**TUESDAY**  
Ag Eco Club will have a wiener roast at 5:30 p.m. Check maps on the bulletin boards in the Agriculture Building for the location.

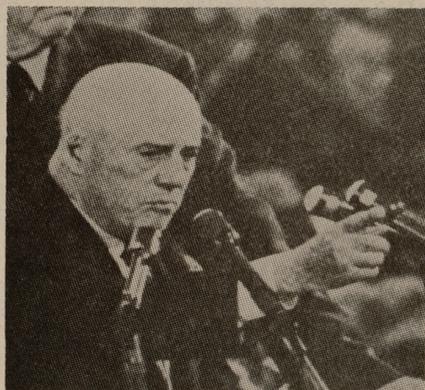

# Nixon Got \$1 Million Secretly

WASHINGTON (AP)—Chicago insurance man W. Clement Stone secretly contributed \$1 million to President Nixon's re-election campaign earlier this year, records disclosed Thursday night showed.  
Stone, head of Combined Insurance Co. of America, who contributed more than half a million dollars to Nixon in 1968, was the biggest donor named in a list of contributors released by the Finance Committee to Re-elect the President.  
Release of the list of those who donated to the Nixon campaign before March 10 was the result of an out-of-court settlement of a suit brought by Common Cause, the self-styled citizens lobby.  
Nixon fund raisers had refused to disclose the names of contributors of more than \$10 million donated before a new federal elections law took effect.  
Other big contributors included Leonard K. Firestone of Los Angeles, \$100,000; Mr. and Mrs. Raymond Guest, of Virginia, \$150,000; John Humes of New York, \$100,000;  
Mr. and Mrs. John Mulachy of New York and Ireland, developer of a steel blast furnace, \$255,000; John M. Olin of New York, \$100,000.  
Richard M. Scaife, of the Mellon banking family of Pittsburgh, contributed \$800,000.  
The 283 contributions to Nixon during the Jan. 1, 1971 to March 9, 1972 period totaled \$5,006,333, thus accounting for about one-third of the reported \$15 million the committee raised before the new campaign reporting law went into effect April 7.  
Thirteen of the contributions were six figures or higher and an additional 35 ranged from \$10,000 to just under \$100,000.  
The average contribution from the elite group was \$17,690.  
Other six-figure contributors were: Kent Smith and Thelma G. Smith of Gates Mill, Ohio, \$122,000 each; Jules Stein, Los Angeles, \$117,822.95; Trust for Agricultural Political Education, San Antonio, Tex., \$187,500; Elisha Walker Jr., New York, \$100,000; Arthur K. Watson, then Ambassador to France, \$300,000.  
Donors of \$50,000 and up included J. Paul Getty, reputed to be the world's richest man, \$50,000; Thomas Pappas, Boston, \$70,572.37; Lillian B. Pappas, New York, \$51,000; Valerie Potter, Nashville, Tenn., \$50,000; Joan W. Payson, owner of the New York Mets, \$80,000; The Schreiber, Los Angeles, \$55,000; Dewitt Wallace, Mt. Kisco, N.Y., publisher of Reader's Digest, \$64,000.  
Earlier in the day, incomplete reports in the final pre-election round of campaign finance counting showed that 18 reelection committees for Nixon raised \$191,000 in a 10-day period.

## Ratliff Ordered To Pay Damages For Allegedly Stolen State Money

AUSTIN (AP)—Former Senator David Ratliff was ordered Thursday to make restitution within 90 days of \$25,149 he allegedly stole from the state.  
State Dist. Court Judge Mace Thurman told Ratliff his probation would be revoked if he was unable to make the restitution.  
Ratliff was sentenced Wednesday to a 10-year probated sentence on a charge he stole a paycheck made out to a woman who testified she never knew it was carried on Ratliff's state payroll for 20 months.  
Dist. Atty. Bob Smith said \$25,149 was made up of all money Ratliff allegedly took paychecks made out to Mrs. Virginia Moser and also from checks to other Ratliff relatives carried on his payroll.

# "MISTER SAM" RAYBURN DIDN'T DO IT—

## and America's better off because of it!

The years were 1952 and 1956. A war hero was running for President on the Republican ticket. Some people thought then that the Democratic Party had been captured by liberals. Even then, the Republicans were trying to turn Democrats against each other.

