Humphrey

(continued from page 7)
have fewer apprehensions about taking unfamiliar course work, and as a result it would allow for more individual variety and a broader base for each individual. On the average I see the A&M grading procedure as sound.
Are professor evaluations effective? How?
The professor evaluation is a sound idea, but at this time a combination of factors has rendered it

somewhat ineffective. Some individual questions asked are in substance, and even the answers can be obtained in questions many times, no conclusion can be drawn. The technical nature of the report lends itself to misinterpretation hence streamlining to an appropriate percentage of the sample is needed. The final evaluation should be easily understood by all students. Logistics of the data assembly distribution should be systematized and its responsibility given to an assigned committee. By doing more thorough canvassing of professors could be made and better distribution of information to the students assured.

SENIOR RING ORDERING PROCEDURE
OFFICE OF THE DEAN OF ADMISSIONS AND RECORDS
To be eligible to order the Texas A&M ring, an undergraduate student must have at least one year in residence, credit for at least ninety-two (92) semester hours and be in good standing with the University. A year in residence may consist of the Fall and Spring semesters or one of the above and a full summer session (both the first and second terms). The hours passed at the preliminary grade report period on March 23rd may be used in satisfying this ninety-two hour requirement. Students qualifying under this regulation should leave their names with the ring clerk, Room Seven, Richard Coke Building. This should be done prior to March 23rd in order for all records to be checked to determine ring eligibility. (Any student having completed ninety-two (92) hours at the end of the Fall '76 semester may order at any time. There is never a dead-line once the hours have been completed, with the exception of a monthly mailing date.) Graduate students are eligible to order with proof (receipt) that they have filed for graduation. Orders for mid-semester will be taken by the ring clerk starting March 23, 1977, and will continue until April 26, 1977. Students who do not place their order during this period may order after final grades are posted. All rings must be paid for in full when the order is placed. Please bring mid-semester grade reports along when ready to order. Anyone having failed to leave their name in advance and fail to bring grade report will be asked to return later to allow time for records to be checked. The rings should arrive at the Registrar's Office on June 25, 1977. All rings ordered, regardless of whether an order has been checked, orders must be placed prior to 11:30 a.m. and 4 p.m. We hope this information will be helpful and extend our congratulations.
Edwin H. Cooper, Dean Admissions and Records
Carolyn Wells, Ring Clerk

SPECIAL NOTICE

Should there be a mandatory attendance policy? Why or why not?
In the ideal student-professor relationship it should be the responsibility of the professor for the instruction of the course, and the responsibility of the student for own class attendance and academic performance. The student, who already paid to attend the university, should be able to exercise maturity in deciding whether attendance on a particular day is necessary.

Fleer

(continued from page 9)
in city or county government? how?
Yes! And it will be my election, to organize student representatives to the College City Council, Zoning Board, other city commissions. (It's that housing rents will stabilize unless students voice opinions and exert a little pressure on our local government.)

Would you be in favor of an A&M Systems student organization, in light of its narrow last year?
TAMU students' needs are different than those of Prairie A&M and Tarleton State University. Until the time arises when interests coincide, such an organization would be of little value. It is not necessarily against the creation of such an organization, but have a finite amount of time, energy and we must order priorities. There are more urgent issues at hand—number one, the aliation of the student voice in affairs.
