HANK PAINE saw his first action Thursday night as A&M Head Yell Leader after being appointed to the position Wednesday afternoon by the Yell Leader Committee. Paine, located in the middle of the Henderson Hall crowd for yell practice, will also be on hand for the A&M-LSU football game in Baton Rouge, Saturday. (Photo by Darrell Cobb)

Buses Cited As Valuable Service; Additions Tabled

By VICKIE ASHWILL
Staff Writer

Shuttle Bus Committee members met Thursday to discuss the addition of a bus to the system and ways to subsidize the services. Both items were tabled until the next meeting.

"With an increasing off-campus population and a commensurate increase in traffic congestion, an off-campus bus system was viewed as a valuable student service. The service was viewed as benefiting not only the riders, but also benefiting the entire campus population by at least partially alleviating traffic congestion and demands on parking space," stated Kent Caperton, chairman.

Students sitting in on the meeting pointed out that another bus was really quite a necessity on Route 2 which goes in the vicinity of the Plantation Oaks apartments as the present buses are

always overpacked. Students also mentioned that buses were necessary in several cases for some students to get to school.

Presently five buses are running with one bus on reserve. The total cost to operate these buses for the school year is \$61,600 with \$50,000 coming from student service fee reserve. The addition of one more bus to the present system would take \$5,500 out of the service fee reserve.

"The justifications for using service fees are numerous, the primary one being there is no single activity supported by these fees which is used by the entire student body. Rather, a variety of activities are funded, ranging from the Athletic Department, to intramurals, to The Battalion, to MSC programs, to the shuttle bus service. Hopefully, some semblance of a 'public interest' is served by the sum total of these various activities," said a statement issued by the committee.

The remaining money (\$11,000) came from the Auxiliary Enterprises Administration account.

The second item on the agenda concerned long range planning, for future methods for subsidizing the shuttle system. The three methods brought before the committee were to have the bus riders pay a dime to 20 cents each time they rode on the bus, have riders pay a small amount to ride the bus and subsidize this with money from the student service fee reserve or to completely fund the bus services from the student service fee reserve.

The contractual commitment for this project was made for one year, with the provision included that the service could be eliminated after one semester of operation, with no penalty to TAMU, said the statement issued. This contingency was included in the event the current bus system did not provide a valuable student service.

A faculty-student committee was established to "ensure that all facets of the bus service operate satisfactorily within the scope of the contract," said Caperton.

Currently the committee is involved in evaluating the current service, evaluating requests from various housing concentrations not currently served by the system and studying a variety of possibilities for an expanded shuttle bus system beyond the current service and for the funding of that system, whatever it may be.

The committee has not yet made any decision or commitment. Banking is a pleasure at First Bank & Trust. —Adv.

concerning such an expanded system and no decision will be with-out full student participation.

"The service is supported by the students," said Dean Powell, also a member of the committee. "If the students want the shuttle system, we'll have it. If they don't we won't."

Bike Registration Slated To Begin Monday

Bicycle registration will begin Monday at selected locations on campus, announced University Police Chief O. L. Luther Thursday.

The new regulations require each bicycle operated on campus to be registered. The term "campus" is interpreted as any property under the jurisdiction of Texas A&M University. All bicycles must be registered by Oct. 10, 1972.

Walton, Schumacher and Hotard residents will register Monday in Lounge C.

Residents of Davis-Gary, McInnis, Moore and Crocker will register Tuesday in Lounge B.

Hughes, Fowler, Keithly and Moses residents will register Wednesday in Lounge A-2.

Residents of Law, Puryear and Milner will register in the University Police Office in the YMCA on Thursday.

Hart and Leggett residents will register Friday in the police office.

Residents of Dorms 1,3,5,7,9 and 11 will register

in Lounge C the following Monday.

Dorms 2,4,6,8,10 and 12 will register in Lounge D on Tuesday.

Residents of Krueger-Dunn will register in the Commons Wednesday.

The Hensel area and CVV residents will register in the building behind the Student Apartment Office on Thursday.

Residents of the Southside Apartment area will register at the front entrance of the Coliseum on Friday.