Mister Sam knew it was nonsense and said so. And Mister Sam, who held the office of Speaker of the House longer than any man in history, knew this: a conservative Democrat is at home in the Democratic Party no matter who the nominee is...but he's just being used by the Republican Party when he goes to them.

In 1952 and 1956, the Republicans had a man of honesty and integrity. But this year, it's Nixon not Ike they're asking you to vote for. The Republicans are trying to scare regular conservative Democrats into believing they should vote for Richard Nixon.

*Mister Sam didn't scare that easy. Why should you?*

Nixon has presided over a period of corruption in government unmatched by any previous period in our history. The bribe has become the way of life for big corporations seeking favors in Washington. Nixon has doubled welfare rolls and unemployment. He's created a budget deficit of \$80 billion. Spies and burglars working for his campaign have sought to destroy the American political process.

Here's your choice....

Senator George McGovern served in Congress under Mister Sam's leadership. Perhaps that's where he learned to talk straight and not duck the tough questions. He knows you might not agree with everything he says, but on the big issues, on the things which have made the Democratic Party your Party, you and George McGovern probably see eye to eye.

*If a great American like Sam Rayburn saw fit to stick with the Democratic Party in 1952 and 1956, can't you see how much more important it is for you to vote Democratic this year.*

North Gate

# 10 reasons why we need Nixon-Agnew now more than ever

- VIETNAM:** The President has brought 400,000 Americans home from Vietnam. He has reduced American ground combat involvement by 90%. He has reduced casualties by 95%. He has reduced spending by two-thirds. He has laid the foundations for a lasting peace in Southeast Asia.
- THE ECONOMY:** President Nixon has taken strong steps to flatten inflation, change the tax structure, and avert an international money crisis. He created 125,000 more jobs, caused \$1.5 billion to be loaned to small business. He initiated a 90-day freeze on wages and prices. Housing starts are up 42% over last year.
- WELFARE REFORM:** The present welfare system strips the recipient of dignity and promises no end to the vicious welfare cycle. President Nixon has proposed a major change in the system. His program provides training and work incentives, and it would prevent the break-up of families and relieve the mounting burden on taxpayers.
- THE ENVIRONMENT:** President Nixon is the first President to really do something about our environment. He has proposed 25 separate bills regarding our environment. He has initiated plans and programs that are working against air pollution, water pollution, waste disposal, radiation and noise pollution.
- YOUNG AMERICANS:** President Nixon has given 18-year olds the right to vote by supporting the bill and signing it into law. And he has overhauled the selective service toward the goal of an all-volunteer Army.
- REVENUE SHARING:** The President has pushed through Congress a dramatically new program that will cause power to flow back to local officials away from the Federal Government. The program features the sharing of Federal tax revenues with State and Local governments, with no strings attached.
- OLDER AMERICANS:** The President has developed a strategy to increase Social Security benefits to the nation's elderly by one-third. He has advanced programs to enable more of the elderly to live in their own homes, to improve nursing home care, and increase jobs for older people.
- HEALTH CARE:** President Nixon's proposals will make health care available to everyone, with the emphasis on keeping people well as well as taking care of the sick. He is leading the fight to eliminate cancer and sickle cell anemia.
- DRUGS:** President Nixon moved early to go after pushers of hard drugs, stop international smuggling of drugs into the U.S. and find new ways to rehabilitate and treat drug addicts. He has stepped up arrests of pushers. He is spending 6 times more for rehabilitation and 5 times more for drug education than ever before.
- FOREIGN POLICY:** President Nixon is the first American President to visit China. The talks were the first between leaders of the countries since 1949. As the first President to visit Moscow, he signed historic agreements to limit arms and reduce tensions. His administration has brought crisis diplomacy to an end and begun a new era of partnerships and cooperation with our allies.

**That's why we need President Nixon and Vice President Agnew—Now more than ever**

# Vote for the Man and Not the Ticket Vote For Congressman Teague

"Congressman Teague has proved to be an invaluable asset to many Aggies through the years. He has directly helped students with military commissions, scholarships, and veteran's benefits, as well as providing indirect aid through strong support of A&M programs. He will attempt to move mountains in response to a request for help and welcomes your opinions on issues as evidenced by prompt, personal replies. No one living person more exemplifies the kind of Aggie and American citizen I wish to be than 'Tiger' Teague."
