

# Aggies Please Bellard As Jay, Bowers Shine

A&M football coach Emory Bellard said he was "pretty well pleased" with his squad's showing in the third scrimmage of the season Thursday evening.

"I thought we looked pretty solid," Bellard said. There were only five touchdowns scored, but the No. 1 offense moved the ball well and the No. 1 defense allowed only 113 yards against them.

Sophomore Mike Jay, who was held out of Tuesday's scrimmage, did a good job of throwing the ball. The ex-Marine connected on eight of 14 passes for 115 yards without an interception. Split end Carl Roaches caught five for 91 yards.

Jay scored on a two-yard keeper and halfback Ronnie Hubby scored on a two-yard sweep for the Maroon tallies. The other three touchdowns came as the result of passes. Halfback Jim Hartman

stunned the No. 1 defense with a 65-yard pass to freshman split end Mike Floyd on the first offensive play for the No. 2 offense. Fullback Bucky Sams scored on a 21-yard screen pass from freshman David Walker.

The most notable personal battle existed between first team defensive tackle Kent Krueger and second team offensive guard Billy Lemons. It was impossible to say who was the victor as each had a fine scrimmage. Krueger is subbing for first stringer Ted Lamp.

One of the most impressive things about the scrimmage was the appearance of quality depth on the young squad. The No. 2 offense and defense held its own against the first unit, and the third unit also played well.

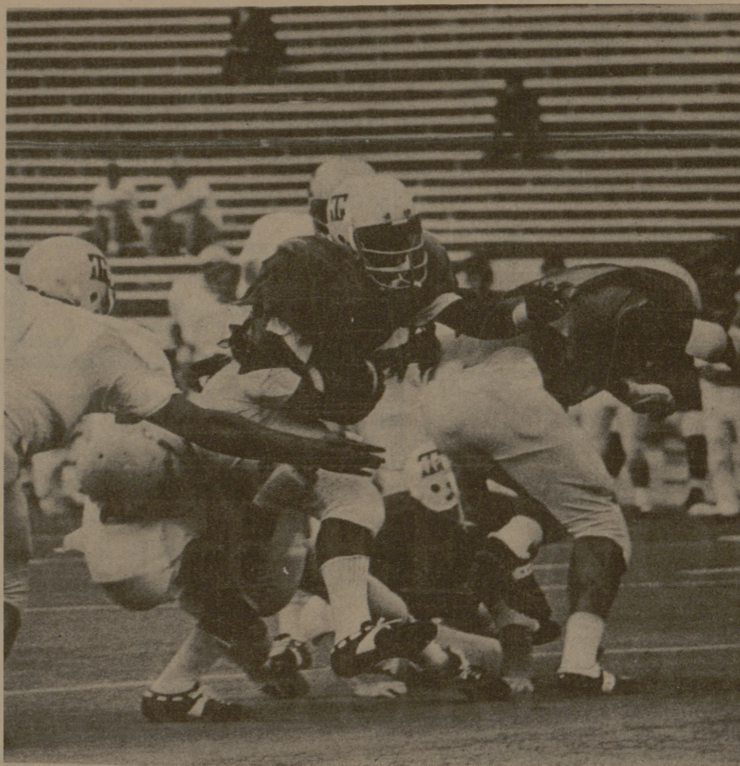

Fullback Alvin Bowers was the leading rusher with 77 yards in 17 carries.

The first team left for the showers after two hours while the rest of the squad remained for another half hour scrimmaging against each other. Hartman was impressive with his running and senior Tim Trimmier hit freshman Robert Verde with a 21-yard scoring pass.

Defensively, Lester Hayes intercepted a Walker-thrown pass with a long leap and a burst of his matchless speed.

Missing scrimmage and on the injured list were running backs Bubba Bean and Bob Jennings, defensive lineman Lamp and Blake Schwartz, quarterback David Shipman, receiver Roy Murray, and linebacker Terry Guillory, who is lost for the season.

The Aggies open the season against Wichita State in Kyle Field one week from Saturday.

SCRIMMAGE LEADER Alvin Bowers digs for extra yardage during yesterday's Aggie workout on Kyle Field. Bowers finished with 77 yards on 17 carries to pace the Aggie ground attacks. (Photo by Gary Baldasari)

## New Ticket Schedule Set

Distribution schedule for student football tickets for Texas A&M University games has been released by the Athletic Department.

"Rank Hath Its Privileges" holds true again this year as in the past, with seniors and graduate students getting first shot at seats.

The ticket window at G. Rollie White Coliseum will open Monday for distribution to upper classmen. Seniors and graduate

students will have the entire day to purchase tickets, and each succeeding day will be set aside for the next class down.

Out-of-town game tickets will be sold over a three-day period, with seniors getting the entire day Monday preceding the game. Juniors will have a chance to purchase tickets Tuesday morning, sophomores in the afternoon, and freshmen will have their chance Wednesday morning.

Five home games include Sept.

15, Wichita State; Sept. 29, Boston College; Oct. 27, Baylor; Nov. 10, SMU and Nov. 22, Texas.

The Aggies will travel to LSU, Clemson, Texas Tech, TCU, Arkansas and Rice. Athletic department officials said student tickets will be available for the LSU and Arkansas contests, both regular ticket sellouts, the week preceding each game.

## Football Ushers Needed Soon

About 15 men are needed to serve as ushers at all A&M home football games. Graduate students on assistantships are preferred to fill the positions which pay \$6.00 per game.

All those interested contact Les Palmer at 845-6841. The Aggies first home game is Sept. 15 against Wichita State.

## Grand Prix Program Subject of Talk

Ford Motor Company's Grand Prix racing program will be the subject of a talk Tuesday night to the student, chapter of the Society of Automotive Engineers.

Ben F. Brender, manager of Ford's Technical Services Laboratory at Dearborn, Mich., will discuss the laboratory simplification of the Ford Mark II GT power train.

The Mark II GT, a low-profile Grand Prix machine entered in recent years with success by Ford, was tested on the company's dynamometer before and during competition. Through the use of computer links, Ford engineers were able to predict the operation of the engine in all phases of a race.

All interested persons, particularly freshman and sophomore engineering students, are invited to attend the Sept. 11 meeting, Dr.

Boyce said. The session will be held in Lecture Room 2 of the Zachry Engineering Center.