Students must bring their bicycles at the scheduled locations to have a metal permit attached. It would expedite the registration if each student knows the serial number of his bicycle beforehand.

Anyone who is not able to observe the above schedule should bring their bicycle to the police office for registration.

A separate schedule is being issued for faculty, staff and other employees.

Senate Opts To Join TISA; Rejects Membership In Lobby

By JOY McCLESKEY
Staff Writer

The A&M Student Senate was presented with the opportunity to join two politically-oriented student organizations Thursday night at its bi-monthly meeting but only voted to join one and tabled the other.

The Senate approved joining

Announcement System Now In Operation

A phone announcement system to inform students of events on campus is in operation again this year, announced Logan E. Weston, YMCA general secretary and religious life co-ordinator.

To get each day's announcements, students should call 845-6311.

Announcements which apply to a majority of the students are made on the system, explained Weston. Such events include yell practice, athletic events, Silver Taps and the like. He noted events such as hometown club meetings, dorm notices, and corps administrative notices are not acceptable.

People wishing to make announcements may do so by filling out forms available in the YMCA office, Room 102 of the YMCA building, by 3:30 p.m., the day before the announcement is to be made.

Announcements should be as brief as possible and will be for one day only. Recordings are done first thing in the morning, and recordings for Friday include announcements for Saturday and Sunday.

the Texas Intercollegiate Student Association by a standing vote of 56-22. The other organization under consideration was the National Student lobby.

External Affairs Committee Chairman Barb Sears pointed out to senators that TISA will cost the Student Government \$130 to join. She noted several activities of the organization which included coordinating action against tuition raises, supporting a Texas Legal Defense Fund and heading a petition drive to grant all responsibilities and rights to 18-year-old citizens.

She said the group will work on forming a Texas Student Lobby in conjunction with TISA and would lobby for consumer and tenant protection. They will also fight compulsory on-campus residency after the age of 21.

After much discussion, the Senate tabled the National Student Lobby membership proposal. Various contrasting views were presented, including ones that said A&M shouldn't waste its time worrying about national issues.

Sen. Chris St. John said it would be nice to be a member, but A&M needs the money at home. Others pointed out that A&M is becoming an isolationist school and urged the Senate to broaden its scope of interests by joining.

A proposal to postpone Monday's bicycle registration was offered by Students of Concern Chairman Terry Brown.

Brown said he felt the fee should be approved by the Senate before registration begins Monday. Brown pointed out that future plans for bike paths could possibly be eliminated with the

Sunday—Partly cloudy. Southerly winds 10-15 mph. High 91, low 72.

closing of the campus to cars in the near future. He also suggested the Senate ask for the removal of the \$3 registration fee.

Dean of Men Charles Powell pointed out to the Senate that the money for already-purchased bike racks could not come from state funds, by virtue of state statutes. He said the money previously used to pay for part of the racks had to be transferred from other

funds and regained through a fee on registration.

Graduate Senator Burt Herman suggested the Senate ask for support of other organizations such as the Former Students as relief for fund supplance. No action came of the discussion, however.

Ty Griesenbeck, Judicial Committee Chairman, presented his committee's by-laws for Senate (See Senate, page 2)

Students Needing Tutors Should Contact TAMSS

Ed Jordan, chairman of Texas A&M Scholastic Service, has announced students who have not been contacted by their tutors should contact their TAMSS dorm representative.

The dorm representatives are: Dunn women — Cathryn Craig, 5-3064; Dunn men — Lee Blumenthal, 5-3662; Walton — Fred Ziehe, 5-2779; Puryear — Lynn Barton, 5-2178; Moore — Todd Gordon, 5-2848; McInnis — David White, 5-3589; Keathley — Kenneth Butler, 5-7307 and Hughes — Brad Adams, 5-2109.

Other dorm representatives are Hart — Jim Stocks, 5-4906; Fowler — Phil McGuire, 5-1080; Davis-Gary — John Cogan, 5-656; Crocker — David Gent, 5-7439; Law — Kent Cooper, 5-2396; Moses — Richard Whitney, 5-1875; Hotard — D. W. Kaiser, Room 215 and Leggett — Bill Black, Room 17B.

