

## Free movies at Grove

Free open air movies, unless there is rain in the forecast, are being shown at the Grove nightly throughout the summer. The Grove is located adjacent to West Gate.

Showtime is 8:30 p.m. and a cartoon feature is shown before each feature length film.

In case of rain, the film is moved indoors and the location can be obtained by calling the Student Programs Office at 845-1515.

## Swimming causes ear pain; warm, polluted water bad

Most people are aware of swimming dangers such as drowning. But there is one problem they may hear little about, especially if they have it — ear infections. Swimming can cause ear infections marked by hearing loss, pain, ringing in the ears and more, the Texas Medical Association (TMA) says.

An Atlanta, Ga., study shows swimmers are five times as likely to get ear infections as non-swimmers. Danger of infection increases if people swim in polluted waters or waters above 85 degrees Fahrenheit.

One of the main bacteria suspected of causing ear infections was found in 75 percent of non-polluted swimming waters about 85 degrees Fahrenheit. About 45 percent of swimming waters between about 60 and 85 degrees had the bacteria. Less than 35 percent of waters with temperatures below 60 degrees contained the bacteria.

The bacteria, pseudomonas aeruginosa, is not easily killed by chlorine so swimming pool waters

also may cause ear problems. In fact, data shows swimming pools may have more of the bacteria than other non-polluted swimming waters. The study stressed that this particular bacteria is not a proven cause of ear infections but it is highly suspect. Other bacteria also are associated with outer ear infections.

An easy way to avoid some ear infections is to thoroughly dry the ears after swimming. If some water is lodged in the ear, often placing the ear on a warm rock or a heating pad will cause the water to drain out TMA says. Drugstore variety ear plugs may provide some protection but are not totally effective. One home remedy involved mixing 1 teaspoon of white vinegar with 4 ounces rubbing alcohol. Put a few drops in each ear — only if someone does not have an ear disease. A physician can drain an ear, prescribe medicine to kill infection or relieve pain if there is a more serious problem.

## Moral victory in jogging

There were all sorts of winners in the Brazos Valley Joggers Club's 2nd annual Aggie Half Marathon, with everyone who showed up for the hilly 13.1 mile run in warm humid weather scoring at least a moral victory.

Jim Ewing, 37-year-old Texas A&M graduate student, was the first across the finish line, with a time of 1:13:08 for a pace of 5:34 per mile. The feat earned him a BVJC shirt, as both the top finisher and top non-club member.

Other shirt winners were Richard Adams, 23, top club member, with a time of 1:19:15; Tish Husak, top woman, 1:46:13; Bill Plapp, "over 40" category, 1:52:35; and Warren Brown, "18 and under" category, 2:20:41.

The half marathon, run Saturday

over a back-roads course east of College Station, had 19 finishers. Other participants and their times: Mike Christiansen - 1:27:07; Jon Epperson - 1:27:59; Tom Holzer - 1:31:30; Jacques Martin - 1:32:11; Rusty Rush - 1:36:06; Ron Wallace - 1:42:25; Harry Jones - 1:43:15; Mel Chastain - 1:44:41; Elvin Smith - 1:48:23; David Barrow - 1:52:24; Don Allen - 1:55:00; Robbin Schellhaus - 1:58:13; Jim Wild - 2:01:22; and Larry Ringer - 2:02:52.

Jennifer Rush turned in the best time, 7:05, in the club's one-mile "fun run." Mark Epperson recorded a time of 8:27 and Mike Ringer, 12:21.

The club's next outing will be June 5 when the featured event will be a five-mile open run, beginning at Kyle Field at 8 a.m.
