THE SAILING TEAM of Texas A&M won a regatta sponsored by the Southeastern Intercollegiate Sailing Association at Lake Somerville last weekend. The A team, Terry Gough and Julann Chiles, combined with the B team, Greg Shartz and Jon Solis, to win a total of 11 1/2 points. Rice University was second; University of Texas, third; University of Dallas, fourth; and Baylor did not show.

ELECTION RESULTS listed in yesterday's Battalion incorrectly reported the result of the race for College of Geosciences senator. Matt Hammer, with 56 votes, defeated Jeffrey Fink, with 44 votes, for that position. Hammer's name was left off the original election returns from which that story was written.

RESERVING the possibility of declaring a mistrial because of a juror's actions, District Judge Tom Cave yesterday decided to allow jury selection to continue in the murder trial of

millionaire T. Cullen Davis. In Fort Worth, the state district judge yesterday ruled jury selection would continue today, after meeting with attorneys a day and a half, trying to decide if an already-selected juror should remain on the panel.

IN SAN ANTONIO, a funeral home owner says he has plenty of space to bury a millionairess in her Ferrari and only needs final approval to comply with her request. Sandra Ilene West, 36, left a 1972 handwritten will requesting she be dressed in a lace nightgown, seated in the sports car "with the seat slanted comfortably" and buried next to her late husband, oil-cattle heir Ike West Jr., in the Alamo Masonic Cemetery.

THE FINEST state highway system in the nation will be assured with a \$528 million highway funding bill, Gov. Dolph Briscoe said. Briscoe signed the bill yesterday, making it the first major spending legislation of the session to become law.

DESPITE CRITICISM from business leaders, a Senate committee has decided to close the Texas Industrial Accident

Board's records to the public. In the 1973 Open Records Act the legislature opened the IAB's files, but labor protested that to allow public scrutiny of workmen's compensation claims would be to invite blacklisting of workers who once had been injured on the job.

ATTORNEYS for Patricia Hearst are asking an appellate court to overturn her bank robbery conviction on grounds a now-dead judge made the wrong decisions at her trial. Attorney F. Lee Bailey goes before the three-judge 9th U.S. Circuit Court of Appeals today to give oral arguments that the conviction should be thrown out. Bailey maintains the judge, who died of a heart attack three months after the trial, wrongfully admitted evidence about a shooting incident involving her a month after the robbery.

BABIES deliberately kept thin may develop habits of overeating that will make them into fat adults, said Dr. Samuel Fomon, professor of pediatrics at the University of Iowa. He dis-

agrees with the recently popular theory that keeping babies thin will prevent them from getting fat when they grow up. He told a conference that babies who are given skim milk do not get enough calories, try to eat more in volume to make up for the lack and get used to distending their tiny stomachs.

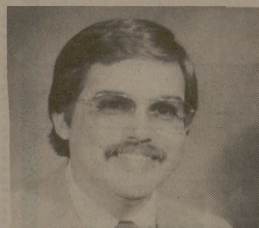

JUDY CARTER, the wife of President Carter's son Jack, suffered a miscarriage last night, but White House officials said she was in good condition. The First Lady, along with daughter Amy and grandson Jason — Judy and Jack's first child — were at the mountaintop retreat and rode with Judy, 28, to Bethesda Naval Hospital outside Washington.

DAVID OWEN, British Foreign Secretary, met with Prime Minister John Vorster today to discuss ways to bring about a peaceful transfer of power to the black majority in white-ruled Rhodesia. Owen also planned meetings today in Cape Town with Rhodesian Premier Ian Smith. Officials said no joint meeting between the three men was scheduled.

The Teachings of Jose Cuervo.

(as excerpted from Chapter 27 of The Book.)

Yes, Chapter 27, wherein it says that Jose Cuervo is not only the original, since 1795, supreme, premium, ultimate white tequila. But, goes on to say that Jose Cuervo, as the ultimate, is also the ultimate mixer.

CAUTION:

Before you buy a deodorant tampon, read the "caution" on the package. It tells you to discontinue use and consult your physician if irritation develops or if you have a history of sensitivity or allergies. Now, ask yourself if you want to take this risk with your body.

There is no warning on a Tampax tampon package

You won't find any warning on the Tampax tampon package. A deodorant, or cover-up scent, which may cause allergic reactions or be harmful to delicate tissues is unnecessary. When a tampon is in use, embarrassing odor does not form. So why take chances with something that isn't needed?

What's more, the Tampax tampon container-applicator — like the tampon — is flushable and biodegradable. It's as safe to dispose of as a few sheets of facial tissue. You can't say this about plastic applicators. And unlike some other tampons, Tampax tampons expand in all three directions — length, breadth and width — to adjust to your inner contours so that the chance of leakage or bypass is minimal.

No wonder Tampax tampons are the #1 choice of millions of women around the world.
