Batt News Summary

By THE ASSOCIATED PRESS

State

HOUSTON — The president of the Greater Houston Service Station Association said today independent dealers were encouraged by the Cost of Living Council's action to allow stations to hike prices.

"Actually, the council has given us back what they had already taken away from us," said B. J. Newman. Under Monday's act, service

station owners may raise their prices to account for wholesale product increases since Sept. 28, the last time the Cost of Living Council gave gas stations an increase in ceiling prices.

Price increases for gasoline, ranging from one-tenth of a cent to as much as 1.5 cents a gallon were expected to be passed along to Houston motorists this week.

AUSTIN — Radio evangelist Lester Roloff planned to seek Gov. Dolph Briscoe's help Tuesday in keeping Roloff's two unlicensed children's homes open.

But the matter apparently is out of Briscoe's hands, since the State Board of Welfare, which licenses child care institutions, is an independent agency.

Roloff also scheduled an evening rally here to protest the board's refusal to waive licensing requirements for his Rebekah Home for Girls in Corpus Christi and Anchor Home for Boys in Zapata.

Monday was the deadline set by a Corpus Christi district court judge for the homes either to obtain licenses or close their doors.

National

WASHINGTON - The Senate Rules Committee Tuesday asked for an Internal Revenue Service audit of Vice President-designate Gerald R. Ford's income tax returns.

Chairman Howard W. Cannon. NO EXTRA D-Nev., said the committee also is seeking access to Ford's tax returns for the last seven years, a period coinciding with his service as House Republic leader.

Cannon told newsmen these are part of the background material the committee wants for its pub-

RI

lic hearings on Ford's nomination up brushes to clean up the debris to replace Spiro T. Agnew, who resigned as vice president last week.

TULSA, Okla. - U. S. District Court Judge A. Sherman Christensen Tuesday withdrew his \$352.5 million antitrust judgment against International Business Machines Corp.

Christensen said he plans to set a lower figure later. He said the record of the lengthy trial earlier this year provided insufficient information on which to set a new damage total to be awarded the Telex Corp., which had charged IBM with monopolistic practices. Last week Christensen had said the large judgement for Telex that he issued last month had substantial errors.

WASHINGTON — Texas produces 38 per cent of the nation's oil and gas but may not have enough power supplies for its own cities this winter, Sen. Lloyd Bentsent said Tuesday.

The Texas Democrat appealed to the White House to insure the availability of power supplies for his state.

He wrote to John A. Love, director of the Nixon administration's energy policy office asking him to help out Texas when the new mandatory fuel allocation program is administred.

The program assigns fuel oil supplies on the basis of consumption during 1972.

Bentsen said, however, the energy shortage only recently hit Texas and many power companies have just recently switched from natural gas to fuel oil. Thus, they don't have any consumption record for previous years, he said.

International

BANGKOK, Thailand - Thailand's new premier named a civilian-dominated Cabinet Tuesday following a student revolt that overthrew the old military regime in two days of riots and streetfighting.

I The capital remained under student control with troops and all but a few traffic police keeping out of sight. But the students put aside their banners and took

of battle. All but two important posts in Prime Minister Sanya Thamma-

sak's Cabinet went to civilians. BRUSSELS - An armed Cuban took the Belgian and French ambassadors to Cuba hostage Tuesday in an attempt to obtain safe passage out of Fidel Castro's island nation, a Belgian Foreign

Ministry spokesman said. The spokesman said Ambassador Jean Somershausen arrived at his residence to find a man holding his wife and a French newsman at gunpoint. The gunman asked the Belgian ambassador to negotiate safe conduct out of Cuba for him with Cuban authori-

ties. Somershausen made a few calls to officials, the ministry spokesman said. Then the gunman decided to move to the French embassy, where he took the French ambassador and the ambassador's secretary as additional hostages. The Belgian embassy in Washington reported originally that the gunman had forced Somershausen to board his own yacht

and head for the United States. The embassy said later it was not certain that the yacht had actually sailed, although that was the kidnaper's original intention. ACAPULCO. Mexico - Air-

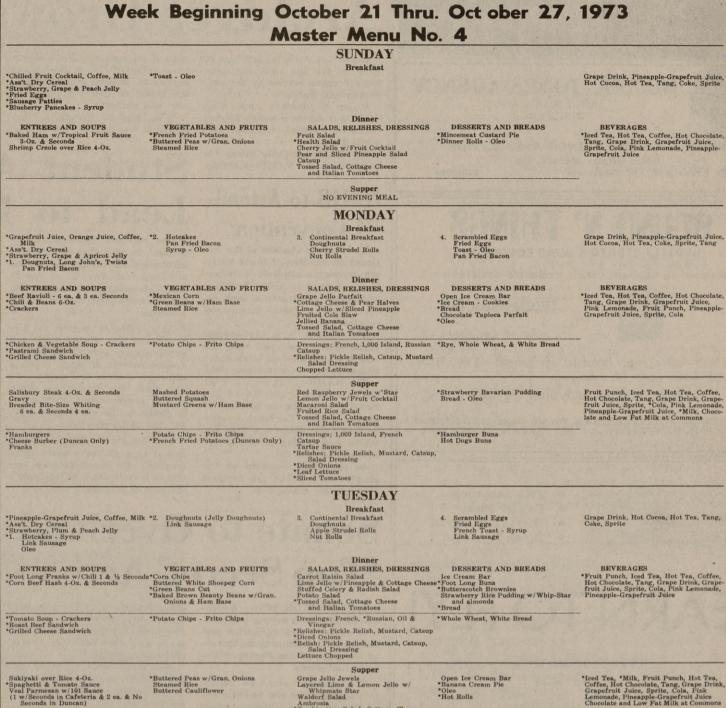

port authorities said Monday they have found the wreckage of a private jet lost Friday with two sons of a telephone company official aboard.

The airport director, Col Jesus Blanco, said a farmer came across part of the tail of the Dehaviland 125 jet on Black Beach: 50 miles northwest of here. Also found was an aviation gas

credit card in the name of Banco Nacional de Mexico, S. A., owner of the plane, and signed by pilot Daniel Solano.

Blanco and other authorities flew by helicopter to the site and confirmed that the bits of wreckage came from the lost plane. A thorough search for more remains was scheduled today.

No bodies were found. It was believed that the plane may have crashed at Seida and the wreckage washed ashore.

AGGIE YELL LEADERS became members of The Aggie Club, the athletic scholarship organization, with individual Reveille scholarship donations for 1973. Their membership plaques were presented to them at halftime of one of the recent football games by Robert I. Bernath, President, and John Hopkins, Executive Vice President of The Aggie Club. Those pictured are from left to right, Griff Lasley, Mr. Bernath, Ron Plaske-meier, Joe Hughes, Mr. Hopkins, Mark McLean and Bobby Sykes. (Photo by Steve Ueckert)
