Spanish moss may be used as pollution-detection device

United Press International
HOUSTON — Sophisticated sensing gadgets that measure pollution in the air already may be obsolete, outdoors by Spanish moss. Two scientists studying the stringy gray-green plant that crawls up the sides of trees say it appears to be good at collecting industrial pollutants like cadmium, manganese, mercury and lead.

and can then be detected through chemical analysis. They said concentrations of metals found in Spanish moss reflected the surrounding environment, and the ratios were comparable to those found by air monitoring machines. The future of Spanish moss as other biological environmental indicators will become increasingly important as air-borne metals become more and more pervasive and the cost of environmental monitoring systems continues to increase, they said.

OFFICIAL NOTICE
SENIOR RING ORDERING PROCEDURE
OFFICE OF THE DEAN OF ADMISSIONS AND RECORDS
To be eligible to order the Texas A&M ring, an undergraduate student must have at least one year in residence, credit for at least ninety-two (92) semester hours and be in good standing with the University. A year in residence may consist of the Fall and Spring semesters or one of the above and a full summer session (both the first and second terms). The hours passed at the preliminary grade report on March 23rd may be used in satisfying this ninety-two hour requirement. Students qualifying under this regulation should leave their names with the ring clerk, Room Seven, Richard Coke Building. This should be done prior to March 23rd in order for all records to be checked to determine ring eligibility. (Any student having completed ninety-two (92) hours at the end of the Fall '76 semester may order at any time. There is never a dead-line once the hours have been completed, with the exception of a monthly mailing date.) Graduate students are eligible to order with proof (receipt) that they have filed for graduation. Orders for mid-semester will be taken by the ring clerk starting March 23, 1977, and will continue until April 25, 1977. Students who do not place their order during this period may order after final grades are posted. All rings must be paid for in full when the order is placed. Please bring mid-semester grade reports along when ready to order. Anyone having failed to leave their names in advance and fail to bring grade report will be asked to return later to allow time for records to be checked. The rings should arrive at the Registrar's Office on June 28, 1977. All rings ordered, regardless of whether on March 23rd or April 26th will arrive at the same time. The ring clerk is on duty from 8 a.m. to 12 noon and 1 p.m. to 5 p.m. of each week, Monday through Friday. However, in order for records to be checked, orders must be placed prior to 11:30 a.m. and 4 p.m. We hope this information will be helpful and extend our congratulations.
Edwin H. Cooper, Dean Admissions and Records
Carolyn Wells, Ring Clerk

WANTED

OFFICIAL NOTICE
COLLEGE OF SCIENCE ENGLISH PROFICIENCY EXAMINATION
A MAKE-UP EXAMINATION for all JUNIORS and SENIORS in curricula of the College of Science who have not taken the English Proficiency Examination will be given on
TUESDAY, MARCH 29, 1977, at 7:30 p.m.
BIOLOGY Department Curricula — Room 113 BSBE
CHEMISTRY Department Curricula — Room 100 CEM
MATH Department Curricula — Room 204 ACAD
PHYSICS Department Curricula — Room 301
For information and guidelines on the nature of the examination, check with the departmental secretary.
In order to qualify as a candidate for a degree in the College of Science, each student must demonstrate an ability to express himself (or herself) in acceptable English. This requirement may be satisfied by (1) passing an examination in English composition (EPE) taken not later than the spring semester of the junior year, or (2) completing English 301 with a minimum grade of "C".
Any student who fails the written examination (EPE) must satisfy the English proficiency requirement by taking English 301 and earning a minimum grade of "C".
