

Irish face the toughest

By THE ASSOCIATED PRESS
Give Notre Dame another few weeks and the Irish will be able to put out their own rankings on the country's best teams after having played most of those rated in The Associated Press' college basketball poll.

The Irish, by design, have come up with perhaps the toughest schedule in the country this season and still managed to place ninth in this week's AP major college ratings.

With South Carolina, Kentucky and Indiana behind them, the Irish met second-ranked Marquette Tuesday night with top-ranked UCLA coming up Jan. 23 and No. 13 Villanova and No. 14 Fordham scheduled in February.

"It's a little frightening," admitted Notre Dame coach Johnny Dee. "We could lose 4-5 in a row and be left out in the cold."

Notre Dame, before the Marquette game, had a 6-2 mark, including a victory over Kentucky, which was eighth at the time and stood 10th this week.

The Irish also defeated Indi-

ana, eighth then and now 11th, and lost to South Carolina, second at the time and now dropped to sixth this week after three losses in four games.

Of course, a victory over Marquette, which moved from third to second with two first place votes and 547 points, would greatly boost Notre Dame's stock. And a triumph over UCLA, which got the other 30 top votes for 632 points to remain entrenched at the top, would do wonders for the Irish.

"We could have three losses and not even make the top twenty," Dee said.

"We think we should be No. 1, and if you think you're No. 1 you should be playing the best. Year after year we try to make the best schedule. We'd like to play the 26 top teams in a pre-season poll if we could."

Among those teams that Dee missed were Southern California, No. 3; Penn, No. 4, and Western Kentucky, No. 5, all up one place from last week. Jacksonville, No. 7, and Kansas, No. 8, both marking time from last week, completed the first 10 clubs.

The only newcomer was Ken-

tucky, which replaced St. Bonaventure. The Bonnies dropped from 10th to 12th.

In the second 10, Memphis State, No. 19, and Oregon, No. 20, are the newcomers, replacing Drake, 16th last week, and Purdue, 19th. The other teams are No. 15 North Carolina, No. 16 Louisville, No. 17 Utah State and No. 18 Tennessee.

Here are the Top 20 major college basketball teams, total points on a 20-18-16-14-12-10-9-8 etc. basis with first place votes in parentheses:

1. UCLA (30) 632
2. Marquette (2) 547
3. Southern California 509
4. Pennsylvania 405
5. Western Kentucky 373
6. South Carolina 258
7. Jacksonville 254
8. Kansas 217
9. Notre Dame 184
10. Kentucky 180
11. Indiana 141
12. St. Bonaventure 82
13. Villanova 78
14. Fordham 77
15. North Carolina 75
16. Louisville 53
17. Utah State 47
18. Memphis State 24
20. Oregon 20

Baylor rolls

WACO, Tex. (AP)—Willie Chatmon hit a school record 41 points to help the Baylor Bears blow out Midwestern 101-68 in a non-conference basketball game Tuesday night.

OCU Tops Frogs

FORT WORTH, Tex. (AP)—Oklahoma City outscored Texas Christian 12-5 in an overtime period Tuesday night to gain a 76-69 non-conference basketball victory over the cold-shooting Frogs.

Tech rips Arkansas

LUBBOCK, Tex. (AP)—Gregg Lowery signed the nets for 34 points to lead Texas Tech to a 98-68 Southwest Conference opening basketball victory over Arkansas Tuesday night before 8,150 fans.

Lowery, who had a 17-point average for the season, connected on 15 of 23 shots from the field, and a perfect four for four at the free throw line, but it was

balanced scoring, tough defense and great rebounding that choked off the Razorbacks.

Arkansas grabbed its only lead on Vernon Murphy's 8-foot jumper early in the game but Tech took it right back and never trailed again.

The Porkers were badly beaten on the boards, 68-39.

Lowery and Oakes led a charge

that gave Tech a 50-39 half bulge.

The Raiders, despite 23 increased their lead steady the second half. With 10 minutes left, Tech had a 20-point lead, and continued to pour it in spite of the presence of reserve

Bobby Vint paced the Tech with 21 points and Donnie

Texas A&M Board

Houston.

Whittenburg, president of the Globe News Publishing Co., Amarillo, is a native of Plemons and graduate of the University of Texas, Austin.

He is a past president of the Texas Daily Newspaper Association, past president and member

of the Amarillo Chamber of Commerce and Rotary Club member.

Whittenburg first was named to the board in 1959 and was reappointed in 1965. A former board vice president, he currently serves as chairman of its Executive View A&M College Committee.

Coaches to fight against drug use

HOUSTON (AP)—The NCAA and the American Football Coaches Association were urged Tuesday to assume a leadership role in fighting the spiraling use of drugs on college campuses.

A panel of experts told both groups in separate sessions at their respective conventions that drugs merely bypass the senses and have damaging effects and that good training and conditioning routines are the safest and best programs for better athletic performance.

Dr. Hardin Jones, professor of medical physics at the University of California, said the overwhelming use of drugs started in the United States less than a decade ago and is zooming at the rate of 7 per cent a month.

He said the use of drugs went from near zero to 15,000 persons overnight and has reached the point where 3 million have tried amphetamines or LSD and 100,000 have used heroin.

Dr. Donald L. Cooper, director of health services and team physician at Oklahoma State University and physician for the United States team at the 1968 summer Olympic Games, said studies show that "far more losers than winners are using drugs. The loser knows he hasn't been working hard and is looking for something extra."

Fluid flow talks to be held here

The nation's oldest symposium for workers in continuous flow process industries will be held here Jan. 20 to 22.

Approximately 550 engineers, managers and manufacturing representatives are expected for the 26th annual Symposium on Instrumentation for the Process Industries, reports Dr. Rayford G. Anthony of the sponsoring Chemical Engineering Department.

The symposium director said instrumentation is of great importance to industrial plants using continuous fluids processing — petroleum refineries, chemical plants and natural gasoline cycling plants.

Forty-one manufacturers will have equipment exhibits at the Memorial Student Center throughout the conference, Anthony said.

Anthony said the program is open to the public. Registration is \$15 a person, which includes a printed bulletin of all symposium proceedings.

Profits from the meetings support chemical engineering graduate students at Texas A&M.
