Hartley Act injunction. The PMA president told Shillito: "During the 100-day strike which ended Oct. 5, income to longshoremen from handling military cargo acted as a substitute for strike benefits normally made available through union sources. The PMA action, therefore, had as its objective the shortening of the renewed strike."

Flynn said he had received a letter from the ILWU president, Harrry Bridges, saying the union was willing to resume negotiations by Jan. 31 or earlier if fea-

Earlier, James Robertson, PMA secretary, said the employers were willing to reopen talks and were only waiting word from Bridges' union.

The walkout is a resumption of a 100-day strike that was ended last Oct. 6 by a Taft-Hartley back-to-work orded which expired Christmas day. Bargaining during two later contract extensions failed to produce a settlement.

In Washington, Senate Republican leader Hugh Scott said he expected the White House to send Congress legislation to end the strike by this weekend, unless there is a settlement.

The Pennsylvania Republican said there was some hope for agreement without federal action, and in San Francisco, federal mediator Edwin M. Scott said: "If there's a possibility of a settlement, we expect to be an instrument in achieving it."

The extended walkout has cost billions of dollars in losses to the Pacific economy.

Soviet fishing vessels headed southward out of the North Bering Sea toward Adak, in the Aleutians, under U. S. escort late Wednesday after giving up efforts to resist arrest for fishing in U. S. territorial waters.

Earlier the Russians reportedly had proposed that a responsible Soviet official represent the fishing-boat captains to avoid forcing the vessels, one of them the mother ship of the Soviet fishing fleet, to undertake the long and time-consuming journey.

The Storis had planned to escort the Soviet vessels 600 miles southward to the U.S. Naval Station at Adak, in the Aleutians.

In Anchorage, U. S. Attorney Kent Edwards said that if the U. S. District Court authorizes a warrant, the Soviet vessels would be arrested at Adak. Maximum penalties for the masters, if convicted, would be a \$100,000 fine and a year in prison.
