Texas Instruments slide rule calculator SR-50A

\$99.95

- Performs all classical slide rule functions—simple arithmetic, reciprocals, factorials, exponentiation, roots, trigonometric and logarithmic functions, all in free floating decimal point or in scientific notation.
- Features an algebraic keyboard with single function keys for easy problem solving.
- Most functions process displayed data only—allows separate processing of data before entry in a complex calculation.

Texas Instruments electronic slide rule calculator SR-16

—The scientific calculator with instant recall.

\$59.95

- Special key functions: square roots, squares, summation, reciprocals, natural logarithms, e to the x power, y to the x power—as well as addition, subtraction, multiplication and division.
- Instant 8-place accuracy, from simple arithmetic to complex equations.
- Handles numbers as large as 9.999999 x 10⁹⁹... or as small as 1.000000 x 10⁻⁹⁹.

Texas Instruments electronic calculator with memory TI-2550

• AC adapter/charger included

\$49.95

- Weighs less than 10 ounces.
- Convenient portable size for use anywhere.
- Multiplies and divides by a constant—automatically.
- Multiplies, divides, adds and subtracts in seconds.
- Easy to operate—just press the keys as you say the problem.
