWare Field House, Sharp said. A band hasn't been picked yet but it will be announced by the end of next week, he added.

The sweetheart will be chosen at the Ball Saturday night, Sharp said.

"Each applicant is interviewed by class officers and four other members of the sophomore council, chosen by myself," he said. "The ten finalists chosen will be presented to the sophomore class and the sweetheart picked."

Sharp said that anyone wishing to enter his girl in the contest may do so from now until Feb. 3.

"A 5 x 7 inch picture along with a full length snapshot of her must be presented to either me or Joe Kornegay," he said.

Sharp lives in dormitory 10, room 323 and his phone number is 845-2449. Kornegay lives in room 124 of Moore Hall and his phone number is 845-7457.

Dr. Kemler Installs Phi Zeta Chapter
Dr. A. G. Kemler, professor of veterinary anatomy in the College of Veterinary Medicine, has installed a new chapter of Phi Zeta at Kansas State University.

Dr. Kemler is national president of Phi Zeta, a national honor society for veterinary medicine students who rank in the upper 10 per cent of the second year, class or upper 25 per cent of the third year class.

The students must have at least a 3.25 grade point ratio in their entire veterinary curriculum through the preceding trimester to be eligible for election to the society.

Appointment of J. Wayne Stark has been appointed to the advisory board of Houston's Alley Theatre and elected to the board of a national concert managers organization.

Director of the Memorial Student Center, Stark was elected for a three-year term to the board of the Association of College and University Concert Managers at its 13th conference in New York.

The ACUCM is made up primarily of professors. Purpose of the conference was to review talent for the 1970-71 school year.

Appointment to the Alley Theater board was announced by President John H. Lindsey, 1944 A&M graduate and partner in a Houston insurance firm.

Other members of the advisory board include the New Zealand ambassador, head of KPRC-TV, Rice University's president, Mayor Louie Welch and the Prairie View A&M president.

Stark's appointment was for the coming year.

Alley Theater treasurer is E. L. (Pete) Wehner, 1941 A&M graduate and partner of Arthur Andersen and Co., Houston.

Aliens Reminded To Register

John W. Holland of the San Antonio Immigration and Naturalization Service has again reminded aliens to report their addresses during January.

Cards with which to make the reports are available at Post Offices and offices of the Immigration and Naturalization Service throughout the country. The reports must be submitted to one of those offices.

Parents or guardians submit reports for alien children under 14 years of age.

Holland urged all aliens to report before the end of January, as willful failure to do so may lead to serious penalties.
