## THE BATTALION

# Sailing club open to learners, interested

By **GEORGE HOWARD**  
Sailors are a breed of their own. Just talking to them gives you the feeling of sitting in a sailboat with the wind blowing in your face.

And it's easy to talk to members of the A&M Sailing Club.

There are no restrictions on joining. "Anyone with an interest in sailing or willing to learn can join," says Rick Briscoe, club president. "We have training sessions for beginners as well as for those who are well

experienced in the art of sailing. Our primary goal is to teach and train our members for competition in intercollegiate sailboat racing."

Membership in the club is \$5 a semester. There is an added cost for boat rental. The rental fee for the club-owned Dolphins is \$3 a day and for the 420s is \$4 a day. Rental fees help pay for upkeep of the boats.

The club has 50 members. It increases to about 100 during the summer months. "Membership is

not limited to A&M students," said Briscoe in a recent interview. "Many of the members during the summer are families from the surrounding area."

Training sessions take place on the Municipal Lake on South College Avenue or at Lake Somerville. Several of the Dolphin Seniors are housed at the Municipal Lake while the larger 420s are docked at Lake Somerville.

The 14-foot Dolphins are used to teach beginners the fundamentals of sailing. The 420s with

two sails are used to train two-man crews for intercollegiate racing.

Members compete against the University of Houston, Rice and the University of Texas in an intercollegiate sailboat regatta in the spring. The club also sends members to Louisiana to compete in several regattas.

The club meets on Thursday nights at 7:30 in room 105 of the Geology building. Their meetings include discussions about

sailing techniques. Often movies or slides are used to demonstrate how to best take advantage of the wind.

Most of the club's activities take place on Sunday afternoons, weather permitting. Sailing is a year-round sport and no other sportsmen live as close to the weather and are more affected by it.

## 18-year-olds can't serve on juries, court decides

AUSTIN, Tex. (AP) — The constitutional amendment that gave 18-year-olds the vote did not give them a right to serve on Texas juries, the Court of Criminal Appeals ruled Wednesday.

The court upheld the burglary conviction of Joe Shelby of Lubbock, 18, who sought a re-trial on grounds persons 18-21 were excluded from the jury that assessed him five years imprisonment.

Presiding Judge John F. Onion Jr. said that a state law limiting jury service to persons 21 and over still applies.

Shelby's attorney said there was a conflict with a new law requiring county authorities to make up jury wheels from lists of registered voters.

"We cannot agree that such a conflict exists," Onion wrote for the unanimous court.

"We find nothing in such statutes to require the designated officials to ignore the qualifications of jurors... and to automatically include in the jury wheel all names on the voter registration list regardless of the official's knowledge of lack of age, felony conviction, lack of citizenship, etc., on the part of an individual," he said.

Defense lawyers maintained that the 26th amendment to the U.S. Constitution, which gave 18-year-olds the right to vote, also gave them the right to serve.

But the court disagreed.

"Surely the states still retain the right to determine the qualifications of the jurors to serve in its own courts and may place the burden of such public duty on certain age groups, even providing exemption, though not disqualification, on account of age."

## Astronaut's widow agrees to end fire suit out of court

CAPE KENNEDY, Fla. (AP) — The widow of Virgil L. Grissom, one of three astronauts killed in the 1967 fire in the Apollo 1 spacecraft, has agreed to a \$350,000 out-of-court settlement of her \$20 million suit against North American Rockwell Corp. and three subsidiaries, her attorney said Wednesday.

North American Rockwell was prime contractor on the Apollo 1 spacecraft in which Grissom, Edward H. White II and Roger B. Chaffee were killed when a flash fire erupted in the cabin during a launch pad test Jan. 27, 1967.

In a phone conversation from Houston, Tex., where Mrs. Grissom lives, her attorney, Ronald D.

Krist, reported the settlement. North American Rockwell had no comment on the settlement.

Krist said Betty Grissom originally filed a total of four suits. Two were filed in Florida on behalf of herself as the widow and survivor and on behalf of Grissom's estate. The other two were filed in California, where North American Rockwell built the spacecraft at its plant in Downey. The latter two were on behalf of Grissom's two young children.

Last May, a Florida district court rejected Mrs. Grissom's personal suit because a two-year statute of limitations had run out. It allowed the estate suit to stand.

Krist said the terms of the settlement will give Mrs. Grissom \$100,000 on the remaining Florida suit and \$125,000 for each of her two sons in the California suits.
