

U.S. confident of success in seating two Chinas in UN

UNITED NATIONS, N.Y. (AP) — The United States expressed "overflowing" confidence of success in seating both Chinas as the United Nations General Assembly opened its 26th session Tuesday.

The United States said it had rounded up a dozen sponsors for two resolutions aimed at seating Communist China in the General Assembly and on the Security Council and retaining Nationalist China's place in the assembly. Delegation spokesmen said the proposals would be put forth this week.

Eighteen backers of Red China have submitted a resolution that would seat Peking and oust Chiang Kai-Shek's Taiwan regime.

Indonesian Foreign Minister Adam Malik, newly elected president of the assembly, focused on the China question in his address. He urged the organization to forge "a universality of membership" for the United Nations.

Edvard Hambro of Norway, the previous assembly president, said the steps Washington and Peking were taking to normalize relations "will undoubtedly have considerable significance" for the United Nations "and may lead to increased possibilities for the organization to perform its functions under the charter."

The assembly voted three new members into the United Nations at its opening session, bringing total membership to 130 countries. They are Bhutan from the Himalayas, and Bahrain and Qatar from the Arabian Peninsula.

Informed diplomats expect the pro-Peking delegations to fight the U.S. proposals in the steering committee on Wednesday or Thursday, with claims that the U.S. plan is both a duplication of their own and a dodge to bar Peking, which has said it will not come to the United Nations as long as Nationalist China is a member.

The committee's agenda rec-

ommendations will be subject to approval of the full assembly, which meets Friday. This will give the first indication of the two sides' relative strength.

Debate and voting on the China resolutions is expected on the 10-day period beginning Oct. 18.

In Moscow, the Soviet Union reiterated Tuesday night that it would seek U.N. membership for Communist China and expulsion of the Taiwan regime.

As the 26th U.N. session opened in New York, a telephone caller reported that 26 sticks of dynamite had been planted on the third floor of the Secretariat building. Security guards found nothing.

In a speech after his election, Malik said man's ability to survive until the end of the century requires a new global awareness.

Malik named the population explosion, poverty, harnessing technology and destruction of the ecology as some of the major problems of the next 25 years.

Leading issues besides China among the 109 items on the pro-

posed agenda for the session are how to make peace in the Middle East and who should be U.N. secretary-general after U Thant leaves at the end of this year.

Pentagon Papers sent to printers Tuesday; volumes dealing with negotiation not released

WASHINGTON (AP)—The Pentagon Papers, which caused such a hullabaloo when they first appeared in the press, were sent to the printers Tuesday en route to general sale. But unless the public shows more interest than congressmen they'll make no best-seller lists.

The officially declassified documents dealing with U.S. involvement in Vietnam were sent to Congress Tuesday and rushed to the government printers at once. Four volumes dealing with peace negotiations and prisoner-release negotiations were not released for publication.

Public printer A. N. Spencer

said they'll be ready for public sale within a week—but he foresees no heavy demand for them at \$60 a set.

House Armed Services Committee Chairman F. Edward Hebert, D-La., said only 20 of 435 House members have looked at the "top secret" copies of the 47-volume Vietnam study that have been available to them in his committee room for three months.

The declassified version promised by Secretary of Defense Melvin R. Laird was wheeled by uniformed soldiers Tuesday morning into the House and Senate Armed Services and Foreign Affairs Committee offices with

no advance announcement.

Hebert immediately turned one of his copies over to Spence with instructions to print it for Congress and for public sale as rapidly as possible.

Spence estimated 2,000 copies would be ready for public sale by Monday for sale at \$60 a set.

He said the 7,000-page "History of U.S. Decision-Making on Vietnam Policy" study would probably be printed in 11 or 12 volumes.

Rady A. Johnson, Laird's legislative-affairs assistant, notified the four congressional committees that four of the original 47 volumes had been eliminated entirely.

"They deal exclusively with sensitive negotiations seeking peace and the release of prisoners of war," Rady said in a cover letter. "Their disclosure would adversely affect continuing efforts to achieve those objectives."

Laird announced June 22 a declassified version would be released in 90 days.

Spence said Hebert ordered 700 copies printed for the 535 senators and House members and their committees.

Contemporary Arts Committee FILM SERIES

FREAKS - U.S. SEPT. 24

Tod Browning, Director of some Hollywood's best known horror films, gathered real freaks from various countries for his cast. The 1932 classic concerns circus life & demonstrates the cruelty & irrationality of which "normal" people are capable & the relative normality with which the freaks have adapted to their handicaps.

VIRIDIANA - SPAIN OCT. 8

This film, a devastating, outrageous attack on religion and society, was promptly banned by Franco after its release although it won the grand prize at Cannes in 1961. "Everything which society holds sacred is demolished" in this work by Luis Bunuel.

WILD HORSES OF FIRE - U.S.S.R. OCT. 15

The story of a small sect of Ukrainians, shut off from the world by natural boundaries. With its unreal colors, improbable camera angles & precarious balance between ritual & orgy, wild horses of fire succeeds in establishing its own vital stylistic basis.

SHADOWS - U.S. OCT. 22

John Cassevet's first film, became an early classic of experimental filmmaking. The whole film was improvised as the actors became the characters they were playing. The story deals with a young writer who fall in love with a woman who is passing as white.

THE GOLD RUSH - U.S. NOV. 12

The outstanding gem of Chaplin's pictures. The film by which Chaplin wants to be remembered. Made in 1925, the comedian plays the lone prospector who travels to Alaska in search of gold. He finds hard times. He symbolizes the good, kind & pitiful core of humanity.

THE RED & THE WHITE - HUNGARY DEC. 3

A hunting film about the absurdity & evil of war. Revolutionary camera use accompanied with the inevitable humiliations & mech. slaughter, give the film the quality of a surreal nightmare in which people lose their identities & become pawns in a game of chance.
