

# Services contested by Brooks, Brunson

Open-air Student Government radio and students' choice of professors are top priority on Hal Brunson's platform.

The freshman finance major is a candidate for vice president of student services and includes on his list of qualifications being freshman senator, vice-chairman for campus projects, welfare benefit coordinator and member of the SG radio board.

Brunson would also like to help alleviate the parking problem on-campus, with the possibility of moving all middle and inner parking to the rim of the campus, especially faculty and staff members.

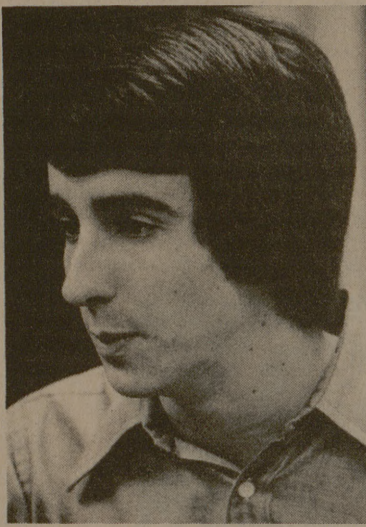

"The Student Bill of Rights is also a real good idea and should be incorporated in the University Rules and Regulations handbook," said Brunson.

**OPTIONAL FEES.** "I agree with the theory of optional fees although I voted against the user fee concept for athletics in the Senate," said Brunson, adding that the particular plan had too many faults. "I'm against most other optional fees like in the Memorial Student Center because I don't think the programs can support themselves."

**PROFESSOR EVALUATIONS.** Brunson said that publication of professor evaluation would be the first step students could take in choosing professors. "If we show that we are interested and care enough we will be able to have professor selection someday," said Brunson.

**LIQUOR ON-CAMPUS.** "I am for the sale and consumption of alcohol on the campus," said Brunson. "I don't see any complications. I also don't see how any University functions will last without it."

**SG SALARIES.** "I don't want to see executive officers paid because then people start running for money, but there should be

Hal Brunson

some compensation," said Brunson.

**PUNISHMENT.** "Punishment should be a lot more subjective than objective," said Brunson. "Arbitrarily 'slapping it to someone' to set an example is no good."

**COED DORMS.** "We could use coed dorms on the campus. I don't know the feasibility of it but if it is the desire of a lot of students it should be done," continued Brunson.

**ACADEMIC COUNCIL.** "I'd like to see a lot of students participate on a lot of councils, even the Board of Directors," said Brunson.

**NSL-TSL-TSA.** "As far as NSL goes, if it's what students are working on across the nation, it's great and we need our input," said Brunson. "TSL and TSA could work, but I only want to see TAMU involved only if it's worthwhile."

**SHUTTLE BUS.** "Subsidization by Student Services Fees for the shuttle bus is important because it wouldn't work without it," said Brunson.

## WATS line

Along with all the other Student Government candidates Barry Brooks has made campaign promises, but among his include wats lines for student use.

The junior building construction major explained that the wats line is a pro-rated telephone system which could be used to lower telephone bills for students.

Brooks favors improved intramural facilities and a permanent book exchange program.

"The book exchange program needs to be some type to carry over books and items from each semester," said Brooks.

**OPTIONAL FEES.** Though he believes optional fees would not be feasible for the athletic department, Brooks supports a system that would create a user fee to accompany a reduced mandatory fee for athletics.

**PROFESSOR EVALUATION.** "A publication of this type it not binding on the professor or anyone else," said Brooks. "Students should be aware of what the professor is like even though they can't choose profs at this time."

**LIQUOR ON-CAMPUS.** "The majority of students are legal adults on-campus. I don't think

'selective enforcement' is any good at all," said Brooks.

**SG SALARIES.** "There should be no paid positions in SG. SG exists as a service to the students and no one should run on the principle that they will be paid," said Brooks.

**PUNISHMENT.** "We need to set up a basis for punishment but each case should be looked at individually," said Brooks.

**ACADEMIC COUNCIL.** "Students should be on the Academic Council as well as on all other University level committees," said Brooks.

**NSL-TSL-TSA.** TAMU should belong to these organizations, said Brooks, because they are institutes that make decisions for students.

**SHUTTLE BUS.** Brooks said he did not feel that Student Services Fees should subsidize the shuttle bus at this time, but rather get money from apartment owners.

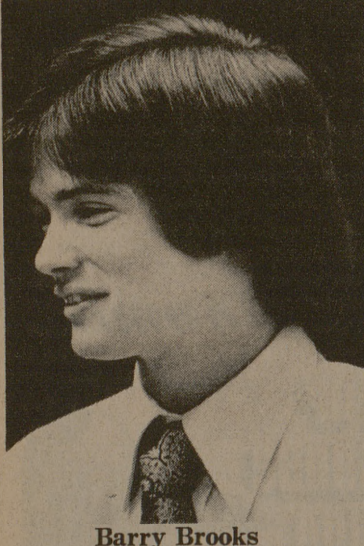

## Comet coming

Area amateur astronomers will look at a new comet during an observing session and meeting of the Central Texas Astronomical Society this week.

Comet Bradfield is another binocular-telescopic object, in the evening sky about 30 degrees east of the sun. The comet is the second detected this year. Thus it is also referred to as Comet 1974b.

The CTAS meeting will be Tuesday at sunset, if the sky is clear. In case of Tuesday clouds, the 7:30 p. m. meeting will be Wednesday, clear or cloudy. The session is planned at 806 Lazy Lane, in Bryan.

The CTAS is made up of area amateur astronomers and students of Dr. Ronald Schorn at Texas A&M University. Anyone interested in learning more about the universe is invited, according to Fred Proudfoot, meeting host. Equipment, including binoculars, should be brought.
