Water Polo Team play needed

By PAUL McGRATH
Battalion Sports Writer

Overall improvement is a commodity much in demand on Coach Dennis Fosdick's budget these days as his water polo team prepares to take the Mustangs of SMU tonight at 7:30.

Arguments could be made that improvement is unnecessary since the tankers boast an undefeated record through 11 games. Texas A&M

is currently 10-0-1, the only blemish being a last-second tie with Stanford.

However, Fosdick feels that the team should be playing more as a unit without excessive individualism. He said that some of his players have been gunning the ball too much and that the cohesion vital to a team effort has been missing on many occasions.

The Aggies will be going against SMU for the first time since the late 1940's. The Mustang water polo squad, although containing some fine swimmers, is basically inexperienced in polo as the team was just started up again this year.

The rule changes, which went into effect last week, will be a factor in the contest as Texas A&M has the greatest amount of playing experience under the new regulations.

Fosdick said he would probably play his starting unit only a small portion of the game because of colds and to give experience to other personnel.

Freshman Bill Yates, a team leader in scoring and assists, said the team was a little confused at first by the new rules, but now thinks "they're better. Before, five personal fouls and you were out." The new guidelines call for unlimited fouls except in special cases.

"We've got the capability to play well as a team, but we haven't had enough time playing together," said Yates. He added that the recent California trip would help the Aggies. "The caliber of water polo in California is so much higher than it is here."

"Anything we played out there is better than what we get here," offered Jim Yates, the older of the two brothers. "There were some good teams, such as Berkeley and Stanford, but we thought we would win it." Yates is referring to winning the tourney's college division title, which the Aggies did.

Other Aggies had their views of the new rules. "I like them. They make for a more aggressive style of play," said Don Reeser, team assist leader. "It lets you play the game."

"I learned a lot," said Doug

Adamson. "I hadn't played them before, but I like them. The game goes a lot faster. The team with the experience will kill the one who doesn't. Fortunately for us we had a bunch of guys who had played them (under the new rules) during the summer."

"We're a swimming team and that makes a lot of difference," said Adamson. "Any team who tries to swim with us we'll just blow away."

"We're swimmers as well as water polo players," said Reeser. "The others were just water polo players."

Stanford tried to swim with A&M, a game the Ags feel they should have won. Aggie soph Bob Leland beat the Golden Bears' top swimmer in the sprint three times, the only one in the tourney to do so even once. The man Leland out-stroked was Dave Fairbanks, who finished second in the NCAA in the 50-yard freestyle.

After the varsity match, the Aggie frosh take on St. Mark's University. The fish are coached by former Aggie star, Larry Schueckler. Both contests will be in P. L. Downs Natatorium.

Joggers run for United Fund

Participants in Brazos Valley Joggers Club events Saturday at Kyle Field will be running for a cause — the United Fund.

Mike Christiansen, BVJC president, announced that all entry fees collected Saturday will be matched by a donation from the club, with the total to be distributed between the College Station and Bryan-Brazos County fund-raising drives.

The Saturday outing will be highlighted by the second annual BVJC One-Hour Run Championships at 9:15 a.m. All persons finishing the endurance-type event will be presented certificates.

Entry fees for BVJC events are 25 cents for members and 50 cents for non-members. Annual memberships are \$3 for individuals and \$5 for families. Additional information may be obtained from Christiansen at 846-1346.

STEEL-BELTED RADIAL SALE

Uniroyal's Tough Guy wallops steel-belted radial prices with a Tight-Fisted Sale.

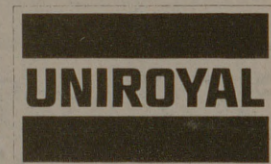

If you hate to part with your hard-earned dollars, Uniroyal's Tight-Fisted Sale is for you. Because you'll save money. Check our Tight-Fisted prices in the box below. But don't forget — the Tough Guy is no ordinary steel-belted radial tire.

Two steel belts wall to wall

While some radials have only one narrow steel belt, the Tough Guy has two wide, tough belts of steel. Two steel belts — wall to wall. Along with its double-steel-belted construction, the Tough Guy has CRF. That's the Uniroyal tread-life ingredient that actually strengthens the rubber. Strengthens the rubber for good mileage. Mileage is what the Tough Guy is all about.

