"We're the best damn outfit off the campus."

To paraphrase the boasting of our beloved Corps of Cadets in which we're proud, we believe we're the best apartment complex in Aggieland. Not only do we have attractive one, two, and three bedroom apartments with loads of closet space, all-electric kitchens, individual heating and air conditioning, but we have our own lighted tennis courts, supervised intramural activities, social functions and 24-hour maintenance. Just ask anyone who lives at the Viking. They'll tell you we have the

best and fastest maintenance crew anywhere, and the friendliest, most considerate property managers in Aggieland. After all, "We're the best damn outfit off the campus." Come live with us! Happiness is living at the Viking. Call Jean or Shirley today.

'Money of your life'

United Press International
LONDON — Society may like to think about it in those but there are times when it is monetary value on human life. Two Scottish researchers, I. Card and Dr. G. H. Moore, arrived at this conclusion after studying the workings of the Health Service, which has resources and thus must make decisions on how much it can spend in specific cases. This, said the authors, "places a monetary value on life." The examples they cite are wide variations in what life is in money terms — as little as 100 pounds (\$95) in a screening of women to prevent stillbirths, 1968 to \$47 million in a cancer of the large bowel caused by the American Cancer Society. In the 1968 example it was estimated that if maternal concentrations were screened, the cost per stillbirth averted was a maximum of 50 pounds. In 1971, the British government decided not to proceed with child-proofing of drug containers. The article says that when all factors are considered this decision valued a child's life at under 1,000 pounds (\$1900). In 1969, the fitting of cabs to farm tractors to reduce mortality risk for drivers was compulsory. The national cost was estimated at 4 million pounds (million) for a saving of about 100,000 pounds (\$190,000) life. The authors say that these yardsticks for the value of diagnostic tests in dollar terms, but difficult to quantify pain and suffering. In this connection they mentioned a report on a sequence of tests approved by the American Cancer Society to exclude cancer of the large bowel. "The suggestion of putting a monetary value on human life at first sight seem repulsive," the article said. "Life, it is often said, is precious but this belief springs from a misunderstanding and depends on what making the judgment. If someone we loved was kidnapped and had won 100,000 pounds (\$19 million) on the football pools we should be prepared to hand over all our money to save a life. "But the health service has limited resources of some 5.4 billion pounds (\$9,990 billion) and the responsibility for the health care of 10 million people cannot value a life at this figure.

McDonald's INTRAMURAL HIGHLIGHTS

Take me out to the ballgame

April showers bring May flowers, and the spring semester brings softball. Entries for slow pitch softball open today, January 30, and will close February 7. Competition will be round robin league with single elimination playoffs in Classes A, B, and C. There will be several divisions: Corps, Fish, Men's and Women's dorms and independent, and co-rec. A recreational, just-for-fun, league of round robin play is being organized in one skill level. This means no officials, no playoffs, and no awards; just a good ole time. A mandatory team manager's meeting will be held February 9, 1978 at 5:15 pm in room 601, Rudder Tower. Schedules will be handed out at the meeting; so, if your team wants to play, you have to have a representative there.

"I SPY'S" PARTICIPANT OF THE WEEK

Marline Carter puts "the block" on her shorter but determined opponent Cindy Felderhoff. Both Marline, of the Shorties, and Cindy, of the Little Swishers, are participants in Co-Rec basketball.

On their way

Basketball is starting its third week of play today, and as of last Friday, most teams had played their first game. The roundballers have great spirit this season. The routines are going smoothly and everyone seems to have their schedules. The courts are filled with action every Sunday through Thursday from 5:00 pm through 12:00 midnight. This year there are 558 teams competing in the round robin leagues, 40 of which are women's teams; an exciting increase over last year. According to the facts and figures, there are only four less men's teams this year than there were total teams last year; and co-rec teams have almost doubled. All in all, there are 110 more teams participating in the 1978 season than in 1977. Basketball will be in play for the next seven or eight weeks and spectators can watch the exciting action in G. Rollie White. Cheering sections are always welcome. Don't forget all team members must show an A&M ID to be eligible to play.

IM SPORT SHORTS

ENTRIES OPEN:
Table Tennis Singles January 30 — February 7
Slow Pitch Softball January 30 — February 7

ENTRIES CLOSING:
Fencing January 31
Handball Doubles January 31

PLAY BEGINS:
Horseshoes January 30

TEAM MANAGER'S MEETING:
Slow Pitch Softball team manager's meeting will be held on Thursday, February 9, at 5:15 pm in room 601 Rudder Tower.

Table tennis: something new

It's the Grand Slam! It's the peak of the season! It's table tennis singles. Entries and opening today and will close February 7. Entry forms and copies of the rules are available in the IM Office. Schedules can be picked up Thursday, February 9.

Table tennis will be in three classes: Class A is highly skilled and competitive, Class B is moderately skilled and competitive, and Class C is casual and all for fun. There will be a champion in each class each of which will receive a t-shirt as his award. There are men's and women's divisions.

Games will be played in room 256 at G. Rollie White Coliseum. Paddles and balls can be checked out from the official. Tournament play begins Monday, February 13. So, sign up, practice up, and serve up. It's all in the name of fun!

Intramural Soccer: something old

For all you soccer buffs, you might be interested to know that the intramural soccer season is not quite over yet. The men's semi-final All-University playoffs were held last Sunday, January 29. The men's final All-University games for Classes A and B are scheduled for Sunday, February 5, if the weather is favorable. Class A will play at 3:10 pm on field 1, while Class B competes at 2:10 pm on field 1. All games will be played on the fields at the front of the campus (East Gate). Spectators are welcomed to see the excitement and competition.

Big Break

Do you want your team written up on this page? Then write an article on your team and its games bring the information to us and our journalist will write it up for you. Bring the manuscript to the IM Office and be sure to include your name and phone number and the name and number of the team manager. If we use it, we'll give you five BOG (BE Our Good cards which are redeemable for food items at McDonald's).

IM picks

Well, our daring doer has done it again. Here is how this brave soul sees it on the soccer fields:
Class A - Central America
Class B - Mexico

Ref's Corner
