Triumph of the Will

Hitler placed 30 cameras and a crew of 120 at Leni Riefenstahl's disposal to produce the most spectacular propaganda rally the world had ever seen.

"There is no escaping the conclusion that 'Triumph of the Will' had an almost hysterical effect upon its audiences... not even the most prejudiced observer can fail to respond... one can only imagine the impact of such scenes upon a people who wanted fervently to believe in the God-like quality of their Fuehrer."
