

# Isolated hut ideal party spot

By STEVE MOORE  
Battalion Staff Writer

Renovation has started on the on-campus party facility at Eastwood Airport. While technically "off-campus" the facility is on university-owned land, and was formerly used for storage by the sailing club.

Located about two miles west of the University Street by-pass, the hut sits back from the road in a clearing. Due to its isolated location, the hut has the potential of being an ideal party spot without the usual traffic and noise problems. President Williams is expected to appropriate funds for the facility. The Residence Hall Association (RHA) will be given first priority on the building, due to its initial support of the project.

Student volunteers will do carpentry and other such tasks, while plumbing electrical work and other certified labor will be handled by the physical plant.

"The main idea behind using student volunteers was to save money," said Dr. Charles Powell, Di-

rector of Student Affairs. The idea worked, reducing the construction bid of \$39,000 to \$24,495. The bid covers the addition of such things as plumbing, restrooms, ventilation equipment and a small kitchen. The projected date for completion of the project is January 1976, although the hut is being used to a limited extent now.

The hut is needed as a gathering place for student organizations due to the lack of such facilities off-campus. Booking problems have arisen with such places as Indian Lake, Knights of Columbus Hall and the American Legion Hall due to overcrowded schedules. Places such as the Shiloh Club will not book university events because of damages incurred at previous parties.

The hut is large and open with a high ceiling. RHA hopes to retain this in the remodeling. They are also naming the hut.

Student volunteers are invited to help with the project. For information, inquire at the RHA office in room 216 of the MSC.

Another installment of the Aggie tradition of quadding was enacted Wednesday evening in the Fish Pond. Pete Bauerlein

was dunked in honor of his twenty-first birthday. Not quite like the old days of mud holes and stripping the victim.

# Parking operations fund reaches almost \$1 million

By LEE ROY LESCHPER, JR.  
Battalion Staff Writer

The University has almost a million dollars available for maintenance and normal operation of parking facilities, Robert Melcher, student services administrative officer, told the University Traffic Panel yesterday.

The \$902,976 in the traffic maintenance account consists of a net \$460,000 collected from motor vehicle registration and violation fees this year, and a balance carried over from the '74-75 account, he said.

Parking lot maintenance and renovation constitute primary use for the funds. \$193,371 will go for additions to parking areas 24 and 36, and additional paving on the street between the tennis courts and the Southside Apartments.

\$7000 in damage done to lot 61 may also be paid out of the account. The damage, caused by heavy trucks used by on-campus contractors, may be repaired at the expense of the contractor, panel chairman Vergil Stover said.

Eugene Ray, director of grounds maintenance, presented a summary of parking lot construction and renovation for the next five years. \$130,850 in construction on eighteen lots is projected for 1976 in

rate per parking space at which recent lots had been constructed, possibly as many as one thousand parking spaces could be constructed with that money.

Total estimated parking renovation for the years 1976 through 1980 is \$453,650. Higher priority will be given to maintenance of present lots than building of new lots, Ray said.

About one half million dollars will remain from the fund after maintenance costs for the year are deducted. Stover suggested consideration of those funds for building of additional parking facilities. At the

report.

Any new lots would probably be constructed some distance from the main campus because of space limitations, Stover said. Such construction would probably be across Wellborn Road on the west portion of the campus.

# THE GREATEST SANDWICH

The greatest sandwiches in the Southwest are served from 11:00 a.m. to 1:30 p.m. each day Monday through Friday on floor 11M, Conference Tower. The greatness of these sandwiches is no accident. There are several types of meats and you can select your choice and mix or match any three pieces for your sandwich on the bread of your choice.

Two of the several types of bread are sour dough and baked fresh daily in our Duncan bakery. Further, these breads are prepared without shortening for the diet conscious guest. For the greatest taste tempting delight just make your sandwich exactly like you want it and pop it into one of the handy micro-wave ovens. This wonderful sandwich and a bowl of soup for only \$1.50 plus tax will place you on cloud 11M.

We agree this is a bit of a long story, but it is difficult to stop talking about our tasty sandwiches.

Open Sunday 11:00 A.M. - 1:30 P.M. for regular meal only.

"QUALITY FIRST"

# Brazos County sets blood drive for next week

The Brazos County Red Cross blood drive for November will be getting underway Monday.

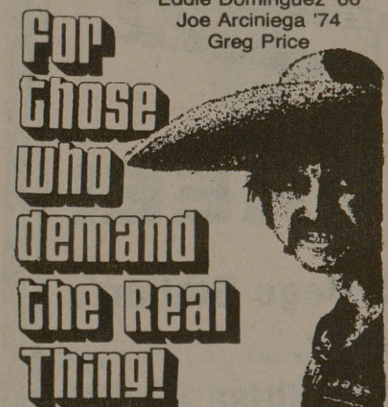

Bea Uvacek, co-chairman of the local blood program, says the Red Cross Bloodmobile will be set up in the A&M Consolidated School District Special Services Bldg. at 1300 Jersey St. on Monday and Tuesday from noon until 6 p.m. She said appointments to donate blood are recommended since the faculty and staff of the school district are scheduled to donate blood during both days.

Uvacek pointed out that, in order to keep sufficient blood available at all times, 200 units of blood are needed each month from Brazos County residents. The Red Cross blood program provides blood for Bryan and St. Joseph Hospitals.

Persons wishing to make an appointment to donate may call the Bloodline at 822-9107.
