

HENRI DE MONSEQUO, left, and Bill Marden of the Texas A&M Polo Club fight for position on the ball during an intrasquad game of the club last spring. The club will hold its first meeting of the year Thursday at 7 p. m. in room 203 of the Animal Sciences Building, according to Loz Spargo, club president. The meeting will be organizational Spargo said. No horses, equipment or experience in polo are necessary to join the club, he emphasized.

Wichita scouting report . . .

Defense strength of young 'Shockers

By MIKE STEPHENS
Battalion Sports Writer

The Shockers of Wichita State University will be opening their season Saturday night with the Aggies at 7:30 p.m. on Kyle Field with the confident promises of head coach Ben Wilson pushing them.

Attempting to improve their 2-8 record of last year, Wilson will be fielding a youthful but optimistic team.

"We have plenty of room to improve and we're going to do it," Wilson says.

Wilson and his staff have been pleased with workouts so far, although there is a need for improvement, they believe.

"We will have to improve and continue to work hard if we intend to beat Texas A&M," he says.

But Wilson says that we're "still 50 percent improved over a year ago at this time."

Wilson believes the defense is the strong point of the team. Led by the experienced linebackers, the defense will probably allow even fewer points this year.

Potential All-American John Hoheisel, 6-4, 215-pounds, will be the team captain of the "Gold Fever Gang." He is the middle linebacker, with 5-10, 200-pound Steve Moore and 5-11, 197-pound

Glenn Kostal controlling the sides.

Leading the offense will be the speedy Randy Jackson as fullback and returning quarterback Bob Renner.

Jackson averaged six yards a carry last season. The 6-0, 205-pounder sprinted for three touchdowns and 240 yards in the spring game for the Shockers.

Renner totaled 768 yards in offense as a sophomore last year. He also averaged 40 yards a punt last season.

Others to watch will be Gene Robinson, a 9.5 sprinter, at split end. Also, Kim Cocklin at center and Marvin Brown, tailback, both sophomores.

With 22 returning lettermen, including 10 starters, Wilson does have reasons for hoping for an improved year. With the newly invented "poly-turf" on their home field and the winning attitude of the players instilled by Wilson, Wichita State could be the most improved team in the Missouri Valley Conference this season.

The Shockers are about to display their improvement against the Aggies on Kyle Field Saturday night.

Stallings displeased with Aggie work

Coach Gene Stallings was highly displeased with the way his Texas Aggies worked in Tuesday's practice.

"I know we didn't get any better. We didn't improve one ounce today and that's all I'm going to say about it."

Stallings probably was thinking ahead to Saturday night's opening battle with Wichita State at Kyle Field. The Shockers present a big, veteran defensive unit, one that averages 218 among the front four and 212 among the three linebackers.

The Aggies drilled on various phases of play Tuesday in hot humid weather. "Oh, it was hot," Stallings said, "but it wasn't that hot."

A crowd of around 35,000 is anticipated for Saturday's 7:30 p.m. kickoff in the storied old A&M stadium that has a brand new look now with an AstroTurf football field surrounded by a tartan track.

New injury rule proposed by TMA

AUSTIN (AP) — A rule to give injured football players more protection has been proposed by a committee of the Texas medical Association.

It would require any player who "receives an injury to the head, neck, trunk, or lower extremities" to be carried off the field on a litter.
