

hot time in College Station

Nothing could be worse than spending a blistering afternoon in a rubber suit and boots learning to fight fires. But these dedicated men and women from around the state are doing just that at this, the 49th annual Firemen's Training School.

Data Communication Engineers

Texas Instruments is seeking engineers and computer science personnel to work in a ground floor opportunity. Successful candidates will be working as members of our Communication Systems Team to develop advanced data communications and networks.

Requirements are formal course studies and research in one or more of the following areas:

- Packet switched networks
- Queueing theory
- Digital communication techniques
- Minicomputer and microprocessor software
- Host computer interface
- Communication protocols
- Intelligent terminal design
- Discrete simulation techniques

Education:

- MS in Electrical Engineering or Computer Science
- PhD preferred

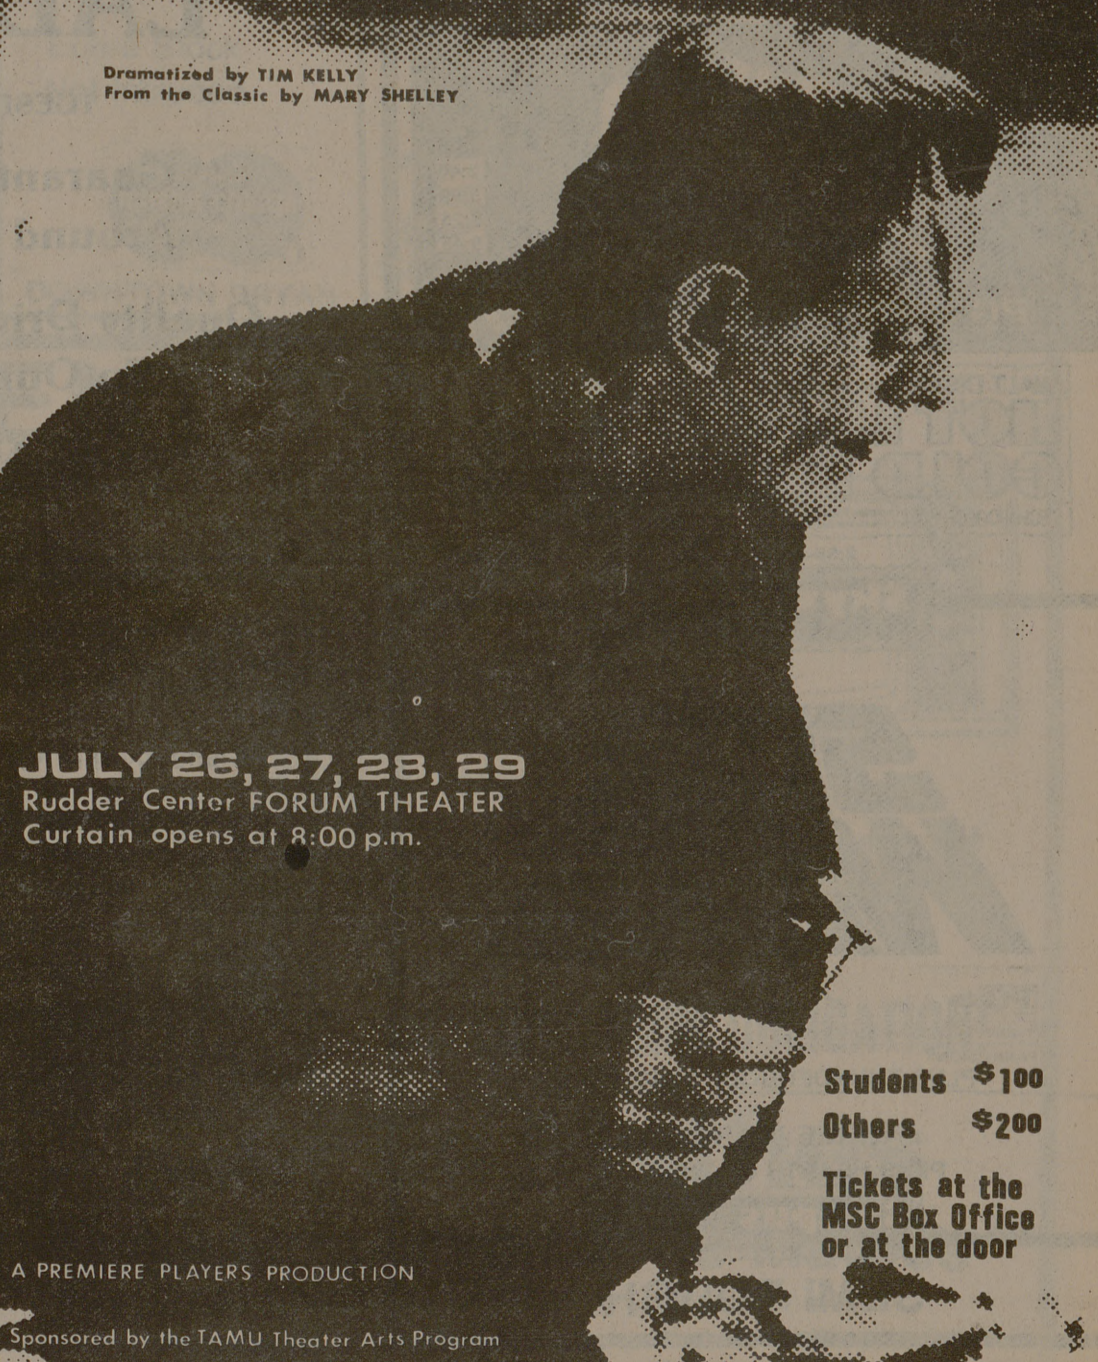

Send your resume to: Texas Instruments Incorporated/P.O. Box 1444, M.S. 7741, Dept. 7253/Houston, TX 77001.
