

# Foyt, Mosley Top 200 MPH In Texas Twin 200s Trials

The homestate favorite won a preliminary skirmish Wednesday as A. J. Foyt of Houston turned in the top practice speed for the Texas Twin 200s to be held Saturday.

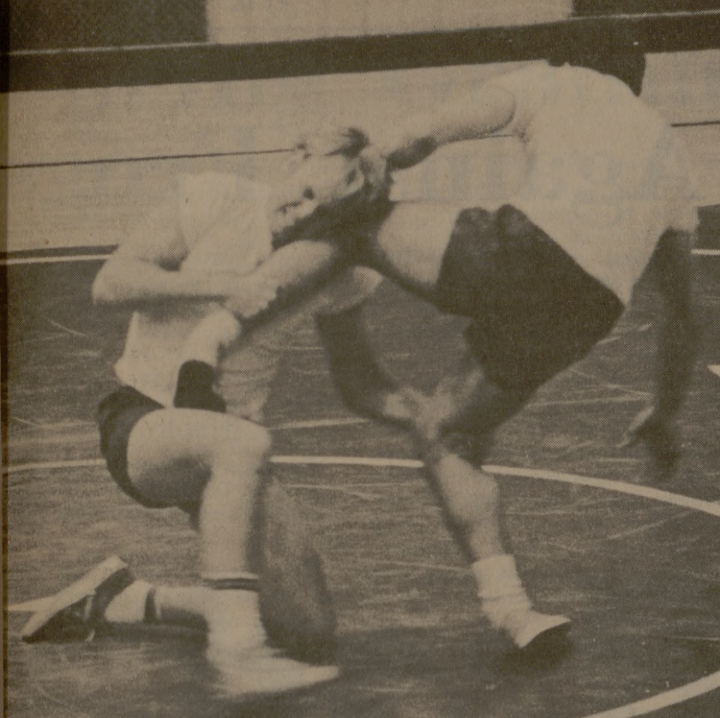

Foyt, three-time winner of the Indianapolis 500 and five-time United States Auto Club national king, was timed unofficially at 201.117 miles per hour in his red-orange Gilmore racing Coyote-Foyt car.

Only other driver to hit the 200 m.p.h. mark on opening day of practice at Texas World Speedway was Mike Mosley of Clermont, Ind. Hard-luck guy of the last two Indianapolis races, he was clocked at an even 200 in a Leader Card Eagle-Offy.

A new official world-closed record is expected to come in qualifications Thursday afternoon when the starting positions will be determined.

They will be shooting at the 201.965 official record for a lap which Bobby Unser of Albuquerque, N.M., established at Ontario Motor Speedway in August, 1972. Andretti was one of five drivers whose practice runs Wednesday were cut short by engine problems of one sort or another.

## Rozelle Favors Sudden Death To 2-Point Play For NFL

By THE ASSOCIATED PRESS  
Commissioner Pete Rozelle said Wednesday he favors a sudden death playoff over a two-point conversion if any changes are made in National Football League rules.

"I think sudden death would provide more impact and bring more excitement to the game," Rozelle said at a news conference at the NFL winter meetings.

The sudden death proposal is one of several which Rozelle said

would be reviewed Thursday. "We've had some concern about the sudden death from the television networks," the commissioner said, "but they say they will go along with it."

Rozelle said judgment calls on the part of officials might be eliminated by the adoption of a rule requiring pass receivers to have only one foot in bounds if they have possession before stepping out, and also of the double-touch rule. The latter would permit a pass receiver to double-touch a ball on a reception without requiring a defender to touch it in between.

The double-touch proposal also would permit two eligible receivers to touch the ball on a play without a defender touching it.

On league expansion, the commissioner said he would not rule out further league growth by 1974, but added any committee he appoints would find itself with a great deal of work.

He denied that any plans had been made for large-scale expansion after the merger of the National and American leagues.

## Lacrosse Team Bows To Dallas

The A&M Lacrosse Association survived a hectic first quarter only to lose to the Dallas Lacrosse Club, 6-2, in a match Sunday in Dallas.

Two Aggies and a Dallas player were ejected from the game as tempers flared during the opening minutes. The fighting resulted in the officials threatening to call off the game.

The score was 3-2 at the half but Dallas clinched the victory by holding the Aggies scoreless during the second half.

Dave Gruber and Roger Livingston scored for the Aggies.
