MORE IMPORTED CRUDE OIL and petroleum products will be used in 1977 by the United States than in 1976, the Oil and Gas Journal predicted yesterday. The United States will demand 12.6 per cent more crude oil and petroleum products. Industry sources estimated natural gas consumption for space heating through December was up 35.7 t from a year ago.

MARIJUANA, packaged in burlap sacks and plastic trash bags, was estimated to be worth \$1 million after authorities seized the haul yesterday at a private home near Conifer, Colo. Six suspects were arrested

at the time of the seizure and are being held on conspiracy charge

ABOUT 10 PER CENT of the total number of workers employed nationwide in basic steel were off the job as of yesterday, according to the American Iron & Steel Institute. The layoff was because of sharp reduction in natural gas due to halted navigation on ice-covered rivers. One of the hardest hit mills was the U.S. Steel Corporation's Fair-field Works in Alabama, where operations may not be able to re-sume until March.

FEARFUL OF THE ORDEAL of a second trial, singer Claudine Longet decided yesterday not to appeal her negligent homicide conviction in the shooting death of her lover, pro skier Vladimir "Spider" Sabich. Miss Longet was sentenced Monday to 30 days in the county jail. LIQUOR BY THE DRINK is

again being reconsidered this year by the Kansas Legislature. Both sides on the liquor-by the-drink issue say the booze bill will never float in the legislature, where a two-thirds vote of each house is necessary to place the amendment on the ballot. The Rev. Richard Taylor, president

of the Kansas United Dry Forces, said lawmakers worry about re-election if they vote for

liberalizing state liquor laws. TWO-STORY-HIGH SNOW DRIFTS were piled up over parts of the snowbound Northeast today as new blizzards deepened a cold-triggered energy crisis that could cripple U.S. industry until summe More than 2½-million workers are idle and at least 70 persons have been killed in seven states by the latest onslaught of snow and bitter cold.

"The Addition" is a Student Serv-ices publication that contains information students need but cannot always get

Larry M. Ludewig, editor and administrative assistant for Student Services, said the newsletter was originally eight pages in length with a production cost of approximately \$850. It was intended only as an annual publication.

Both faculty and student response to the Fall 1976 edition was favor-able, Ludewig said.

'We decided to put out a Spring edition. It will be a shorter, fourpage version of the original, with 18,000 rather than 20,000 copies

'And if the response for this one is as good as the response for the last one," he said, "we might possibly consider publishing 'The Addition' three times a year—during the Fall, Spring, and Summer semesters." The Fall 1976 edition informed

students about changes in campus pet regulations, VA student registration requirements, and Univer-
