### Volcanic Activity at Mount Baker

MENLO PARK, Calif. (UPI) — The U.S. Geological Survey says Baker Lake in northeastern Washington is receiving as much as several tons of acid a day from volcanic activity at Mount Baker.

Mount Baker, usually one of the quiet volcanoes of the Cascade range, began spewing dust and other gases in March. Acidic, mineral-rich water oozes from the lake.

A careful watch is kept on the lake to detect changes in activity.

**Student Rights to Challenge Records**

Students have the right to a hearing to challenge records and information directly relating to them. The challenge is restricted to inaccurate, misleading, or otherwise inappropriate records and information. The following procedures shall be followed:

A. Any student wishing to challenge records or information directly relating to him must notify the individual responsible for maintaining the record of the wish to challenge. The notice must be in writing and specifically identify the item challenged and the basis for the challenge. This written request must be filed in duplicate with the custodian of the challenged record.

B. All initial hearings will be informal and participants will be the custodian of the challenged records or information, the student and the author (if appropriate) of the material.

C. If any of the participants (record custodian, student and/or author) are not satisfied with the results of the informal hearing, a formal hearing will be conducted under the procedures adopted and published below.

1. The hearing will be conducted and the results decided within a reasonable period of time (seven business days) following the request for the hearing.

2. The hearing will be conducted, and the decision rendered, by an impartial official or other party who does not have a direct interest in the outcome of the hearing. The appointment of the official or party will be made by the Vice President to whom the record custodian reports.

3. The student will be afforded a full and fair opportunity to present evidence relevant to challenging the content of the educational records in order to insure that they are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. The hearing also provides an opportunity for correction or deletion of any inaccurate, misleading, or otherwise inappropriate data contained in the record and/or insert into the record a written explanation of the student respecting the content of the challenged record.

4. The decision must be rendered in writing to all interested parties within a reasonable period of time (seven business days) after the conclusion of the hearing.

All students (and former students) of Texas A&M University have the right of access to their education records for the purpose of review, with the exception of those records prohibited by the Act (see Section III).

**VI. Release of "Student Directory Information"**

Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is disclosed and referred to in this Act as "student directory information" (this is a category of information and does not refer necessarily to a publication known as a "directory").

A. The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.

A publication known as the Texas A&M University Directory is one type of periodical containing data classified as "student directory information." It will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld.

Periodically the Registrar will publish official notice of the above policy so that students wishing to do so can make requests known to the Registrar (under graduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of the requests received.
