Graduate student joins 'Nader's Raiders' for summer

John C. Vehlou, graduate student in the Wildlife Science Department, has accepted a summer position in Washington, D.C. with the Center for the Study of Restorative Law.

The Center is the Ralph Nader group of lawyers and students who have investigated numerous problem areas in American society.

Vehlou, who plans to obtain a master's degree in ecology in December, will work with Harrison Millard as part of a team studying pesticide regulation in the rural government.

Similar teams have investigated the functioning of several federal agencies in recent years. One of these investigations led to the publication of a book, "The Chemical Feast" which dealt with regulatory failures in the Food and Drug Administration.

Vehlou, who has a B.A. in biology from the University of Texas at Austin, plans to attend law school and specialize in environmental law.

Lt. Col. Hubert B. Watts, a 1956 graduate from Silsbee, received the silver leaf insignia at the Command and General Staff College, Fort Leavenworth, Kan., where he is a student. At A&M Watts was an accounting major and Aggie Band member.

Maj. Bridance R. Kissman of Ponca City, Okla., received his new rank at Army headquarters on Okinawa. He is a maintenance staff officer and 1961 A&M graduate in history. He also was in the Aggie Band.

Captain's bars were pinned on Robert A. Hartye, 1963 grad of Alexandria, Va. He is training division chief of the Army Materiel Command headquarters in Germany. A math major at A&M, Hartye was a Company H-2 cadet.

Promoted to first lieutenant while with the Campbell Barracks courier station in Heidelberg, Germany, was Arthur P. (Phil) Callahan, commissioned here in 1969. The former Dallas resident was in marketing, Corps staff supply officer and in Company F-2.

studying coeducation at A&M in the spring of 1963.

Cooper to speak at Brenham High

Edwin H. Cooper, assistant to A&M President Dr. Jack K. Williams, will be the commencement speaker at Brenham High School June 4.

The Brenham graduation ceremonies will be conducted at 8 p.m. at the high school.

Cooper, a 1953 A&M graduate, served as the university's admissions director before becoming Williams' assistant in March.

Douglas Stone gets BA teaching award

Dr. B. Douglas Stone Jr., associate professor of management, is the recipient of the College of Business Administration's Outstanding Teaching Award for 1970-71.

Dean John E. Pearson presented the award, citing Stone's outstanding record as a teacher since joining the A&M faculty in 1968.

Stone specializes in teaching and research in the areas of human relations-motivation, manpower planning and development and personnel performance appraisals.

Before coming to A&M, Stone was manager of corporate personnel information at Texas Instruments Inc. in Dallas. He earned his Ph.D. degree at the University of Tennessee, where he was a member of the Industrial Management Department faculty for 13 years.

Forestry scholarship set up for 4-H boy

A James Thomas Bertrand Scholarship is available for an outstanding 4-H Club boy who will study forestry at Texas A&M.

The scholarship is provided by a grant from Jay Bertrand, Houston timberland management executive, to the Texas 4-H Youth Development Foundation, said Director John E. Hutchison of the Texas Agricultural Extension Service.

The scholarship honors Bertrand's father, an early East Texas timberman, Hutchison said.

The \$600-a-year scholarship is available to a 4-H boy starting with the fall semester of 1971. Recipients must major in forest resource management or wood science and technology in the Forest Science Department at Texas A&M.

The 1959 Texas A&M graduate was decorated for aerial achievement in Southeast Asia. An HC-130 Hercules pilot, he coordinated and directed efforts of 28 jet strike aircraft against enemy weapons near two downed pilots while they were rescued.

Coughran now serves with a unit of the Aerospace Rescue and Recovery Service at Hickam. He was an industrial engineering major at Texas A&M and operations officer on the 1st Group staff in the corps.

A&M officials attend San Angelo ceremony

Three top Texas A&M officials were to participate in groundbreaking ceremonies today for the university's new Agricultural Research and Extension Center at San Angelo.

They are A&M President Dr. Jack K. Williams; Clyde Wells,

president of the A&M System Board of Directors; and Dr. H. O. Kunkel, dean of the A&M College of Agriculture and acting director of the Texas Agricultural Experiment Station.

The A&M Board of Directors recently awarded a \$278,119 contract to the Basin Construction Company of Odessa to build the center's headquarters building. Construction is expected to be completed by Jan. 1, 1972.

The board also accepted a gift of \$175,000 toward construction of the center from the Edwards Plateau Research and Extension Center Trust of San Angelo.

A. R. Burgess named Fellow of AIIE

Dr. A. R. Burgess, professor of industrial engineering here, has been named a Fellow of the American Institute of Industrial Engineers.

Six industrial engineers from throughout the nation were honored during the annual AIIE meeting in Boston.

Recognition as a Fellow is based upon Dr. Burgess' activities as an educator, author, innovator and service to the institute in various local chapter and national offices.

