**Ford's son designs youth marketing, travel programs**

Associated Press  
WASHINGTON — Jack Ford begins work today with a firm specializing in youth and convention travel.  
The President's 23-year-old son will work out of Washington as director of youth marketing and special programs for a New York-based travel firm.  
Press Secretary Sheila Weidenfeld said young Ford will be involved in developing programs for student travel and will coordinate production of a student guidebook to the United States.  
Young Ford is a graduate of Utah State University, where he studied forestry.  
His salary? That's "between Jack and his employer."

**Indian 'pay off'**

**Editor:**  
Recently I saw an article from the Associated Press in which the publication of a U.S. Army report on the battle of Wounded Knee, December 29, 1890, was to have bearing on a bill before Congress which would give "descendants" of the Wounded Knee victims \$3,000 each.  
The Army report denies any crime on the part of the Army in the matter of Wounded Knee. In fact, the Army historians have found that the Indians shot first and that the Army showed "compassion in the events leading up to the encounter." The report stands, of course, in opposition to the "Indian history," Bury My Heart at Wounded Knee.  
Actually, whether or not the Army of 1890 was at fault cannot be the basic question. The point which the Army and the Congress have both missed is that the present-day American Indian Movement, presumably the backing (if not physically, then ideologically) of the bill is composed of criminals and non-Indians who "took over" Wounded Knee, South Dakota in 1973. The revolutionaries had no recourse with the legitimate tribal leaders such as Dick Wilson, the chief of the Oglala Sioux, who was burned alive in his car before the revolutionaries came in.  
The Congress and the Army, then, should not attempt to "pay off" the ancestors of what may or may not have been a massacre, but to question the motives of these modern self-styled "warriors," such as Russell Means and Dennis Banks, as well as the motives of Senator Abourezk of South Dakota, who introduced the bill.

**STUDENT SERVICE FEES**  
Each semester, students will receive their fee slip and see a section entitled "Student Service Fee". Many students seeing this figure not know what it is. Student Service Fees were enacted into law by the state of Texas, and the following is a part of Vernon's Civil Statutes of State of Texas, Article 2654a, dealing with Student Service Fees.  
Section 4a. Each of the governing boards of the various institutions of higher learning covered by Section 3 of this article is authorized to charge and collect from students registered in said respective institutions, fees to cover the costs of student services which the said governing board decide necessary or desirable in carrying out the educational functions of the institution, such fee or fees to be either voluntary or compulsory as determined by the said governing boards. Provided, however that the total of all such compulsory Student Service Fees collected from all students shall not exceed Thirty Dollars (\$30) for any one (1) semester or summer session. Provided, however, no fee for parking services or facilities may be levied on any student except those who choose and desire to use the parking facilities provided.  
At Texas A&M, the Board of Regents sets the amount of Student Service Fees to be collected at a rate of \$1.65 per credit hour up to a maximum amount of \$19.80 per semester or summer session.  
Student Service Fees are used by the following A&M organizations or services: (1) MSC Student Programs Office and related programming, (2) MSC Town Hall committee, (3) MSC Great Issues committee, (4) MSC Political Forum committee, (5) TAMU Athletic Department, (6) TAMU Student Government, (7) Extramurals, (8) Intramurals, (9) Student Activities & Student 'Y' functions, (10) Student Publications (*Battalion*), (11) Shuttlebus, (12) the Student Lounge, (13) Student Handbook ("InRo"), and (14) Student Legal Advisor. In addition, a 5% portion (5%) is held in reserve for contingencies.  
The allocation of Student Service Fees at Texas A&M is a very involved process. Below, the steps for allocation are listed briefly:  
(1) Each organization or person requesting fees submits a budget request for the next fiscal year to the Student Service Fees allocation committee of TAMU Student Government.  
(2) The above committee holds hearings to consider the budgets and makes allocation recommendations to the Student Senate.  
(3) The Student Senate considers the recommendations, makes any necessary changes, votes on the final recommendations, and sends recommendations on to the Vice-President for Student Services or the Vice President for Business Affairs (depending on whose area jurisdiction the requesting organization fits in).  
(4) The Vice-Presidents consider the recommendations, make changes they see necessary, and send their recommendations on to the President.  
(5) The President considers the recommendations, makes changes he considers appropriate, and approves the final allocations.  
(6) The allocations are subject to approval of the Board of Regents in some instances.  
The amount of fees collected and allocated for this fiscal year (1975-1976) amounts to approximately \$939,000. Due to increased enrollment, it is estimated that \$1,078,000 in Student Service Fees will be collected for the fiscal year 1976-1977. Of this amount, 5% (\$54,000) being held in reserve, leaving \$1,024,000 available for allocation to the requesting organizations or services.

**DAY CARE CENTER**  
Progress is being made concerning Student Service's Day Care Center, but more response is needed to determine if there is a wide-spread desire for this service.
