AN ACADEMIC TEAM from the Wildlife and Fisheries Science department won a national championship this past weekend. The team consisting of seniors Charles Meister, John Woodward, Sharon Rogers, Scott Lutz and Tony Gallucci won the title in Ft. Collins, Colo., by defeating the University of Idaho twice in the championship round of the Western Students Conclave.

AID to researchers this fiscal year surpassed the \$40 million mark in March, the second consecutive year that plateau has been reached at Texas A&M. Support valued at \$3,256,604 was received last month, placing the 1976-77 fiscal year cumulative at \$40,447,217, announced Dr. Robert Berg, university research director.

FIVE TEXANS have been named to the board of consultants for the new Center for Education and Research in Free Enterprise. Appointments were: James H. Galloway and Robert B. Little III of Houston, Rex B. Grey of La Grange, Felix R.

McKnight of Dallas and Norman N. Moser of DeKalb. The center, envisioned to be national in scope and impact, was formed in response to widespread concern for the future of the American economy.

AUTHORIZATION for only four polling places was given by the Student Senate for the Thursday runoff elections at the Senate's last meeting on April 5. These were the MSC, Sbsa, Commons and the Corps Guardroom. Election Commissioner Geri Campbell yesterday authorized the setting up of polling booths at Zachry Engineering Center and some shuttle bus stops. But she said the Election Commission will not take responsibility for manning the additional polling sites on such short notice. She asks that students interested in seeing that all these polling places are opened go by the Student Government office in MSC 216 today and tomorrow.

THE PROBLEMS of suburban life have caused an increase

number of teen-aged suicides, says the director of a suicide prevention agency in Dallas. In 10 years the suicide rate for males 15-24 has risen 91 per cent nationally. The same rate for females has risen 50 per cent. And suicide is the No. 2 cause of death for all persons in the 15-24 age range. Director Charles Vorkoper says suburbs don't offer enough community life, leaving especially the teenager in a vacuum unable to find help in times of crisis.

HEALTH OFFICIALS in Odessa say 24 Texas high school students and five chaperones exposed to a suspected case of meningitis had not contracted the disease which killed one of their classmates. Permian High School student Gill Harrold, 16, died Sunday after becoming ill on an annual backpacking excursion to New Mexico. Health officials said the disease was contagious, but only through direct contact.

OPONENTS of legislation to levy a tax of about \$1 billion a year on crude oil entering Texas refineries argue the tax would force refinery expansion to other

states. Rep. Jim Nugent, D-Kerrville, contended the tax, which would increase gasoline prices about 1.4 cents per gallon, ultimately would be paid by petroleum consumers, and said a large percentage of petroleum products refined in Texas are consumed in other states. The controversial proposal was discussed yesterday during a House Ways and Means Committee hearing.

REACTING STRONGLY to Soviet violations of its new 200-mile fishing limit law, the United States escorted a second Russian ship into port today and warned continued infractions could worsen relations between the two super powers. Announcement of the action came as the 275-foot stern trawler Taras Shevchenko and her 93-member crew arrived in Boston Harbor under Coast Guard escort. The Coast Guard alleges the trawler caught 50 tons of river herring — seven times the maximum permitted under its fishing license.

TEXAS A&M UNIVERSITY 1977-78 TOWN HALL SELECTION COMMITTEE QUESTIONNAIRE

The Town Hall Committee is conducting a survey to help in the scheduling of performances for the 1977-78 school year. The survey's purpose is to determine students' musical interests and to gather student input on programming. Town Hall is planning on presenting seven (7) concerts next year: five (5) Town Hall Series Concerts and two (2) Special Attractions.

1. Where would you first expect to find information about concerts here at A&M?
Circle one.

THE BATTALION POSTERS	MSC BOX OFFICE
RADIO (STATION _____)	BANNER-WALKWAY SIGN
	WORD OF MOUTH

2. What would be your idea of the ideal way to announce upcoming concerts-to get the information out to everyone?

3. In the past, has Town Hall done an adequate job of letting the students know who's coming in concert, and what type of performance they are presenting?
If not, how could Town Hall improve in this regard?

4. How often do you use the following media? Indicate letter for each:

A—once a day	B—once a week	C—less than once a week
