break on insurance rates next

Exceptions will be those who live in the 27-county Gulf Coast

The industry-oriented Texas Insurance Advisory Association recommended the State Board of Insurance reduce by 17.7 per cent extended coverage (hail, windstorm, vandalism, etc) rates and by 16.2 per cent homeowners' rates in the North-Northwest area. That includes most of the Panhandle and South Plains.

Association recommendations for the big Central Inland territory (Dallas, Fort Worth, San Antonio, El Paso, Austin areas) included a 12.1 per cent decrease in extended coverage and 10.9 per cent reduction in homeowners' premiums.

The Seacoast territory (Beaumont-Port Arthur, Houston, Galveston, Corpus Christi and Brownsville areas) would get a 17.5 per cent hike in extended coverage premiums and an 8.3 per cent increase in homeowners' policy rates.

All territories would benefit from an Association proposal to reduce fire insurance rates statewide by 7.7 per cent.

An Association spokesman estimated total savings of \$6 million for extended coverage and \$9.8 million for homeowners' insurance in the Central Inland territory He calculated increases of \$8 million for extended coverage and \$5.9 million for homeowners' rates in the Seacoast territory.

The Board staff is awaiting directions as to whether to calculate new rates on its own formula or the new recommendations.
