**ABC's McKay
 Here Thursday**

Jim McKay, ABC's voice at the XX Olympiad, will be the Great Issues Program inaugural speaker Thursday, Sept. 28 at 8 p.m. Admission for the event will be 25 cents for students with activity cards and \$1 for everyone else.

Title of Thursday's presentation will be "Olympics 1972; Are the Games Really Games Any more?" McKay will be speaking here within a week of returning from the Munich Games.

Last year, McKay, the vastly popular host of "ABC's Wide World of Sports," was the only sports commentator in the history of television ever to receive an EMMY from the National Academy of Television Arts and Sciences (the award was presented in 1968).

This year, McKay is the only sports commentator in the history of television ever to receive a second EMMY. It was awarded for "outstanding individual achievement in sports."

He has also achieved another type of prestigious recognition. His name and biography have been included in the latest edition of "Who's Who in America."

Since taking the job of host of the most successful year-long sports series on television, "ABC's Wide World of Sports," McKay has traveled about two and a half million miles.

Covering more than 100 different sports, he has traveled to 35 countries on six continents and reported events from 41 states in this country, plus Washington, D.C.

He also worked extensively at both the Summer and Winter Olympic Games in 1968 and is a frequent reporter on the ABC Television Network's golf telecasts.

A television veteran of 24 years, he began as a broadcaster writer and production man at WMAR-TV in Baltimore in 1947. Three years later, he moved to New York as the host of his own daily variety program.

McKay's involvement in the sports field began in the late '50's. He covered college football and the Orange Bowl Regatta and worked as anchorman for TV coverage of the 1960 Summer Olympics before appearing on the very first edition of "ABC's Wide World of Sports."

That momentous telecast aired on April 29, 1961. McKay was in Philadelphia that day for the Penn Relays. As "Wide World of Sports" has prospered and flourished, so has Jim McKay.

**Ag Water Polo
 Team Claims Win
 Over 'The Bunch'**

Aggie water polo players sipped their first drink from the cup of victory Wednesday night as the A&M Water Polo team downed 'The Bunch,' 23-10, at Rice University of Houston.

The Southwest Water Polo champs illustrated their offensive game primarily to the Houston team comprised of Rice students, Baylor players and two men from West Germany.

"We looked rough, like I thought we would," said team coach Dennis Fosdick. "Being the first game of the year, it just didn't provide the degree of competition we will need for later in the year."

Fosdick said his players are at the point of versatility in the game reached at the end of last year's season. He noted his players' reaction time, quickness and feeling for anticipation haven't fully developed yet, though.

"The team we fielded was the second best in Texas," said Fosdick, "only because we left many of our first squad members at home."

High scorer for the game Wednesday was Foothill College transfer Gordon Brown with five points while three-year A&M veteran Mike McClellan hit the goal for four points.

Also scoring four points was Doug Adamson, while Fred Meyers tallied three. Harry Palmer collected two points and Steve and Dan Sonnenberg, Larry Schueckler, Mike Sherry and Martin Litteken picked on the goalie for one point apiece.

The Aggie players will see their next action this Wednesday when the University of Texas at Arlington will visit Downs Natatorium for a 4 p.m. scrimmage with the A&M first team.

Mercury Marquis
 Completely restyled. Steel-belted radials standard. Tests show that the average driver can expect 40,000 miles of tread wear from these tires under normal driving conditions. Shown: Marquis Brougham.
Mercury Comet
 One tough little car, now available with fine car options usually found only in expensive cars. Comet. Built better to last longer.
