

Navy pilot a lady

Lt. Judy Neuffer says it was all in a day's work. But that day's work made her the first female pilot in the Navy's history to fly into the eye of a hurricane.

"She flew like the veteran pilot that she is," said Cmdr. Dick Sirch who was with Lt. Neuffer on the flight Sunday through the 175 mile-an-hour winds of Hurricane Carmen.

Lt. Neuffer said Sirch told her it was one of the roughest centers he's flown into in three years of hurricane tracking.

"It was plenty rough going and we came out on the rough side, too," said Lt. Neuffer, who was copilot on the flight.

"We found the winds at 175 miles

an hour in the center and it took all the power we had to maintain the heading."

Lt. Neuffer and Sirch, members of a weather reconnaissance squad stationed at Jacksonville Naval Air Station, flew a four-engine turboprop plane.

A native of Ohio, Lt. Neuffer has been in the Navy for four years and her work as a hurricane tracker results from "being in the right place at the right time," she said.

"I'm not a staunch women's liberationist," she said, "but I do believe in equal opportunity. I feel I can do my part by proving that women can be pilots. I'm satisfied in weather reconnaissance and I hope people understand that."

Campus Briefs

Tae Kwon Do show planned

Oriental techniques of Tae Kwon Do and Hapkido will be demonstrated in room 261 of G. Rollie White Coliseum at 7:00 Sept. 3-5. The demonstrations are to encourage applications for A&M's Tae

Kwon Do Club. Classes begin on Sept. 9.

Instructors at the meet will be Jim Shiner and Charlie Senning. For more information call 823-7936, 846-3536 or 846-5097.

French, Spanish courses revised

Beginning this fall, new courses in French and Spanish will be offered at A&M.

The courses will put more emphasis on communication than on literature.

Sept. 6 is the last day of registration for these courses. Contact Dr. Elmquist in the Modern Languages Department for further information.

Grad application deadline set

Students who plan to graduate this fall must apply before the September 13 deadline.

The deadline applies to graduate and undergraduate students. Applications are at the Richard

Coke Building. An \$8 fee is required.

Graduate students should report to room 209 of the graduate college to apply. Undergraduates report to room 7 of the Coke Building where their applications will be taken.

MSC directorate positions open

Two positions are open with the Memorial Student Center Directorate.

Applications are being accepted for the chairmanship of the Committee for the Awareness of

Mexican-American culture and for Director of Public Relations.

Applicants must have a 2.5 GPR. Forms are available in the Student Programs Office, second floor MSC.

Health center making file

Students with special medical problems such as diabetes or epilepsy should inform the Student Health Center as soon as possible.

If those students need emergency care, previously filed information would aid the center in providing it quickly.

Battalion needs editors, reporters

The Battalion is accepting applications for copy editor, news editor, makeup editor, campus beat reporters, city beat reporters and sports reporters. Apply at the Reed

McDonald Services Building, Room 222 (5-2611). A meeting for new staff will be Wednesday, 7:30 p.m.

Rental refrigerators now available

Refrigerators can be rented in the basement of the old hospital. Monday through Friday, from 4 p.m. to 8 p.m., until the supply is depleted. The rental per semester is \$20

plus \$1 sales tax. A \$10 deposit which will be refunded with return of the unit. A refrigerator can be rented for the year for \$42 total and a \$10 deposit.

Washer wary

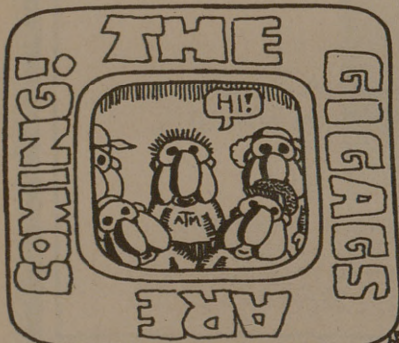

The man at the employment service told Randy Stewart he could have the job "if he had the guts." Stewart took the job and admits "it does take guts."

Now he perches at various heights around North Dakota's 18-story Capitol washing the building's 836 windows.

The Capitol is the tallest building in the state, 242 feet above the prairie, and the wind often reaches more than 50 miles an hour at the upper stories. Stewart gets \$1 a window.

"I needed a summer job so I went down to the State Employment Bureau and they asked me if I had the guts for the job," Stewart said.

"I don't go out when the wind gets real bad," Stewart said. "If the wind suddenly starts up, I go inside and then wash windows on the opposite side of the building. My work depends on which way the wind blows."

LEGAL NOTICE

PUBLIC HEARING NOTICE
A public hearing will be held by the Hearing Commission of the Texas Water Quality Board in Room 118 of the Stephen F. Austin State Office Building, 1700 North Congress Avenue, Austin, Texas beginning at 9:00 a.m. on Friday, October 4, 1974 per joint State-Federal certification.
City of College Station
City of Taylor
City of De Leon
City of Austin (Hornsbend Bend Plant)
City of Austin (Williamson Creek Plant)
City of Austin (Seaholm Plant)
City of Austin (Holly Street Plant)
City of Hico

The purpose of the hearing will be to decide whether certification should be issued pursuant to Section 401 of the Federal Water Pollution Control Act Amendments of 1972. The proposed effluent limitations may be changed from the existing permit. A second purpose of the public hearing is to consider grab sample requirements contained in the proposed permit.
The public is invited to attend and offer relevant evidence to the Hearing Commission. Additional data may be developed at the hearing, but further information concerning the proposed permit, if available, can be obtained by writing S. R. Lennings, Jr., Texas Water Quality Board, P. O. Box 13246, Capitol Station, Austin, Texas 78711, Telephone No. (512) 475-5755.
