About the Congress . . .

Seventeen universities throughout the south attended the Southwest Journalism Congress in Baton Rouge, Louisiana, March 6-7. Prizes in photography were awarded in four categories including sports, feature, general news and picture page. Three entries were accepted in each category from each school, and prizes were given for first, second and third place in every division. With four entries, the A&M Battalion took first place in feature, second place in sports, third place in general news and third place with a picture page.

Who's who in photography?

David Kimmel

David Kimmel was born and raised in Kentucky where his father is a professional photographer. Kimmel came to A&M in 1971 to study micro-biology. He plans to graduate this year.

Kimmel has been a photographer for eight years. He started working for The Battalion last June and since that time has been on the regular staff.

Douglas Winship

Douglas Winship is a senior in philosophy. He came to A&M in 1971 from Corpus Christi and plans to graduate in December.

With five years of experience behind him, Winship feels that his strongest abilities are in feature and landscape photography.

Steve Ueckert

Steve Ueckert is a jack-of-all-trades. He's in his third year at TAMU and plans a career in photojournalism.

Ueckert has been shooting the Aggie basketball games for the Associated Press and hopes to eventually land a job with them. He will be serving an internship with the Dallas Morning News this summer.

Aggie Cinema presents an International Series Film **FELLINI/SATYRICON**

FELLINI SATYRICON is so full of the varieties of decadence that a stunning unity emerges from their juxtaposition; it is a universe inhabited by "albino hermaphrodites, hairy dwarfs, elephantine prostitutes, lascivious matrons, beautiful nymphomaniacs and homosexual youths." The director seeks, and achieves, no less than to re-create a myth according to his own specifications, one which represents his vision of man's unending attempt to rationalize his existence in the face of the mystery of life.
