Special session unlikely representative says

United Press International
AUSTIN — Rep. Joe Hubenak, D-Rosenberg, a candidate for agriculture commissioner, says he does not think Gov. Dolph Briscoe will call a special legislative session to pass a constitutional amendment giving tax breaks to farmers.

Speaking Saturday on the weekly radio interview show, "State Capitol Dateline," Hubenak said he does not think a tax break on agricultural land

will be approved until the next regular session in 1979 and will not take effect until 1980.

"The biggest problem in Texas agriculture today is a word called profit," he said. "I think a lot of it is the fault of the federal government because it pulls down much of our market with embargoes, tariffs and quotas."

Hubenak said farmers who joined the nationwide strike are not asking

for more government subsidies but want an opportunity to make a profit and to discontinue government involvement in agriculture. "They want to get the government out of their business and let them find their marketplace," Hubenak said.

"They're asking for 100 percent parity based on the opportunity to sell in the marketplace without government constraints — you give me and I'll sell to you without the government sitting in the back of the saying 'can you do this?'"

"You'll never get the governor to completely out of it, but you can legislate a farm bill that will give access to those markets," he said. "We want to sell to Belgium, we want to sell to Japan, or even to the 1 enemy of Russia, then we'll be able to do it without the government making the policy," Hubenak said.

Hubenak also said incumbent agriculture commissioner Gene Brown is ineligible for the office because he never has been a farmer.

Hubenak, 40, chairman of the House Agriculture and Land Committee, said state law requires the agriculture commissioner be an "experienced and practical farmer."

"I'm the only man in the state who qualifies in that capacity as a farmer or rancher," said Hubenak, who said he has been a farmer for life, contended Brown does not have the qualifications to be state agriculture commissioner.

"Unless you've worked in a field that has picked those eggs, milked those cows, you can't begin to understand agriculture policy," Hubenak said.

Century Singers sponsor dance at Lakeview

A back-to-school dance at Lakeview for Texas A&M will be hosted Tuesday, Jan. 17, by the Century Singers.

Dennis Ivey and the Waynes will play for the 8 p.m. to 12 p.m. dance. Tickets, available at the door, will be \$2 per person.

The Century Singers, a choral group, is sponsoring the dance to raise funds for uniforms. "Students won't be too tied up with studies, so they can come and have some fun," a spokesman said.

in order to receive testimony concerning Volume I, Basic Data Report, of the Water Quality Management Plan for the Brazos Basin. This document is the first of two volumes which, upon completion of Volume II, will form the Water Quality Management Plan for the Brazos Basin. Volume I, Basic Data Report, includes information on existing wastewater treatment facilities; existing water quality; existing land use patterns; existing population; and projections of economic growth, population, and probable land use patterns. Volume II, Plan Summary Report, will present the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II will be descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Brazos Basin is being developed to satisfy the requirements of Section 208 of the Federal Water Pollution Control Act Amendments of 1972, and pursuant to Title 40 Code of Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process.