The 40,000-mile tire

The Tough Guy is guaranteed not to wear out before 40,000 miles — that's more than four years of driving for the average car. If it should wear out, Uniroyal will replace it on a prorated charge basis. So hurry? Buy now and get the long-mileage Tough Guy at Tight-Fisted Sale prices.

UNIROYAL ZETA MILEAGE REPLACEMENT GUARANTEE LIMITED WARRANTY

If, in normal passenger tire use, you don't get the mileage stated on the sidewall (Number after "Zeta" Thousand) or tire becomes unserviceable for any reason other than repairable road hazards (cuts, punctures, etc.), accident or gross abuse, your Uniroyal Zeta dealer will give you a credit against the purchase of a new Zeta tire of the same type. Credit will be proportionate to percentage of stated mileage you did not obtain. Credit will be applied against the Zeta guarantee Base Price (national adjustment base approximating actual prices) in effect at time of adjustment. Proportionate taxes extra and dealer may add charge for services he performs in replacing tire. Conditions of adjustment based on mileage or owner must properly maintain tires and related vehicle conditions, bring in tires for free 6,000 mile rotations and check-ups and have guarantee booklet.

The fever that won't break: THE RISING COST OF A MEDICAL EDUCATION.

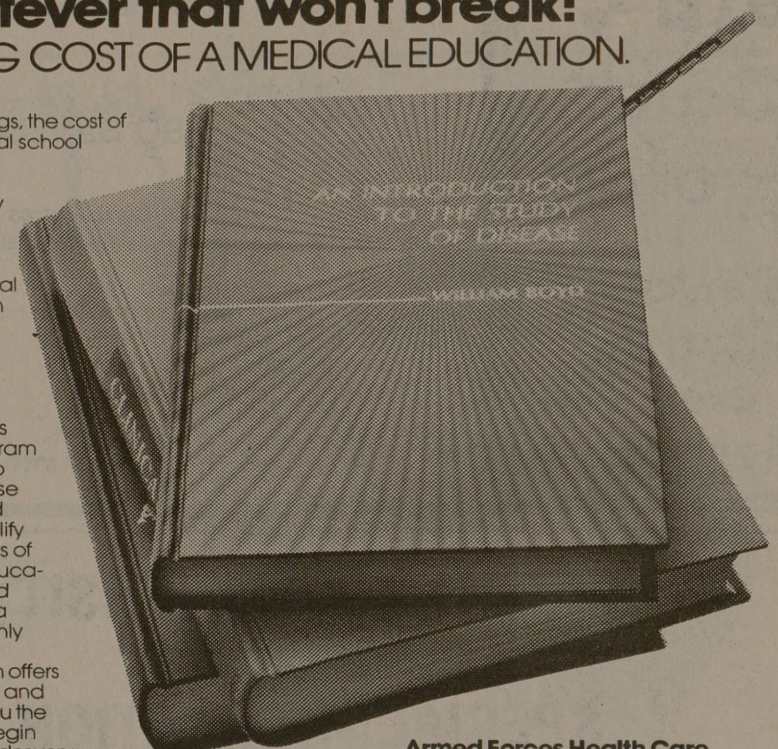

Like most things, the cost of attending medical school has risen sharply over the last decade. To many medical students that cost represents a heavy burden, a financial problem that can affect your concentration.

It needn't be that way. The Armed Forces Health Professions Scholarship Program was originated to free you from those worries. Men and women who qualify will have the costs of their medical education covered, and will also receive a substantial monthly allowance.

The program offers more than tuition and salary. It offers you the opportunity to begin your practice under very favorable conditions. As a health care officer in the military branch of your choice, you'll find yourself with responsibilities fully in keeping with your training, and with the time and opportunity to observe a full spectrum of medical specialties.

When you decide on the specialty you wish to pursue, you may find yourself taking those graduate medical studies at one of our many large and modern medical centers. If so, you can count on that training being second to none.

Both the clinical and research work being done in them have made Army, Navy and Air Force hospitals a major new national medical resource. It's a long road, but the first step is simple. Just send in the coupon. The details we send you may make the whole way a little smoother.

Armed Forces Health Care DEDICATED TO HEALTH CARE AND THE PEOPLE WHO PRACTICE IT
