

Taking 2 aspirin will not cure the effects of your environment!

Taking time out to participate in Earth Day April 22nd may help though.

On April 22, over 1,200 colleges are going to observe National Earth Day with teach-ins on ecotactics. This is the book you'll want to consult—not only then, but for as long as the fight goes on!

How to stop them from polluting your world!

Here's the first book that tells you how to make war on the polluters. It's ECOTACTICS: The Sierra Club Handbook for Environment Activists with an introduction by Ralph Nader. It's a blueprint for direct action. For example:

- Who's who in the college conservation movement—how to apply their techniques.
- How to organize non-violent, direct actions against factories, supermarkets, department stores, the university, anti-conservation congressmen and others.
- Mistakes made and lessons learned in anti-pollution actions in Santa Cruz...Stanford...Washington, D.C.
- How to bring the war against pollution home to the "silent majority" in local communities.
- How to play the media game to help your ecology group get maximum coverage in campus publications and commercial media.

'Little' Cliff Bids For Halfback Slot

Replacing Larry Stegent, A&M's top running back the past two seasons, is one of the key concerns during the Aggies' spring football drills these days. Winning an offensive halfback's berth is the top concern for Clifford Thomas, a six-foot, 190-pound battler from Tahoka out in West Texas.

Clifford, better known as "Little Cliff" around Aggieland to distinguish him from Clifton "Big Cliff" Thomas, a 6-5, 234-pound linebacker from Tidehaven, was a great all-around athlete at Tahoka High.

He played halfback and line-backer and made all-district and

all-South Plains both ways. He also played basketball and ran in the intermediate hurdles and broad jumped in track.

When he came to A&M, he specialized as a linebacker on the 1968 Fish team that went unbeaten. He started out last spring at the same position but was later shifted to offense and played both tailback and fullback. This spring he is concentrating on the right halfback spot.

Little Cliff can run the 100 in 10-flat and he moves with balance and power when he has the football. He's known as a fierce competitor and that's what it'll take to eventually win the

starting halfback slots this coming season.

The son of Dr. and Mrs. C. S. Thomas of Tahoka, Cliff had a high school grade average of 91, was a member of the National Honor Society and president of the student council. He is a pre-vet medicine major at A&M and plans to become a veterinarian.

He only carried the football four times last season and gained nine yards while earning his letter as a sophomore.

But, with two more varsity seasons ahead, you can look for Little Cliff to make his presence felt in the Aggies' offensive back-field.

LITTLE CLIFF—Clifford Thomas is one of the top candidates in the Texas A&M spring drills for one of the starting halfback slots. He carried but four times last season but could see a lot more action when the Aggies open with Wichita State in the fall.

HARD-CHARGING LINE—Line coach Charlie Bradshaw (back left) and student assistant Harvey Aschenbeck check the firepower of the Aggie Maroon offensive line in the Wednesday session of the second week of spring training. The Aggies have a scrimmage tentatively scheduled for Saturday afternoon on Kyle Field. (Photo by Mike Wright)

Track Talent Will Abound

Track fans are in for a big night at Kyle Field Saturday when the Aggies entertain Rice, TCU and Arkansas in a quadrangular track and field meet.

The Southwest Conference's top sprinters, hurdlers, pole vaulters and relay teams will be on display in the meet that gets under way with field events at 6 p.m. and running events at 7 p.m.

The 100-yard dash, for example, will feature four runners who have been clocked at 9.6 this season. That foursome includes A&M's Marvin Mills and Rockie Woods and TCU's James Lester and Carl Mills.

The 120-yard high hurdles also will have a star-studded field. TCU's Larry McBryde has the season's top time of 14.0 but he'll be pushed by A&M's Rockie Woods, David Prince and Donny Rogers and Rice's Jack Faubion and Greg Gilliland.

Fans who like the pole vault should be elated about this meet as Rice has three who have cleared 16 feet. Dickie Phillips has made 16-7 1/4 while Dave Roberts and Larry Curtis have cleared 16-1.

The Aggies have a couple of 6-9 high jumpers in Marvin Taylor and Ben Greathouse. TCU's David Quisenberry and A&M's John Taylor have made 6-7.

Coach Charlie Thomas has announced that the Aggies will be going all-out Saturday night for points.

Rockie Woods will be in four events, the 100, 220, high hurdles and 440 relay.

