

# Students show support for candidates

(Continued from page 2)  
best qualified and prepared to pick up RHA business in the fall. We know that he will continue to serve the students with objectiveness and concern.

T. Getterman, president, and the rest of the exec committee We also received a letter from Mike Frank, president of Crocker Hall, and 12 other dorm presidents endorsing Tim Jordan.—Ed.

## Sick

Editor:  
As dorm residents, we're SICK of the picking and choosing by this year's RHA Executive Committee of who should be the president for next year! We know that any governmental body created for the people should be responsive to the people. WE DO NOT SUPPORT Tim Jordan for president of the Residence Hall Association for next year, because if everyone took the initiative to check out his "paper list" of qualifications like we did, then you would find little to nothing.

We are supporting Greg Magruder because the RHA needs NEW blood, OR it will be STAGNANT for another year. The RHA is a good governmental ideal, but it sure needs new leadership that will be responsive to the people.

Richard Lytle, Senator  
Hart-Legett

## Vigorous

Editor:  
We, the fresham assistants of the RHA, strongly endorse George Lippe for Vice-President of the RHA. After working with all the dorm presidents this year, we found George to be vigorously imaginative, enthusiastic and capable. As dorm president he has done much for his dorm and we feel he could do much for the RHA next year.

## Best man

Editor:  
The position of Vice President for Student Services is an important position, and we need to take care to choose the best candidate. I and most other concerned students of A&M believe Hal Brunson is the best candidate.

Hal has been involved in most facets of Student Government this year and has acquired the experience and knowledge necessary to do the job of Vice President for Student Services. He has been Vice-Chairman of the Campus Projects Committee this year and has done an outstanding job. This committee is concerned with all of the campus oriented projects of Student Government, such as the Refrigerator Leasing Program, Aggie Muster and several other projects. Hal has also served as Welfare Benefits Coordinator for Student Government this year. In this position he has been responsible for helping many students of A&M by being in charge of Campus Chest, which makes emergency loans and grants to students and in being in charge of the Aggie Blood Club which donates blood to students and

former students when they need it when they are ill. By being on the Board of Trustees for Student Government Radio, Hal has also served the students. As a trustee he has worked hard in laying plans for Student Government Radio to switch from cable broadcast to open air broadcast. In all of his duties in Student Government Hal has worked hard to provide quality services to the students of Texas A&M, and he wishes to continue this work as Vice President of Student Services.

## Best Choice

Editor:  
As candidate for the office of vice president of RHA, I would like to state my qualifications and the reasons I feel I am the best choice for this position. I have been involved with the RHA on various committees and activities this past year, having served as president of Puryear Hall. I know the RHA and the way it functions and intend to familiarize the student body with RHA. The RHA is the student's organization and voice. I have several new ideas including an information book on RHA to be distributed in the fall which would include and explain the power structure of the administration on a friendly basis with a program such as a watermelon feast where the administration does the cutting and serving. With better public relations and more open RHA meeting which I will be announcing in the Batt prior to each meeting. I can't wait to get started.

George Lippe

## Back Plack

Editor:  
We, the members of the fighting Texas Aggie Basketball Team, would like to thank the entire student body for their tremendous support throughout the season. We would also like to thank the yell leaders for their support and help. A special note of thanks is extended to Ron Plackemeier for attending every Southwest Conference Basketball game and sometimes being the only friendly face in a hostile crowd. We urge every Aggie to vote this Thursday April 4th for Ron Plackemeier. GET PLACK BACK!

Web William, John Thornton, and 11 others on the team

We also received a letter endorsing Plackemeier from Steve Schoops and three others. Because of space limitations we printed only one letter.—Ed.

## Jerri Ward

Editor:  
I am writing in support of the candidacy of Jerri Ward for vice president for Rules and Regulations. As chairman of SCONA 19, I had occasion to observe her work on the Planning Committee. In this capacity, her intelligent analysis and diligent efforts helped greatly in formulating and executing the conference. Her recognition as Outstanding Freshman of the MSC was certainly deserved.

I am certain that the above mentioned qualities, combined with her past experience on the

Rules and Regulations committee will make her an excellent choice for this position.

P. Steven Kosub

## Congrats

Editor:  
Congratulations to the Fish Drill Team upon winning the Texas Drill Team Championship this past Saturday afternoon! Theirs was a well-deserved award. Their discipline and showmanship are a fine credit to Texas A&M University whom you represent. I personally am encouraged to see that men can work together to attain a goal. Seeing their outstanding performance was both heartwarming and thrilling; they make a lot of past Drill Team members the old days when they were Fish.

Texas A&M is proud to know that it is being represented by such a fine group—as was shown by President Williams having carried the beautiful huge trophy to them.

## Scapegoat

Editor:  
Thursday night while standing outside the police station, I saw a KK, at least I think it was a KK although he wasn't wearing a uniform, come out and grab a fel-

low Ag standing around in a pair of shorts. Naturally, he resisted and when he did the KK got rough and fought him until he had him in a headlock. This Ag was not arrested, just grabbed and man-handled into the station—for standing around in a pair of shorts!

Because this was on the opposite side of the steps not too many people saw it, but there will be enough to confirm it, and those that didn't see it ought to be informed of the action of a man dedicated "To Protect and Serve." My fellow Ag may have streaked, but he wasn't streaking then; perhaps he was ripped off as a potential streaker—I don't know. All I know is that he has been done an injustice. I don't know this Ag's name, but it will probably be "scapegoat" from now on.
