

Soccer Faces Trinity Saturday

Team Seeks Funds From MSC

The A&M soccer team will meet Trinity University in conference competition Saturday at 2 p.m. on the soccer field.

"Basically the team has a strong defense, but lacks aggression and unity in the offense," team captain Mehdi Nassar said.

The "A" team has several players who competed in soccer since childhood and can claim having the largest group of international talent of any Texas Intercollegiate Soccer League team.

This year's play illustrates the team's possible bid for Southern Division champs. The first game of the year A&M beat the University of Texas 2-1. The next game against its strongest com-

petition, University of Houston, ended in a tie.

The team beat St. Mary's University, 4-1, but was downed by UH, 1-1, the following game. The "B" team challenged Pan American University's "A" team and lost, 6-2.

"Our best players are three defense men from South America. They are what is considered 'good' today. They can control the ball well, passing accurately and keeping possession," Nassar said.

"I wish the University could fund soccer better, so that I could at least tell the players they are insured," Nassar added. "Here, we play on a mislaid field, il-

legal goals and dirt, with no real coach or help.

"The other schools we meet have beautiful grass fields and one or two paid coaches. It seems like A&M keeps the soccer team around so it can say one exists, yet it does nothing for us," captain Nassar said.

The soccer team is funded by the Texas A&M Bookstore, as are the other club sports on campus.

Officially, a club sport is any sport not recognized by the A&M Athletic Department through the NCAA.

The 40-member team practices on the soccer field from 5-6:15 p.m. During the next four weeks, A&M will meet division competitors: UT, Rice and Houston. All games will be played at 2 p.m. with the Rice game here Nov. 17.

Water Polo Beats 'Bunch'

Steve Moore led the Ag Water Polo team Wednesday to a 13-2 victory over Houston's "The Bunch".

The Bunch was outswum by the Ags. Their goal attacks and defensive moves couldn't deter the quicker Aggies. Don Reeser, especially, took advantage of this situation as he passed around his opponents with no trouble.

The rest of the team scored at least one point each with fast swimming and ball handling. These included Doug Adamson, Lee Davis, Mike McLellan, Don Weidman, Lester Hamann and Tom Comstock.

The Bunch attempted to "plug the hole" to prevent Aggie goals, but the Ags swam around them, or drew off the opponents.

Cyclo-Cross Set Sunday

A totally different type of bicycle race will be sponsored by the A&M Wheelmen Sunday at 1 p.m. A Cyclo-Cross, or a dirt track race for bicycles, will be held at Dexter Park, one block south of the campus off Dexter St.

"To my knowledge," said Karl Jackson, president of the Wheelmen, "this will be the first race of this type in the state."

Jackson said that the course would include a number of hills, places every lap where the riders must dismount and carry their bicycles.

The length of the race will be about three miles or about seven laps of the Dexter park circuit. With the exception of the dismounts, all of the course is either dirt or grass.

"We hope the race will be fun," said Jackson, who will be riding in the race. "No one knows what he is doing and no one has any experience at this type of racing, so the competition is going to be low-keyed."

Jackson said that certificates would be given to the first four places and that Andre's Bicycle Shop would donate merchandise as prizes. "Not a bad deal," said Jackson, who expects about 30 riders, "considering that the entry fee is only 25 cents."

The only requirements are that all riders must have some sort of head protection.

Cross Country Hosts Baylor

The A&M cross country team will host Baylor at 11 p.m. Saturday in a four-mile dual meet. The meet will be on the Civil Engineering Field at the northeast corner of the campus.

Running for coach Ted Nelson's team will be Jacob Yemmer, Danny Jones, Pat Bradley, Marvin Maphet, Adolph Tingan, Kyle Heffner and David Gillette. Heffner is the younger brother of John Heffner who won the SWC cross country title for A&M in 1966.

The Aggies have faced Baylor once this season and came away with a victory in Waco.

Last Saturday, A&M finished fourth in the Southwest Regional Federation Meet in Denton. Baylor was fifth in that meet.

Crenshaw Shines In South Carolina

MYRTLE BEACH, S. C.—Ben Crenshaw of Austin shot a five-under-par 67, equalling the course record, and grabbed a four stroke lead Wednesday in the first round of the final 72 holes of qualifying play for the privilege of joining the Professional Golfers Association tour.

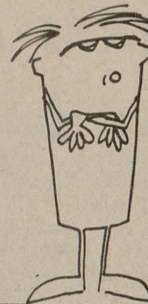

Crenshaw took over the lead with a "348" with "three" more rounds to go after touring the 6,900-yard Dunes Golf and Beach Club layout in 33-34 against a part of 36-36.

Crenshaw's 67 matched the record set by Billy Joe Patton of Morganton, N. C., in the 1960 Southern Amateur tournament.

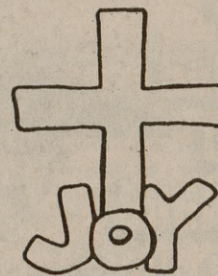

YOU'RE NOT GETTING ME BACK IN CHURCH...

IT'S USUALLY FINE RIGHT UP TO THE SERMON...

THEN THE MINISTER ALWAYS LOOKS AT

HONEST !!! WE DON'T LOOK JUST AT YOU DURING THE SERMON. BUT IF YOU THINK WE ARE... WELL, MAYBE THERE IS SOMETHING THERE FOR YOU TO THINK ABOUT. AND IF THERE'S SOMETHING THERE TO THINK ABOUT... MAYBE IT'S WORTH MAKING A SPECIAL EFFORT TO COME!

Texas Instruments Incorporated has positions for Manufacturing—Production—Planning—Supervisors for individuals with BS degrees in Engineering Technology, Industrial Technology, Electrical Technology, Electronic Technology, and Mechanical Technology.

Opportunities exist in the following diversified functions:

- OPTO-ELECTRONIC DEVICES
- DIFFUSION, EVAPORATION, PHOTOMASK
- WAFER SLICE PROCESSING
- COMPLEX ELECTRONIC DEVICES
- MOS TECHNOLOGY
- BI-POLAR SLICE PROCESSING
- DIGITAL SYSTEMS
- COMPLEX HERMETIC INTEGRATED CIRCUIT HIGH RELIABILITY ASSEMBLY

Individuals should possess a strong ability to supervise other personnel and a high degree of communication skills.

Locations for these positions are in Lubbock, Houston, and Dallas, Texas.

Campus interviews at Texas A&M are October 29-30, 1973. TI is also scheduled on campus on October 24-25, for BS/MS in EE, ME, IE, Geophysics. If it is not convenient for a campus interview, you may submit a resume to:
