Lignite rights assure fuel supply

The Texas Municipal Power Agency (TMPA) announced today that it has obtained the lignite rights to approximately 11,000 acres of land in Grimes County from a firm known as Texas Lignite, Ltd.

City of Houston is 6 months late paying linen bill

United Press International
HOUSTON — The company furnishing clean linen every week to 70 fire stations has suspended service because the city is six months behind in paying its bill.

The city owes \$7,000 for October and November.

"If they can't pay the bill, we have to do something about it," said John Vanover, general manager of the National Linen Service.

Capt. C.W. Smith, fire department personnel officer, said the city is late in making payments because of a change in bookkeeping procedures.

Paul R. Cunningham, TMPA General Manager, said the 11,000 acres of mining rights obtained in the deal assures TMPA of adequate fuel supplies.

"The lignite covered by the Texas Lignite leases, together with the large reserves of lignite previously obtained in Grimes County by the TMPA, should provide the Gibbons Creek Steam Electric Station with enough fuel for the 30-year life of the facility.

"Needless to say we are elated with the agreement," he added, "because it realistically assures us of adequate fuel supplies."

The Gibbons Creek Steam Electric Station is due to go into operation in January, 1981.

Rock that is soft and comfortable.

Denim

Denim plays the kind of rock and roll that feels soft and comfortable.

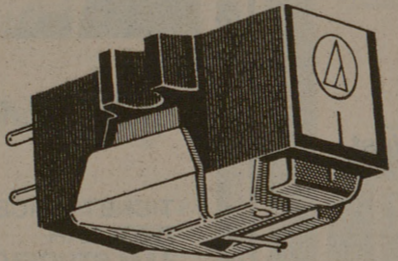

Maybe you've heard them, because they've been playing around Texas for a couple of years now, refining their music until they were ready to record their first album.

That album is now available, so give Denim a good, long listen.

Denim's debut album: "Denim." On Epic Records and Tapes.

QUALITY WITHOUT SACRIFICE

IF YOUR TURNTABLE'S CARTRIDGE IS WORN AND YOU WANT A QUALITY REPLACEMENT...

SOUND CENTER AND audio-technica.

HAVE THE ANSWERS!

The Audio-Technica 10, 11E, 12E and 125 are among the finest cartridges available. And when you purchase a cartridge from Sound Center, we'll reset the turntable's anti-skating, tracking force and install the cartridge at no extra cost.
