II. Student Access to Education Records
All students (and former students) of Texas A&M University have the right of access to their education records for the purpose of review, with the exception of those records prohibited by the Act (see Section III).
A. Students have the right to obtain copies of records relating to themselves at the expense of the student. The reproduction charge shall not exceed the actual cost to the University.
B. The University will respond to all requests for explanations and interpretations of records or information, provided the response is not in violation of this Act.
C. The Act provides that a student may waive his right of access to confidential letters of recommendation in the areas of admissions, job placement and receipt of awards. Students seeking employment through the University Placement Office may have signed such a waiver. Information concerning the status of such waivers may be obtained from the Director of Placement. Consent to release personally identifiable information, such as rank in class, personal conduct, grade point ratio, academic progress, etc. to non-authorized personnel (see Section IV) should be obtained from the student by individuals releasing such information.

III. Records Not Accessible to Students
A. Instructional, supervisory, and administrative personnel records and educational records pertaining thereto in the sole possession of the author and not revealed to any person other than a substitute (i.e., grade books, notes of observation and notes for recollection purposes).
B. Records of a student in the custody of the Office of University Police, provided they are maintained solely for law enforcement purposes, and are made available only to law enforcement officials of the same jurisdiction.
C. Employment records of a University employee who is not a student.
D. Records and information on a student maintained by a physician, psychiatrist or psychologist employed by the University. These records and information will be made available to a physician or other appropriate professional of the student's choice.
E. Financial records of the parents of a student and any information contained therein.

IV. Authorized Non-Student Access to Student Records
Under the following circumstances and to the following people, educational records (or personally identifiable information within a record) may be released without the written consent of the student:
A. Officials, faculty, and staff employed by Texas A&M University, if they have a "legitimate educational interest."
B. Officials of other educational institutions in which the student intends "or seeks" to enroll, provided the student is notified of what is being released and given a copy if desired.
C. Authorized representatives of the Comptroller General of the United States; the Secretary of Health, Education and Welfare; administrative heads of educational agencies; or state educational authorities.
D. Individuals needing this information in connection with a student's application for, or receipt of, financial aid.
E. State and local officials to whom state laws (in effect on or before November 19, 1974) require information to be reported.

tion Board in connection with developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, but such organizations must not show the personally identifiable information to outsiders and the information will be destroyed when no longer needed for audit, evaluation, and/or enforcement of federal legal requirements.
G. Accrediting organizations.

H. Parents who certify a student is carried as a dependent for federal income tax purposes. This certification must be ascertained by the University office concerned. (It would include such items as grades, transcripts, financial aid and probation reports.)
I. Appropriate persons, if the knowledge of such information is necessary to protect the health or safety of the student or other persons.
J. Individuals requiring such information by means of a judicial order or any lawfully issued subpoena, upon condition that the student is notified by the University of all such orders and subpoenas in advance of compliance.

V. Student Rights to Challenge Records
Students have the right to a hearing to challenge records and information directly relating to them. The challenge is restricted to inaccurate, misleading, or otherwise inappropriate records and information. The following procedures shall be followed:
A. Any student wishing to challenge records or information directly relating to him must notify the individual responsible for maintaining the record of the wish to challenge. The notice must be in writing and specifically identify the item challenged and the basis for the challenge. This written request must be filed in duplicate with the custodian of the challenged record.
B. All initial hearings will be informal and participants will be the custodian of the challenged record or information, the student and the author (if appropriate) of the material.
C. If any of the participants (record custodian, student or author) are not satisfied with the results of the informal hearing, a formal hearing will be conducted under the procedures adopted and published below:
1. The hearing will be conducted and the results decided within a reasonable period of time (seven business days) following the request for the hearing.
2. The hearing will be conducted, and the decision rendered, by an institutional official or other party who does not have a direct interest in the outcome of the hearing. The appointment of the official or party will be made by the Vice President to whom the record custodian reports.
3. The student will be afforded a full and fair opportunity to present evidence relevant to challenging the content of the educational records in order to insure that they are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. The hearing also provides an opportunity for correction or deletion of any inaccurate, misleading, or otherwise inappropriate data contained in the record and/or to insert into the record a written explanation of the student respecting the content of the challenged record.
4. The decision must be rendered in writing to all interested parties within a reasonable period of time (seven business days) after the conclusion of the hearing.

VI. Release of "Student Director Information"
Information on students, such as date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, is defined and referred to in this Act as "student directory information" (this is a category of information and does not refer necessarily to a publication known as a "directory").
The information mentioned above will be released by various campus offices periodically or upon request unless the student requests in writing that specific information be withheld.
A publication known as the Texas A&M University Directory is one type of periodical containing data classified as "student directory information." It will contain the student's name, address, telephone listing, major field of study and classification unless the student requests that part or all of the data be withheld.
Periodically the Registrar will publish official notice of the above policy so that students wishing to do so can make requests known to the Registrar (undergraduates) or the Dean of the Graduate College (graduate students). After the official notice has been published, the Registrar will inform offices concerned of the requests received.
VII. Destruction of Records
Texas A&M University constantly reviews "education records" it maintains and periodically it becomes necessary to destroy certain records. In no case will the University destroy records if the action is prohibited by state and/or federal law.
Basic scholastic records are kept permanently in the Registrar's Office. Beyond these, the various departments and offices may determine their own policies regarding retention of records within existing law.
VIII. Letters of Recommendation
A. Students have the right to review confidential recommendations used in applications for employment or for admission to any educational agency or institution, or information concerning honors awarded, except when the student waives, in writing, the privilege of examination.
B. Under the Family Educational Rights and Privacy Act of 1974, the student does not have access to confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if the letters or statements are used for purposes for which they were specifically intended.
IX. Former Students
These procedures apply to all persons formerly enrolled at Texas A&M University as well as to those currently enrolled.