Marvin Mills will run the 100 and legs on both the 440 and mile relay teams. Curtis Mills will run the 440 and on both relays. Donny Rogers will run the 100,

220 and high hurdles. David Prince will run both hurdles races. Don Kellar the top 440 hurdler in the SWC will run his specialty and also the mile relay. Harold McMahan will pole vault and run on the mile relay and Scotty Hendricks will run the 100, 220 and the opening leg of the 440 relay.

An added attraction will be the "Masters Mile," just before the mile relay. There will be two divisions for men, one for those 25 to 35 years of age and the other for those over 35. There will be one division for females with no age limits. The runners must predict their time for the mile before running. The one who comes nearest to his predicted time will be the winner.

Admission for the meet will be \$1 for adults and 50 cents for students of high school age and under. A&M students will be admitted on activity cards.

Apollo 13

(Continued from page 1)

continued to be the most critical supply. Griffin reported early today the spacemen had enough for only 19 hours beyond the planned landing time. There was plenty of drinking water.

The astronauts had a 30-hour margin in the lunar module oxygen supply and about 500 extra ampere hours in the lunar module electrical supply.

The spacemen had turned off most lights and they groped through the two darkened spacecrafts with flashlights. The command ship, which had become essentially a bedroom, had turned cold, with temperatures as low as 35 degrees.

Mural Track On The Move

Field event finals in Class A and C and qualifying heats in the 120-yard low hurdles and 880-yard relay will be held today at Kyle Field as the intramural track meet speeds into the back stretch.

Championships for all track events will be run Monday, April 20.

Qualifiers have been determined in the 100, 400, and 880 dashes

and 440 relay.

Bob McGee and Tom Van Horne led all qualifiers in the 100 with 10.4 times. Class B leader in the century dash was James Kelly of Company F-1 in 10.8. In the 440, Bill Larson clocked at 54.5 but three others ran it in 54.6 to indicate a close race in the finals. Dan Gear of Squadron 3 hit the quarter tape in 54.2 to lead Class B.

Law and Legett Halls posted the best 440 relay times, 45.8 and 46.3, respectively. Company E-2 was next with 47.4. In Class B, Squadron 3 turned in a 46 flat top time.

Champions in all Class B field events are:

Shot put, Odis Anthony, Squadron 10, 44-11; high jump, (tie) Russell McInturf, Squadron 1, and Paul Rider, Squadron 6, 5-9 (one miss each), and long jump, Tom Harper, Squadron 11, 19-0.

Company F-2 won the Class B softball championship by defeating Squadron 2. Squadron 3 and Company I-1 tied for third.

In overall Class B standings, Company K-1 holds a five-point lead over Squadron 3 and Company F-1, with only track and swimming incomplete.

WEATHER

Friday — Cloudy in morning, partly cloudy in afternoon. Southerly winds 10-15 mph. High 84 degrees, low 70 degrees.

INDIVIDUALS

MAKE UP THE FIFTH WHEEL!

Candidates in the FIFTH WHEEL are United by one Philosophy—

"EVERY SINGLE ENROLLED STUDENT AT TEXAS A&M SHOULD BE REPRESENTED BY STUDENT GOVERNMENT."

JUDGE EACH CANDIDATE ON HIS OWN BELIEFS. WHY NOT ASK THEM WHAT THEY THINK?

- KENT CAPERTON for Pres. 845-5780
- ROGER MILLER for V.-P. 845-3566
- KIRBY BROWN for Issues 845-5666
- MIKE VAN BAVEL for P.R. Ch. 845-3660
- JIMMY ALEXANDER for Treas. 845-2357
- ALLAN GILES for Parl. 845-1239
- JOHN SHARP for Life Ch. 845-7358
- GENE FISHER Yell Leader '71 845-4406
- DON MAURO Yell Leader '71 845-6380
- MIKE MCMEANS Yell Leader '71 845-2266
- DAVID GORCYA Yell Leader '72 845-4658
- AL BRADLEY for Jr. Pres. 845-6180
- NICK JIEA for Soph. Pres. 845-2685
- RIC RAU for Sr. Eng. 845-3185
- KIRK HAWKINS for Jr. Liberal Arts 845-4204
- CARL OLSEN for Jr. Social Sec. 845-2494
- MARY HANAK for Jr. V.-P. 822-2607
