**Marine acoustics course will be held here next week**

A marine acoustics short course attracting scientists and engineers from throughout the nation opens Monday at Texas A&M.

The five-day course emphasizing environmental aspects and civil uses of underwater sound is jointly sponsored by the Oceanography Department and Sea Grant Program.

Dr. Jerard Caruthers, oceanography professor and course director, said the session is especially designed for scientists working in related areas who desire a knowledge of marine acoustics and for engineers who design instrumentation for use in marine environment.

Specific topics covered in the course include telemetry and signal processing, wave theory, acoustics in the sediments, marine bioacoustics, sonar equations, sound propagation in the sea, scattering and reverberation, seismic profiling and arrays and signal processing.

**Reading Clinic offers testing, tutoring**  
Applications for children to be tested and/or tutored in the Texas A&M Reading Clinic during the summer sessions are now being taken.

Under the direction of Dr. Joseph Ilka, a diagnostic program of reading difficulties is offered for public-school age students during June, with tutoring sessions scheduled during July and August.

There is a charge for both the testing and tutoring service, although partial or complete scholarships are also available based on financial need.

For further detailed information, contact the Reading Clinic, 845-1510.

**Tomato short course planned here**

The Eighth Annual Texas Greenhouse Tomato Production Short Course and Conference is scheduled for June 28-30 at the Memorial Student Center.

The program is sponsored by the Texas Agricultural Extension Service, Department of Soil and Crop Sciences, and the Texas Greenhouse Vegetable Growers, Council.

One purpose of the Short course June 28, is to acquaint potential growers with methods and techniques used in producing greenhouse tomatoes. The course is also designed to help would-be growers decide whether they should attempt to start a greenhouse tomato operation.

The conference, June 28-29, is planned to bring up-to-date information to all greenhouse tomato growers, whether just starting an operation or well established in one.

**Two History faculty teaching elsewhere**

Two faculty members of the Department of History have teaching jobs elsewhere this summer.

**Former A&M Student leads law group**

A 1952 A&M graduate, Delmar S. (Shelley) Hilliard formerly from Newton, has been elected president of the Student Bar Association at South Texas College of Law.

The 40-year-old law student is a former Air Force fighter pilot with service in Vietnam. He received a medical discharge because of muscular dystrophy.

At A&M, Hilliard studied industrial engineering and commanded Squadron 13 in the Corps of Cadets.

**Army grants A&M \$150,000**

The U. S. Army Research Office at Durham, N. C., has awarded Texas A&M a \$150,000 grant to expand its research in sub-sonic aerodynamics.

Harry Whitmore, director of the Space Technology Division, said the study will be a supplement to the program initiated by the Army three years ago under the Department of Defense's Project Themis.

Funds provided by the two-year grant will be used to continue development of a program involving theoretical, flight and wind tunnel work.

Better understanding of clear-air turbulence is a major goal of the study.

**May graduate gets \$1,000 scholarship**

Esker Earl Smith III of Jasper, Ark., recent horticulture graduate, has been named one of six students in the nation to receive a \$1,000 scholarship from the National Council of State Garden Clubs Inc.

He is the son of Mr. and Mrs. E. E. Smith, Jr., of Jasper.

In May, the student received a \$500 scholarship from Texas Garden Clubs Inc., an affiliate of the National Council. The council is composed of 49 member states. His sponsor was the A&M Garden Club of College Station.

Smith was chosen on the basis of academic standing, student activities and leadership.

The student said he plans to enter graduate school this fall at Texas A&M. His specialty is greenhouse vegetable production.

**4 graduates complete schools**

Texas A&M graduates headed by Maj. Michael M. Schneider of Watauga have completed special military school assignments.

Schneider, Army officer previously in communications research, graduated with a master's degree from the Naval Postgraduate School in Monterey, Calif. The 1962 A&M graduate is now in Vietnam.

Capt. Dennis R. Blanton of Dayton, Capt. Roque C. Rodriguez Jr. of Laredo and 1st Lt. Robert A. Keesecker of Galveston completed courses at Fort Bliss. Blanton, who finished history studies here in 1967, was in an air defense artillery advanced course. Rodriguez and Keesecker were in the Chaparral/Vulcan officer qualification course of the Bliss air defense school. The Chaparral/Vulcan is a new weapons system for anti-aircraft defense.

**Biology professor gets NSF grant**

Behavior of fish exposed to insecticides will be studied by a Texas A&M biology professor under a \$58,000 grant from the National Institute of Environmental Health Sciences.

Dr. Herman Kleerekoper was awarded the one-year grant on the basis of results obtained from a \$7,400 pilot experiment grant from the Department of Health, Education and Welfare agency.

Concept of the study will be to expose fish to sub-lethal doses of insecticides and then place them in a monitoring tank to observe locomotor behavior.

**Vet College Dean attends national meet**

Dr. A. A. Price dean of the College of Veterinary Medicine, is attending the national meeting of the Council of the Federation of Associations of Schools of the Health Professions today and Thursday in Washington, D. C.

**1958 graduate gets promotion**

Texaco Inc. today announced the appointment of Frank W. Miller as manager, salary administration. He will be located in Houston, and his appointment is effective July 1, 1971.

**New Easterwood manager named**

Truett B. Smith, retired Air Force officer and pilot, has been named the new manager of Easterwood Airport, announced Texas A&M President Dr. Jack K. Williams.

Guy Smith, who has been manager of the university-owned community airport since 1940, is retiring Aug. 31.

The new airport manager, no relation to his predecessor, recently completed more than 20 years of Air Force service with the rank of lieutenant colonel.

He had command pilot rating, with more than 5,000 hours in reciprocating and jet aircraft, and currently holds a Federal Aviation Administration commercial pilot's license with single, multi-engine and instrument ratings.

**Grad student elected SCOPE representative**

John S. Baen, graduate student in urban planning, has been elected regional representative for the South Central Region Student Council on Pollution and Environment.

Peter Dunsavage, graduate student in biology-environmental engineering, chaired the five-state meeting.

Baen was one of nine students elected to the council, Dunsavage served as regional representative the past year.

**Library staff Promotion told**

Marjorie Perego will become senior serials cataloger in the Texas A&M Library Sept. 1, Director John B. Smith announced.

Miss Perego, who holds faculty rank of instructor, came to Texas A&M in June after three years as serials librarian in the law library of the Bates College of Law, University of Houston.

She will succeed Miss Roberta Moss, whose retirement this summer will close a library career spanning 41 years.

**Former students named to group**

Harry Green Jr., field director, and Connie Eckard, director of publications of the Association of Former Students, have been appointed members of the Commission on Distributable Printed Communications for the annual conference of the American Alumni Council, chairman Tony Gustwick has announced.

The commission is responsible for the distribution of all printed communications and material for the A. A. C. Conference in Washington, D. C., July 18-22 at the Shoreham Hotel. Green and Eckard are two of ten appointed to the commission.

The American Alumni Council is the professional organization of alumni administrators, educational fund raisers and communicators representing 1,534 colleges, universities, and independent schools in the United States and Canada. The American Alumni Council lists over 3,580 individuals among its members.
