Reward offered in bombings

United Press International
GOLDEN, Colo. — A reward has been offered for information leading to the conviction of any person in the New World Liberation bombings against the A-10 Co.

Bombs have been left at independent Coors distribution since July. The NWLF has credit for the bombs, only which exploded.

A Coors spokesman said ward will be paid to any other than law enforcement nel, who provides information to the arrest and conviction any person involved in the or future bombing attempt.

The company hopes the incentive will aid law enforcement officers who are currently investigating the incidents, spokesman said.
