In class races, Kelly DeWitt de feated Terry Schul for the presidency of the Junior class. Ken Donnelly won the Sophomore class president position. His opponent was present Freshman class president Mark Scilio. The Class of '77 also had run-offs for vice president, treasurer and social secretary. Gerard Pelletier received the majority of the votes over his opponent Susan Fontaine. Mike Cox defeated Charlie Briggs for the position of treasurer. Next year's social secretary will be John Riddles. His opponent was Leslie Clarke.

Cyndi Davis defeated Marty Hutchison for the position of sophomore class vice president. The new treasurer is Joan Marshall who defeated Russell Stanfield.

The senior class of '76 elected Bldg., Library and Harrington Melanie Taylor social secretary.

Library Week brings folk music

Performing in front of the library, three students, (L to R on wall) Wini Kessler, Frank Hall and Hank Elling, provided entertainment as part of Library Week. The week will

end with a speech given by Dr. Athelstan Spilhaus in room 108 of the Harrington Center on Friday.

NOW Brazos county chapter organizes

By JERRY NEEDHAM Staff Writer

The Brazos County Chapter of the National Organization for Women (NOW) held a final organizational meeting Tuesday night in which the 15 members elected of-

Harriette Kagel was elected president of the local chapter. She had been the chief organizer in getting the chapter established. Other of-

ficers are Judy Wooten, vice presi- the local criminal justice procedent; Carey Noveck, assistant vice dures, checking into the local family president; Patrice Ash, secretary; and Don Campbell, treasurer. The newsletter committee will be composed of Harriet Martin and Patrice

establishing equal rights for both men and women. She said NOW is organizing rap sessions to discuss ideas and task forces to implement these ideas.

The chapter is currently deeply involved in the Equal Rights Amendment (ERA) recession bill now being considered in a Texas House sub-committee. The members decided to circulate petitions in the Bryan-College Station sup-

porting the ERA.

planning situation and support of the Rape Crisis Center.

According to a pamphlet written by NOW other goals of the organization are the repeal of law which re-Kagel said NOW is dedicated to strict women's participation in the labor market, revisions of marriage, divorce and family laws to promote marriage as an equal partnership in all respects and social justice for all people regardless of race, sex or economic condition.

Dues of \$5 to \$15 a year are required of members, but all NOW meetings are open to the public. The next meeting is April 30 at 8 p.m. at the University Lutheran Student Center. The presentation will include the history of NOW and Other projects the local chapter is a discussion of the goals and purworking on are: investigations into poses of the organization.

\$6.7 billion suggested

House to decide education bill

By ROD SPEER

City Editor WASHINGTON — The U. S. House of Representatives will today consider a \$6.7 billion bill to fund education, a bill which has been the focus of National Student Lobby (NSL) efforts in Washington this

About 450 student lobbyists from around the country spent Monday and Tuesday talking with their local congressmen and senators about the bill and pushing for support for an amendment which would increase the bill by nearly a half billion dol-

Convention delegates from Texas met with senators Lloyd Bentsen and John Tower and several Texas congressmen including George Mahon, chairman of the House Appropriations Committee, which

handled the education bill. Texas A&M's two delegates, however, left Washington Sunday evening before the meetings.

The amendment backed by NSL was offered by three members of the appropriations Committee, Edward Roybal (D-Calif.), David Obey (D-Wis.) and Louis Stokes (D-Ohio). Included in the amendment is a \$110 million increase for Supplemental Educational Opportunity Grants (SEOG), of particular interest to the student lobby. SEOG is a grant aid program intended for "exceptionally needy" undergraduate students.

