

Winner Mike Lord Battles For Big Linebacking Post

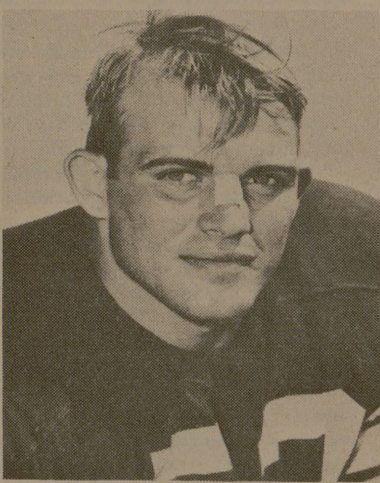

James Michael Lord, a native Texan who migrated to Louisiana and then returned to the Lone Star state, has a history of winning in athletics.

Right now he's primarily concerned with winning the middle linebacker's position as the Texas Aggies go through spring football drills.

Mike Lord is a one-year letterman who'll be playing his junior season for the Aggies next fall. He was born in Fort Worth where he lived some 10 years. Next he spent his junior high

days at San Antonio. From there his parents, Mr. and Mrs. James A. Lord, moved to Baton Rouge, La.

There, in the shadows of LSU, Mike developed into such a stand-out football player at Broadmoor High that he won all-district honors as a junior and schoolboy All-American honors as a senior.

MIKE LORD

Broadmoor won the AAA state title his junior year.

Mike was a two-way star, too. He played offensive fullback and tailback and defensive linebacker and safety. He also ran track and played the outfield in baseball. His baseball skill was recognized early as he played on the Northside Babe Ruth League championship team at San Antonio in 1964.

At Texas A&M, Lord was an outstanding rover on the unbeaten Fish team of 1968 and he saw a lot of duty on the varsity last season, as a rover and linebacker.

A sharp, smart performer, Lord has been calling defensive signals in A&M's early spring work. In the spring's first scrimmage he intercepted a pass and raced 25 yards for a touchdown, getting a key, clearing block from defensive guard Van Odom around the five-yard line.

At 6-0 and 202, Lord isn't an exceptionally large lad but he's wound tightly and is a contact football player.

OFFENSIVE BLOCKING—A red defender (right) pays a board blocking drill. The Aggies are in the middle of second week of spring practice. (Photo by Mike Wright)

Special Mile Will Be Run

An added attraction at Saturday night's quadrangular track and field meet at Kyle Field will be the "Masters Mile" that will be run just before the meet's final event, the mile relay.

In the "Masters Mile," there will be two divisions for men and an open division for females. For the men, there will be a division for those 25 to 35 years of age and another for those over 35. The one-division for females will have no age limits.

Entrants should check in at the registration desk on the infield of Kyle Field Saturday night. There will be no entry fee.

Each entrant will have to predict his running time for the mile and the winner will be the one who comes nearest his predicted time. In the event of a tie, the one with the fastest time will be the winner.

The Aggies, TCU, Rice and Arkansas will compete in the quadrangular meet. Field events will start at 6 p.m. and running events at 7 p.m.

Admission will be \$1 for adults and 50 cents for students in high school grades and lower. A&M students will be admitted on their activity tickets and A&M faculty-staff members will get in on football season book covers.

Teen Baseball Calls Meeting

An organizational meeting for Texas Teen-Age baseball (13-16 age group) has been set for 7 p.m. Thursday in the Brazos Room of First Bank and Trust in Bryan.

Marvin Tate, president of the Brazos Valley Youth Association for the Bryan-College Station area, called the meeting and urged all interested persons to attend.

"Election of officers will be one item of business," Tate said. "We'd like to have parents of potential players to attend and we'd also like to urge anyone interested in coaching or managing a team to be on hand."

Owls Near Title

The Rice Owls, having disposed of its three top pursuers, are on a collision course for a repeat of their 1969 championship performance in the Southwest Conference tennis standings with a 20-4 record.

The Owls lead second place SMU by 5 matches and have only to play Baylor 2-10 and Texas A&M 6-12 before being declared the official champion.

Rice was upset by the Mustangs when they tied 3-3 Monday but the Mustangs did not gain anything but prestige from that showing as they went in trailing by five and came out down by the same number.
