Special good Tuesday thru Friday  
Under Management by: Mr. and Mrs. Cedillo

## Campus Briefs

### Baylor Game Activities

Brig. Gen Mike P. Cokinos and other special guests will view the corps of Cadets at the Saturday march-in to the Texas A&M-Baylor football game.

Dean Jack Fritz, benefactor of the Parsons Mounted Cavalry, will be on the reviewing stand with Gen. Cokinos, President Jack Williams, Col. Thomas Parsons, Col. Robert Crossland and Col. C. E. Hogan.

Other guests of the Corps will be more than 500 high school ROTC cadets from 10 Texas cities.

Kickoff of the Aggie-Bear battle will be at 1:30 p. m.

The Texas A&M Class of 1943 in which Gen. Cokinos graduated will assemble the largest class reunion held on campus in conjunction with the game.

### Soil Judging Team

The A&M University Soil Judging Team will compete in the five-state Region 4 contest Oct. 25-26 in Lafayette, La.

Team Coach J. F. Mills of the A&M Soil and Crop Sciences Department said the members are Darrell Schulze of Fayetteville,

William Abel of Bellville, Leon Blackwelder of Pilot Point, Roy Mott of McKinney and alternate Larry Matula of West.

The University of Southwestern Louisiana is hosting the contest, which is sponsored by the American Society of Agronomy.

### Astronomical Society

Planets, stars and satellites—but nothing unusual—have been seen on recent nights by a group forming the Central Texas Astronomical Society.

Members of the society believe that, if not all, of the rash of "unidentified flying objects" sightings can be explained by normal sky phenomena.

"Nothing out of the ordinary,"

reported Dr. Ron Schorn, Texas A&M University physics professor. The professional astronomer will host the next meeting of the society next week.

If skies are clear, it will be at 7:30 p. m. at the Schorn residence on Dowling Road. Should the observing session be clouded out Tuesday, the group will meet Wednesday, fair or cloudy.

### Residence Halls

Residence halls will remain open during the Thanksgiving holiday but will be locked at Christmas and between semesters.

Housing Manager Allan Madaley announced the schedule to allow students time to plan the periods. He noted many will want to make transportation ar-

rangements. All halls except one will be closed and locked at 6 p. m. Friday, Dec. 21. They will stay closed until 1 p. m. Tuesday, Jan. 15.

A hall will be named at a later date for international students and others for the Christmas and between semesters break.

### Book Collectors Contest

A fifth prize of \$100 for the Student Book Collectors contest was announced Friday by Director of Libraries John B. Smith.

The \$100 Thomas F. Mayo Prize was contributed by the TAMU English faculty.

It makes \$500 in cash prizes to be awarded in the University Library contest. Other awards will also be given.

Entries close Friday, Oct. 26. Final judging and announcement of winners will be Nov. 9.

### Trans-Atlantic Cruise

A Trans-Atlantic scientific cruise involving Dr. Robert B. Scott will seek to extend a cross section of the earth's crust.

The Oct. 25-Nov. 17 cruise is sponsored by the National Oceanic and Atmospheric Administration (NOAA).

Scott also participated in NOAA's 1972 cruise. He will coordinate collection of igneous and metamorphic rocks and avoid duplication of effort among scientists doing hard rock studies. He is an associate professor of geology and TAMU faculty member since 1971.

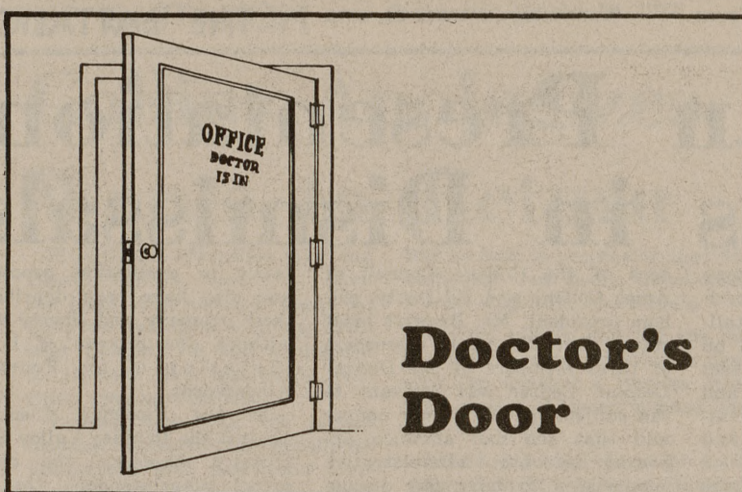

### Test-Scoring Facilities

The Data Processing Center is making its facilities available for test-scoring by TAMU faculty members.

The service is a complete grading and analysis of quizzes delivered to the DPC on forms available at the University Stores De-

partment, according to DPC Director Dr. Dick B. Simmons.

The quizzes will be read through an IBM 3881 mark sense reader and processed by DPC staff members. A magnetic reel file subsequently produced will be used as direct input to the IBM 360/65 computer for analysis.

## Doctor's Door

By DR. HAL POWE, University Health Center

### Question:

Does the University employ a psychologist or psychiatrist for the students to see? I know that school and relationships can cause problems and pressures that are hard to cope with alone. If the school doesn't have the facilities, how about the community?

### Answer:

The University employs a clinical psychologist (Ph.D) who works three half-days at the Counseling and Guidance Center and two half-days at the Health Center each week. Appointments may be made by phoning either place. If the problem is severe, the patient can be referred to a psychiatrist at the Central Brazos County Mental Rehabilitation Center.

### Question:

I think I have syphilis. What can I do? Will the University Health Center treat me?

### Answer:

The University Health Center will diagnose your symptoms; if you have a disease, social or otherwise, you will be treated.

### Question:

Note: Most services provided by the University Health Center are free, including tests and treatments for social diseases and appointments with the University psychologist.

Questions for Doctor's Door may be brought to The Battalion office or mailed to: Doctor's Door; The Battalion; Room 217; Reed McDonald Services Building; College Station, Texas 77843.

Diana Ross makes her film debut as the legendary Billie Holiday in Paramount Pictures' "Lady Sings the Blues." The Motown-Weston-Furie Production, based on the life of the late blues singer, also stars Billy Dee Williams.

3C BAR-B-Q

cookin' and caterin' country style

Beef, pork, ribs and sausage — not too smoky, not to fat and not too fancy. And all the fixin's.

Tuesday nights after 5:00 the featured dish is chicken 'n dumplin's. You get a pot of juicy chicken, plenty of plump, fluffy dumplin's and generous slabs of homemade cornbread for soppin'.

Barbecue nearly made the Conlee boys famous in these parts. And they're caterin' now, too.

# 3C BAR-B-QUE

Open 11 to 9:30 every day except Monday  
across the tracks/nearly downtown Bryan