The \$110 million would bring funding for SEOG up to this year's appropriations level of \$240 million. The appropriations committee, Roybal told The Battalion, Monday, decided to reduce spending for SEOG this year in compliance with

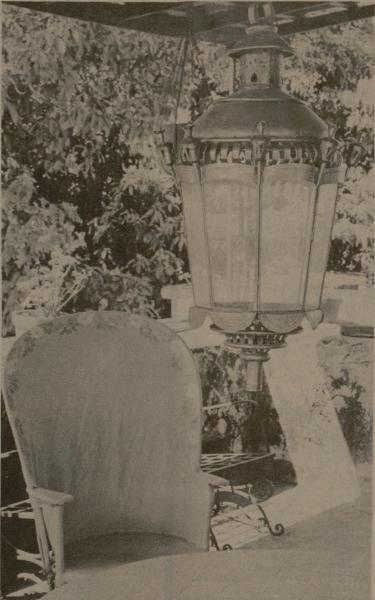

President Ford's request to cut federal funding to reduce inflation.

Overall, in educational funding, the President wanted \$1.2 billion knocked off last year's appropriations, with a \$130 million decrease for funds for higher education. Although Ford requested that Basic Opportunity Grants be funded almost twice last year's level, he wanted several items in the bill, including SEOG and aid to land grant colleges, eliminated entirely

The Roybal, Obey and Stokes amendment would increase aid to land grant colleges by \$2.5 million more than the bill which passed the committee and will appear on the House floor today.

Roybal said the aid to land grant colleges was part of the bill "for strictly political reasons." The Pres-ident is probably right about not

(See NSL, p. 6)

Dominik question still unresolved

Staff Writer

The situation on the controversial Diminik Street rezoning remains

unchanged since last October. Harry Seaback, a Houston land developer, applied for a zone change on land behind the homes of Dominik Street residents. The

change from single-family residenwas heatedly opposed by the homeowners led by Tom Kozik. The residents submitted a petition bearing the names of 250 College Station residents to the city

council at the meeting where the vote was taken Oct. 21 on the change. If valid under the zoning ordinance (taken straight from the state law on zoning) the petition would require a vote of six of the seven members of the council to change the zoning To qualify under this ordinance

the petition must contain the names of 20 per cent of the property owners adjacent to the land in question. It must also be presented to the city secretary prior to the meeting.

Since the four-three vote passing resolved, Kozik said.

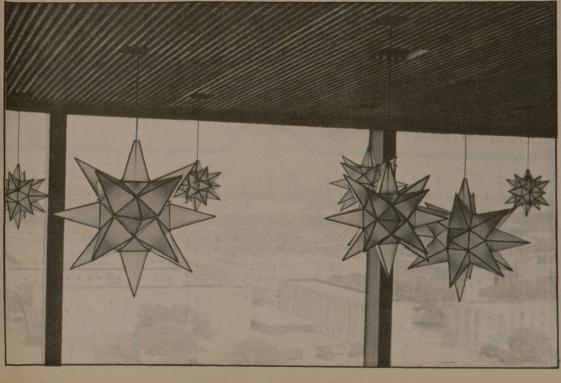

cient if the petition were ruled acceptable, the council asked city attorney Neeley Lewis for a legal

Lewis said the petition was not in accordance with the law since it was presented during, not before, the

Dominik residents felt the spirit tial to apartment building district of the law, if not the letter, had been complied with, and hired their attorney, Brooks Cofer of Bryan, to oppose the move. There was talk of obtaining an attorney general's opinion, but the meetings between Cofer and Lewis ended with talk.

Seaback has recently filed for reorganization of his business interest under the Texas bankruptcy laws. No apartments have ever been started behind Dominik and an attorney general's opinion has not been sought.

Kozik said, Saturday, the Dominik residents will be satisfied as long as no apartments are built in the area. Until plans to build in the area are begun, the residents are content to let the matter remain un-

The photo above of the brass lantern and pigskin chair, similar to those found in the MSC, was taken in an antique shop at Tlaquepaque, Mexico. These and other furnishings in the University are native to an area

in Western Mexico. About 80 chairs (right photo) in the Rudder Conference Center were found to be defective and are stacked in a basement storeroom in the MSC, awaiting return to their manufacturer.

Workers encountered difficulties during the installation of custom-made star-shaped lights in the Tower Restaurant. See related stories in this issue, pages 4 and 5.