Three B-CS men take drafting course

Three Bryan-College Station men have enrolled for a 12-week structural drafting course here beginning June 1.

They join 12 other students registering for the course offered by the Engineering Design Graphics Department and sponsored by the Texas Engineering

Extension Service.

The local students are Michael W. Greer and Glenn P. Burt of Bryan and Ralph H. Glenn of College Station.

Associate Professor North B. Bardell said students completing the program in basic drawing skills are in high demand. The program includes structural steel and reinforced concrete detailing.

Top sociology students named

Cecilia Vandiver of Shamrock and Johnny P. Smith of Corsicana have been named recipients of 1970-71 awards made annually to top sociology students at Texas A&M.

Smith received the outstanding senior award. Miss Vandiver was presented the Daniel Russell Sociology Scholarship Award.

Dr. R. L. Skrabanek, acting head of the Sociology and Anthropology Department, made the presentation. He said that the recipients were selected by the sociology faculty on the basis of scholarship and participation in student activities.

Statistics offers 619 this summer

The Institute of Statistics will offer Statistics 619, Analysis of Variance, during the first summer school session.

A spokesman said the course has been added in response to several requests. The class will meet from 10 to 11:30 a.m. daily.

Statistics 621, Advanced Topics in Statistical Theory, has been cancelled for the second summer session and Statistics 622, Advanced Topics in Statistical Methodology, will be offered.

4-H Roundup set for June 2-3 here

Probably the only things outnumbering the 1,800 4-H Club members at the Texas 4-H Roundup June 2-3 here will be their talents and hopes.

The 4-H members will come from every part of the state to compete in over 30 contests and demonstrations. State 4-H officials say that about 600 adults including county and assistant county Extension agents, adult 4-H leaders, friends of 4-H, contest donors, and members of the board of directors of the Texas Youth Development Foundation will attend the Roundup.

All members attending the Roundup have been named county and district winners in their demonstrations and judging contests. State 4-H leaders say that only those members who have won first or second place in district competition are eligible to compete in the state contests.

Following the first general assembly on June 2, awards will be presented to individuals, businesses and mass media representatives who give strong support to 4-H work. The awards will be provided by the Texas 4-H Youth

Development Foundation and presented by T. Louis Austin Jr. of Dallas, Foundation chairman.

One of the special activities of the Roundup is an adult leader recognition luncheon where those giving strong support to 4-H will be honored. The Texas 4-H Council Roundup Committee will also meet. On June 3, a 6:30 p. m. banquet will honor contest winners and recognize contest donors.

Rewa Walsh, Miss Teenage America 1971, from Anaheim, Calif., will be the featured speaker. She will speak on "America the Beautiful — Seen Dimly Through the Smog."

A 10-member choral group, "The Polyfoniks", from Temple High School will perform at the banquet and later at the Share-the-Fun program.

State leaders add that the Roundup is one of the oldest statewide 4-H gatherings in the nation and traces its beginning back to near the turn of the century before 4-H officially became the youth phase program of the Cooperative Extension Service.

Monroe speaks at commencement

Dr. Haskell M. Monroe of the faculty will be commencement speaker Tuesday at Litcher High School graduation ceremonies in Orange.

Monroe is a 1948 honor graduate of Stark High School.

Former assistant dean of the graduate College, Dr. Monroe has taught at Texas A&M since 1959. He received B.A. and M.A. degrees at Austin College and the Ph.D. from Rice University.

Former students in rank

Promotion of four Texas A&M graduates has been announced by the U. S. Army.

1963 graduate gets promotion

Sheldon J. Best, 1963 Texas A&M graduate, has been promoted to regional director of governmental affairs for United Air Lines in New York City.

He is responsible for state and federal legislative influence in the states of New York, New Jersey, Pennsylvania, Massachusetts, Connecticut and Rhode Island.

Best was president of the A&M Student Senate during 1962-63, received the Outstanding Company Commander Award during Final Review in 1963 and was the student representative to the Texas Legislature during the hearings

DON'T FILL IN THESE BLANKS

MEMORIAL DAY WEEKEND 1971

TRAFFIC ACCIDENTS _____
INJURIES _____
FATALITIES _____

- INSTEAD, DRIVE FRIENDLY BY:
1. Planning your travel to avoid rushing.
 2. Not driving and drinking.
 3. Wearing seat belts and shoulder straps.
 4. Checking your tires, brakes, and lights.
 5. Keeping within legal speed limit.

This holiday weekend, thousands of Texas families will be on the road. If everyone does his part, the blanks can remain blank. Think about that. DRIVE FRIENDLY.

The Governor's Committee on Traffic Safety

Get Rich Slow

Sounds like a switch, doesn't it?

But we'll show you how our hard-working, ambitious distributors are — day by day — building undreamed-of incomes.

Our great product is the PASER MAGNUM. It makes today's car the car of the future. And it will build a really wonderful future for you!
