

# A GREAT PARTNERSHIP

## CITY NATIONAL BANK & YOU

Choosing your banking partner while you are attending Texas A&M is extremely important. Students discover that, as a matter of convenience, a checking account with a local bank is a necessity.

City National Bank believes that this selection should be made very carefully, considering all factors. For instance, CNB might not be the NEAREST bank to A&M, but when it comes to the type banking relationship you had with your home town bank, it will be the NEAREST to that.

Listed below are some of the reasons your banking partnership should be with City National:

- \* **STUDENT LOANS** - We participate in the low interest loan program.
- \* **OVERDRAFT PRIVILEGES** - Not encouraged, but provided should the need arise.
- \* **BANK-BY-MAIL** - We pay all postage.
- \* **FREE** - 200 personalized checks.

Complete the form below and City National assures you that your banking partnership is in good hands leaving you free to concentrate on the many other pressing activities in which you will be engaged during your first few days at A&M.
