Basketball Runs In Randy Knowles' Blood

way of life.

Knowles, leading scorer and reversity basketball team, said he just about lives to play the game.

"It gets in your blood," said the dark-haired junior. "I play whenever I get the chance, which is just about every day of the

To most people, basketball is a the A&M record books with a hadn't seen me play for three taller than his 6-6 and lighter game. To Randy Knowles it is a 42-point performance against Ar- years. I was really high for that than his 195 pounds. kansas Feb. 10. That total represents the most points ever scored bounder for the Texas A&M Uni- by an Aggie in G. Rollie White Coliseum. His 20 field goals were the most ever scored by an A&M

player. "That game was the biggest thrill of my life. It was especially great because my parents came down to see the game," said the

"I am a streak shooter. If I hit my first four or five shots, I am year I'd like to put on about 20 usually hot for the rest of the night. If I miss them, I start to press myself. It's like they say, 'when you're hot you're hot and when you're not you're not.' That's the way I've always been." Sitting and talking in his room

"When you're as skinny as I am you can run all night but next more pounds so I can battle under the boards better." The current season has been a slight disappointment to Knowles,

who describes it a one of ups and downs. Knowles' roommate, Joe ni here are powerful but I don't Arcinega, comes in handy during

"Joe keeps the situation loose play a bad game. He makes sure I don't brood over one too long," Knowles said.

Knowles had scholarship offers from over 40 major colleges but chose A&M "because a degree from here will go far after my playing days are over. The alumplan to quit playing ball anytime soon

"I want to play pro ball someand he can cheer me up when I where. I don't care if it's in the ABA, NBA, Europe or Mexico," Knowles said.

After his career as a player ends, Knowles does not plan to leave the game he loves so much. "I switched my major to P.E.

(from Wildlife Science) so I could coach when I can no longer play. Like I said, when it's in. your blood, that's the way it is," he assured.
