Beef prices lower

By OWEN RACHAL
The price of beef is going down, and the cattle rancher is paying for it.
The cost per pound of all cuts of beef will be going down in the next two months, said Dr. Edward Uvacek, Texas Agricultural Extension Service.
The national average for all cuts of beef is currently about \$1.53 per pound. In a few weeks the cost should go down to about \$1.49 per pound. This average figure includes cuts from hamburger to filet mignon and grades from "previously alive" to prime.
Now is the time to really stock up on your meat supplies said, Uvacek. "You will never again be able to get it (beef) this cheap." He specifically pointed to baby beef and hamburger.
Good consumer prices for processed meats will be available in the coming months. Hot dogs, chili, canned and potted meats should be bought before they go up in price, Uvacek said.

Prices are being forced down because ranchers are trying to "unload" their calves. The longer they keep the animals, the more money they lose.
Texas ranchers are losing between \$80 and \$100 on every calf they sell. This condition will not improve in the next two years and will probably worsen, Uvacek added.
At the expense of the rancher the consumer will get some temporary relief from high beef prices, but in the long run both will suffer. The opportunist will be making heavy beef purchases during the upcoming months of November and December. In January the prices will creep up again, never to return to the 1975 level.

'Will use 100 vetoes'

Associated Press
HARTFORD, Conn. — President Ford returned to the political arena Tuesday night and threatened to use the "veto 100 times" if the Democratic Congress passes a 1976 tax cut without setting a ceiling on federal spending.
In a speech to a Republican fund-raising dinner, the President warned, "If the Congress sends me legislation that exceeds the spending limitation and threatens your tax cut, I will not hesitate to use the

constitutional authority available to me and veto that legislation."
"The veto has been described as a 'negative' act, but I've used it 39 times and saved the American taxpayers \$6 billion," he said. "I will use it 100 times, if necessary, to prevent excessive and inflationary spending increases."
The President said his spending and tax cut proposals will lighten the public's tax load.
"But if we want this kind of new direction in our tax policies, we must have a new direction in our spending policies as well," the President said.

dize our national security," the President said.
Ford returned to the political hustlings Tuesday night despite Democratic criticism of his frequent travels, and received a warm welcome on his arrival in Connecticut.

EDCI favorite major

"Tonight, I say to the 'Can't-Do' Congress: It can be done. Why not do it?"
"Let me emphasize, however, I will work with the Congress to ensure that those who deserve help will continue to receive that help—the elderly, the poor, the veterans who have borne this nation's arms."
"Nor will I permit slashes in our military budget that would jeopardize our national security," the President said.

In a computation made by the vice-president of academic affairs' office and released Monday, Educational Curriculum and Instruction came out as the most popular major offered at Texas A&M University.
Students numbering 1,217 are enrolled in the field with the major leading among senior and graduate students as well.
Closely following is Animal Science with 1,178 enrolled in the program and Accounting followed with 1,000 enrollments.
Three engineering curricula finished in the top ten favorites. Civil Engineering finished fifth with Electrical Engineering and Mechanical Engineering coming in eighth and ninth.

BUYING PAGES IN THE AGGIELAND '76 FOR ORGANIZATIONS AND CLUBS

In an attempt to set precedent concerning the conflict of recognized versus unrecognized organizations and clubs, The Aggieland '76 is requiring organizations and clubs desiring to be represented in the book BE RECOGNIZED BY THE UNIVERSITY.
Even if an unrecognized organization or club has bought pages in past Aggielands, if they want to be included this year the organization or club must go through the recognition procedures established by the university.
An organization or club wanting to become recognized can do so at the Student Programs Office, second floor of the MSC.
The Aggieland will accept no organization or club for contracting space after Nov. 10, 1975.
All previously recognized organizations and clubs plus those applying for recognition have until Nov. 10 to contract space. After Nov. 10 there will be no further space sold in the book and no exceptions will be made.
If any questions develop call Student Publications at 845-2611, ask for Debbie Stallings or Gary Baldasari.

EMBREY'S JEWELRY

Your Gift Headquarters
We feature a complete line of:

RINGS - LADIES & MENS	PENDANTS
BRACELETS - LADIES & MENS	EARRINGS
CHARM BRACELETS	CHARMS
