**ARE YOU A UNITARIAN WITHOUT KNOWING IT?**

- \*Do you believe the Bible to be an inspiring human document, rather than the literal "word of God"?
- \*Do you believe that man is not condemned by the doctrine of "original sin", but is inherently capable of improvement?
- \*Do you believe the development of character to be more important than the accepting of religious creeds?
- \*Do you believe the purpose of religion is to help us live this life nobly and constructively, rather than to emphasize the preparation for an after existence?

The Unitarian answers are affirmative. Join with other religious liberals who insist upon individual freedom of belief and the use of reason in religion.

**VI. Release of "Student Directory Information"**

Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is defined and referred to in this Act as "student directory information" (this is a category of information which does not refer necessarily to a publication known as a "directory"). The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.

A publication known as the Texas A&M University Directory or for any other name containing data classified as "student directory information" will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld.

Periodically the Registrar will publish official notice of the above policy so that students wishing to do so can make requests known to the Registrar (undergraduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of the requests received.

**VII. Destruction of Records**

Texas A&M University constantly reviews "education records" it maintains and periodically it becomes necessary to destroy certain records. In no case will the University destroy records if the action is prohibited by state and/or federal law.

Basic scholastic records are kept permanently in the Registrar's Office. Beyond these, the various departments and offices may determine their own policies regarding retention of records within existing law.

**VIII. Letters of Recommendation**

A. Students have the right to review confidential recommendations used in applications for employment or for admission through any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privileges of examination.

B. Under the Family Educational Rights and Privacy Act of 1974, the student does not have access to confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.