Married Students should contact Nancy Jordan, 846-4396. Single students off campus should contact Sharolyn Allen, 846-9035.

Civilians living in the corps area should contact William Wade, 5-5758. The Corps representatives are Steve Eberhart, Jerry Hiller, Bell Crockett and Mark Tanner.

If the proper representative cannot be reached, students can call Kirk Talmquist, 5-6788 or Mike Shapiro, for the corps.

Jordan also listed help sessions for students in Chemistry 101.

Dating Service Set With TWU

The university's YMCA and the Gig 'Em Club of Texas Woman's University have set up a dating service for the students of the two schools.

The file of girls' applications, with pictures, will be kept at the YMCA and the boys' applications, with pictures, will be kept at TWU.

To get a date through the service, a student must have an application on file at the other school. A two-week deadline for date applications is required.

Applications may be picked up at the YMCA office (Room 102) Monday through Friday between 8 a.m. and 12 noon and 1-5 p.m.

Fulbright-Hays \$\$ Available For Scholarships To Foreign Countries

Texas A&M students interested in scholarships for study abroad in 1973-74 must apply through Dr. J. M. Nance by Oct. 25, the History Department head announced this week.

Applications are being received for Fulbright-Hays grants and scholarships from foreign governments, universities and private donors, Dr. Nance said. Approximately 560 grants from 35 foreign countries are available.

Dr. Nance noted teaching assistants in English are available in Japan, Italy and France, and in physical education in Afghanistan.

Some of the countries require a working knowledge of the language, but for others only English is necessary. Applicants for the foreign grants must be a U.S.

102, Tuesday and Wednesday at 7:30 in Rooms 228, 229, of the Chemistry Building. Math help sessions everyday between 1 p.m.-5 p.m. are in the Academic Building and a special help session will be held in the Conference Room of the Krueger-Dunn Complex for Algebra 102, 2 p.m.-5 p.m.

Pearson Names Stone To Head Management Dept.

Dr. B. Douglas Stone, A&M College of Business Administration faculty member since 1968, has been named head of the college's Management Department announced Dean John E. Pearson.

Dr. Stone succeeds Dr. George H. Rice Jr., who has returned to full-time teaching.

A native of Tennessee, Dr. Stone holds a bachelor's degree from George Washington University and M.S. and Ph.D. degrees from the University of Tennessee, the latter in psychology awarded in 1968.

Dr. Stone, 45, was production supervisor for the Crosley Division of AVCO Corp. in Cincinnati from 1952-53, when he joined the University of Tennessee as instructor of industrial personnel management. He held a Ford Foundation Fellowship at UT from 1957-59 and taught at the university until 1963.

From 1963-65 he was a management development specialist with the Martin-Marietta Corp. in Orlando, Fla. He joined Texas Instruments in 1965 as manager of corporate personnel information, leaving the Dallas headquarters to join the TAMU faculty.

His other teaching assignments were at Rollins College in 1964-65 and the Braniff School of Business, Dallas University in 1968.

While at TAMU Dr. Stone developed the master's degree program in industrial relations and was a member of the steering committee and staff of the Executive Development Programs.

He completed in August the direction of a one-year project entitled "The Definition of Manpower Resources Required to Support Highway Safety Program in Texas," a Texas Transportation Institute study.

citizen, have a bachelor's degree or equivalent before the beginning grant date and a strong academic record of at least a 3.7 GPR is desirable.

Candidates may not hold a doctoral degree at the time of application, except for the Deutsche Akademischer Austauschdienst Awards where the Ph.D. must not be earlier than June, 1970.

Dr. Nance said selections are made on the basis of the student's academic or professional record, study feasibility and personal qualifications. Students who have not lived or studied abroad are given preference, and some countries prefer advanced graduate students.

Completed applications are due by Oct. 25 at Dr. Nance's office, Nagle Hall, Room 208. He can also help persons not currently enrolled who wish to apply.

ED COOPER, A&M dean of admissions and campaign chairman for this fall's United Fund Drive, met with his 12 campaign assistants Thursday afternoon to set down guidelines for the drive which begins Oct. 2 in College Station.
